How Scovill's 1948 Sales Dollar Was Divided

Retired Folks Plan Monthly Meetings

An Open House party for all Scovill retired employees was held at the SERA Clubhouse on Tuesday, March 1. Despite the heavy snowfall, thirteen of the invited guests attended.

An afternoon of visiting with former coworkers, seeing a movie on activities at Woodtick, and light refreshments was enjoyed by all.

Plans were made to hold informal get-togethers once a month—to be on the first Tuesday of each month—at the Clubhouse with "just visiting", card or bingo games, a movie and refreshments on the program.

All retired employees are invited to drop in on the first Tuesday of each month (from 2 to 5 p. m.). Come in when you can, stay as long as you like, and leave when you like.

(Continued on Page 6, Column 1)

Two Retirements

Bridget Griffin and Martin Stack have been placed on the Special Retirement List.

Bridget Griffin

Bridget Griffin, Press I, has been placed on the Special Retirement List as of January 3, 1949.

First hired to work for Scovill on November 17, 1915, Bridget worked intermittently until 1921 when her continuous service record started. She has always been a press operator in Press I.

Martin Stack

Martin Stack, Wire Mill, has been placed on the Special Retirement List as of February 28, 1949.

With the Wire Mill since September 9, 1911, Mr. Stack has been employed as an annealer, utility man and since 1941 has been a floorman.

What Happened To The Income Received By Scovill

	1948	1947
Sale of products, services and other income	\$80,853,380	\$77,134,833
We paid for materials and purchased items	36,220,382	32,271,762
Leaving	44,632,998	44,863,071
Which was used as follows:		
Wages and related insurance and taxes	35,367,349	34,380,341
Wear of buildings and machinery	2,374,245	2,008,922
Taxes, except social security	3,632,758	4,155,803
Dividends to stockholders	2,746,977	2,753,776
Added to investment in business	511,669	1,564,229
	\$44,632,998	\$44,863,071

How Did We Do?

Scovill employees have a vital interest in the operations of the Company. We present elsewhere on this page a "pie" chart showing how the 1948 sales dollar was divided. This is the all-inclusive sales dollar—from American and foreign divisions. It is to be noted that out of each dollar received from sales only four cents was saved to be used in the business and to be paid in dividends.

There is also shown a comparison for the years 1948 and 1947. This table shows what happened to the total 1948 income received by Scovill as compared with the same figures for 1947. This comparison is also for the whole Company.

It will be noted that although total sales were greater in 1948 than in 1947—so was the cost of materials and purchased items. The amount left for distribution to other items was slightly less in 1948 than in 1947.

Wages, salaries and related insurance and taxes paid in 1948 exceeded those of 1947 by nearly \$1,000,000.

There was set aside more allowance for depreciation of buildings and equipment in 1948 than in 1947 because we have added a great deal of value in buildings and equipment during the past year.

Total taxes (outside social security) were less primarily because our profit was less in 1948 than in 1947.

Our profit (the sum of dividends paid and amount added to investment in business) was \$1,059,359.00 less in 1948 than in 1947. This is not

satisfactory. All our jobs depend upon a well-maintained, well-equipped modern plant and facilities. This requires continual reinvestment of profit in the business. Our stockholders who invest their money with us, expecting to be paid for its use, can be paid only from profits.

All in all, we must do better in the future. Your management has confidence in the Company's continuing success.

The Morency-Van Buren Division in Michigan was closed to manufacturing during the year. The production was transferred to the modernized facilities of the Waterville Division, Waterbury.

In addition, many millions of dollars have been spent for development, buildings and modern equipment at the Main Plant, Waterbury.

These moves furnished additional local employment opportunity.

We believe the tools and facilities furnished for the use of employees to be among the best. Our success will depend upon their effective use.

New Assignments

Mr. W. H. Machin, superintendent of the Tool and Development Division, has issued the following:—

Effective March 1, 1949, Mr. Leiland W. Krake has been appointed Assistant Foreman of the second shift in the General Training Room #1. He will be responsible to Mr. W. J. McGrath, Foreman.

Two Forty-Year Awards Presented

Elizabeth Leabey, inspector in Packing A (upper photo) is shown after having received her 40-year continuous service award from President L. P. Sperry. On hand to offer their congratulations were: Foreman Charles Pulford, and General Foreman Leon Mayshaw.

The lower photo shows Rudolph Schneider, Production Manager of B & F Production, receiving his 40-year continuous service award from President L. P. Sperry. Vice-President in charge of Manufacturing H. W. Wild looks on.

The American Red Cross

The annual Red Cross Drive for funds started on March 1 and will continue until March 12. By the time you read this message, the drive will be nearly over. You may be interested in knowing something about this national and international organization.

The governing body is known as the Central Committee and is comprised of eighteen persons—six elected by chapter delegates, six elected by the Board of Incorporators and six appointed by the President of the United States. The last third includes the Chairman and representatives of the State, War, Navy, Treasury, and Justice departments.

The local chapter is a unit of the American National Red Cross. It receives its charter from the national organization and is responsible for all local phases of national obligations and all local Red Cross activities, within its territory.

The American Red Cross with its manifold services is dependent on public contributions. The War Department audits all Red Cross accounts and submits annual reports to Congress. Copies of the reports are available to the public.

This organization has shown its worth innumerable times and is ready at a moment's notice (when floods, fires, or other disasters of magnitude hit our community, state or nation) with relief that is sorely needed.

This organization merits your financial support. Please be generous.

Do We Have Your Correct Address?

If you have moved recently, be sure your timekeeper or supervisor has been notified of the change in address. This is for all Company records.

To assist mail carriers in delivering your copy of *THE BULLETIN*, be sure your name appears on the mail receptacle at your address.

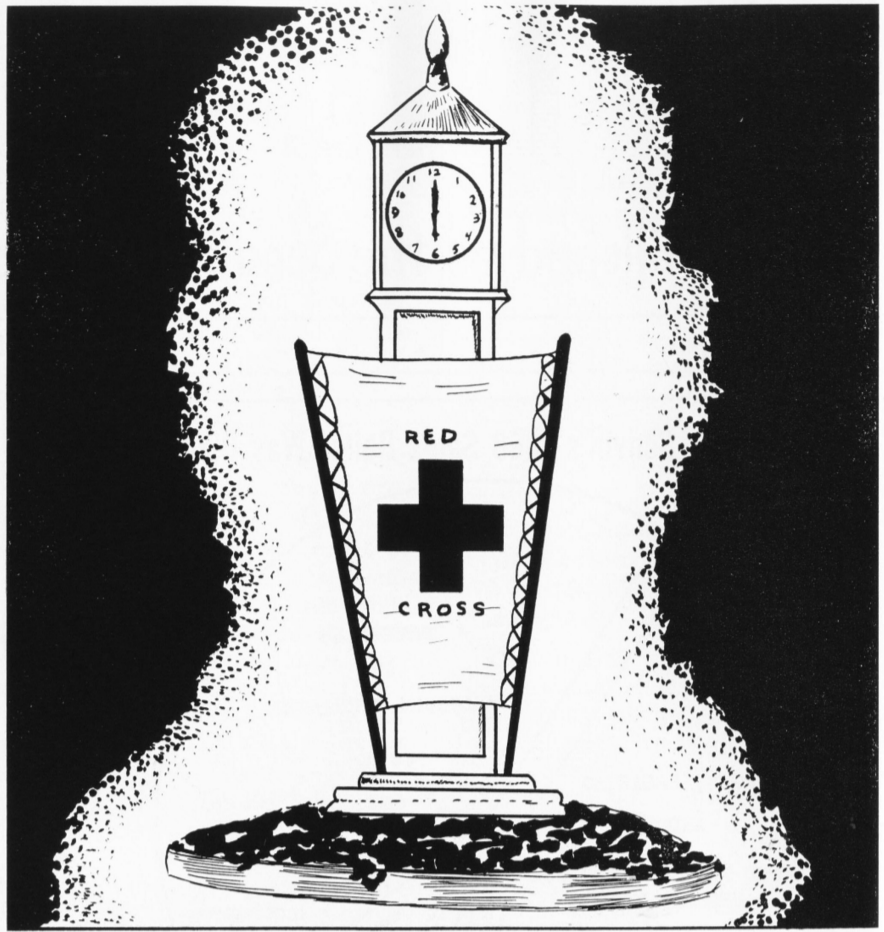

New Carrier For Acid Bottles

As a precaution against acid injuries (due to acid dripping from a bottle or accidental breakage of the bottle) the Casting Shop had special metal containers made up in which to safely carry and handle bottles of acid.

Whenever acid is regularly transported by hand in glass containers, they should be enclosed to give protection to the carrier and to passers-by.

Bill Nagle, of the Casting Shop, displays one of the containers above—a very simple device which does the job safely.

TIME TO GIVE

DE ZINNO

Social Service and The Sunshine Fund

During the year 1948, our Social Service Department has given financial assistance to 146 active employees and their families. In addition, 31 of our Retired Employees were aided by the Sunshine Fund.

The services of the Department are available to all employees who need assistance in solving personal problems or economic problems resulting from illness of the wage earner.

Any employee who, because of illness, is out of work may notify the Social Service Department either through his foreman or by personal call from a member of his family. The financial needs are discussed with the Social Worker on an individual basis.

The assistance plan (which is of a temporary nature) includes rent, food, fuel, clothing and any other essential item which might be needed in a particular family. The current weekly needs only are considered in making financial plans.

Long illnesses necessitating an indefinite period of assistance are referred to a local or state agency. The Red Feather Agencies in our community cooperate with us—giving their specialized services to work out the best possible plan for the individual or his family whenever there is a social or health problem in addition to a financial need.

Upon referral to another agency, the services of the Sunshine Fund are discontinued since it is more satisfactory to the family to have but one agency working with it on its problems.

The employees' problems are kept in strict confidence and anyone in need of assistance should feel free to call at the office to discuss his social, health or economic situation.

Scovill Social Worker Mrs. Marie S. Hayes is located in the Spencer Block.

The Sunshine Fund Committee is made up of:—Chairman Milt Burrall, Marie Hayes, Sherman G. Hickox, Ray Kasidas, Mollie Kelly, Jennie Trunciale, and William L. Wells.

Sunshine Fund Expenditures

Jan. 1—Dec. 31, 1948

Rent and Board	\$ 651.66
Shoes, Clothing	98.37
Medicine	204.11
Food, Milk	3,221.64
Utilities	74.12

Funeral Expenses	250.00
Nursing Care	412.00
Total	\$9,308.86

Katherine Incorvia

This young lady is Katherine Incorvia who recently graduated from kindergarten to the first grade. She is attending Sacred Heart School, Brooklyn, New York. Emanuel Petino, Scrap Processing, is her god-father.

General Training Course Graduates During Month Of February

1. Lawrence Sweeney graduated from the General Training Course as a Toolmaker on February 27, 1949. He has been assigned to the A.S.M. Tool Room. He attended Commerce High School in New York City and served in the Army during the last war.

2. George Dunbar graduated as a Machinist on February 27, 1949. He has been assigned to the Button Tool Room. George is a graduate of New Haven High and served in the Army.

3. James Zibluk completed his training as a Machinist on February 27, 1949. He has been assigned to the West Machine Room. A graduate of Seymour High School, James had served with the Coast Guard.

4. Sherwood Boulanger graduated as a Toolmaker on February 13, 1949. He has been assigned to the Mfg. Tool Room. Sherwood graduated from Leavenworth and is an ex-Navy man.

5. Edmund Joyce graduated from the Training Course as a toolmaker on February 6, 1949. He has been assigned to the Hot Forge Tool Room. He attended Leavenworth High School and is a World War II veteran.

6. Raymond Faber graduated as Toolmaker on February 27, 1949. He has been assigned to the Model Room. A graduate of Leavenworth, Ray served in the Army.

7. Donald Vance completed his training as a Machinist on February 27, 1949. He has been assigned to the West Machine Room. He attended Leavenworth High School and was in the Army during the past war.

8. Thomas Addona graduated as a Machinist on February 6, 1949, and has been assigned to the Button Tool Room. He attended Leavenworth High School and was in the Navy.

9. William Mulligan completed his course as a Toolmaker on February 13, 1949. He has been assigned to the Button Eyelet Room. Bill was in the Army during World War II.

IRA Rifle

By John Degnan

On Thursday, February 24, the SERA Team defeated Waterbury Company's team, 930-902.

For that evening Degnan shot a total of 187, Rosengrant—187, Slocum—186, Minicucci—186, and Robinson—184.

Harold Slocum, Fran Robinson and Fran Minicucci are still the big three in scoring on the Varsity Team. They are closely followed by Dick Rosengrant and H. Hendricksen.

The team's average to date now stands at 923.

The Bowling Ball

Scores Are As of February 28

	Wins	Losses

Bowling Sweepstakes

Winners in the SERA 6th Annual Bowling Tournament, held on Saturday, February 26, at Sena's Alleys, were:—

CLASS A—MEN. High Single—J. Sakalas, 147; D. Paternostro, 142. High 3—J. Iagrossi, 398; V. Douglas, 381.

CLASS A—WOMEN. High Single—E. Therildsen, 112; M. Muroff, 110. High 3—N. Genova, 339; R. Malley, 300.

CLASS B—MEN. High Single — Armond Fisher, 133; V. Polzella, 128. High 3—C. Malon, 370; R. Morse, 350.

CLASS B—WOMEN. High Single—F. Landry, 102; J. Cosgriff and H. Jacovich, 100. High 3—H. Rakauskas, 295; R. Tourangeau, 290.

CLASS C—WOMEN. High Single, M. Nardella, 86. High 3, S. Bodziach, 286.

Pinochle Tournament

Bill Mancini's team took over the top spot in the pinochle tournament on February 17 with 37,925 points making a total of 198,055. Charles Marcellus' team had 32,820 for the evening and a total of 190, 825. John March's boys are in third place with a total of 183,820 points and 33,980 for the night.

Individual high score for that night of play was held by Bill Mancini, 4,535 and Jim Pelosi was second, 4,185. During one hand, Joe Brenneis had a perfect pinochle hand, a double run of diamonds. He bid 1600 and made 1735.

Camera Club

A well-attended meeting of the Camera Club was held on February 24.

A film on flash photography was obtained on loan from the General Electric Company and was shown to the club members.

Another lecture in the series on how to take pictures, illustrated with colored slides will be given on Thursday, March 10.

All Scovillites interested in photography are invited to attend that meeting at 8 P.M. in the Spencer Block Conference Room.

Skeet Shooting At Woodtick Every Sunday Morning

Skeet Shooting

On February 27, Joe Balfe was "top gun" in a closely contested meeting. Best scores for the day were as follows:

Joe Balfe 23 x 25
Lee Reid 22 x 25
Irving Fagan 21 x 25
Fred Ensminger 21 x 25
John Kulmann 21 x 25

Basketball

	Wins	Losses
Inter-Department		
Tube Mill	2	0
North Mill	2	0
Junior		
Gamblers	2	0
Elks	2	0

Sunday mornings at 10:30 o'clock at the Woodtick skeet field, we find the skeet enthusiasts aiming to break 25 of those elusive clay targets out of 25. Irv Fagan has been consistently shooting high scores and is one of the best skeet shooters in the group. Nice going, Irv.

Pictured from left to right are a few of our shooters, namely: Ed DeBisschop, Electrical, Irving Fagan, Chuckling, Fred Ensminger, Estim., and Joe Balfe, Blanking Tool.

Two Forty-Year And Six Twenty-Five Year Pins Presented

Michael Barolyak

Austrian born, MICHAEL BAROLYAK, Wire Mill, completed a quarter of a century of Company service on March 6 and was scheduled to receive his pin as of that date.

Altogether Mr. Barolyak has spent twenty-seven years in the Wire Mill. He entered the employ of Scovill on July 21, 1920. After working two years, he left the Company and returned in 1924. While here, he has been employed as a laborer, brass wire finisher and his present work, a safety pin machine operator.

Married, Michael has three daughters, one son and two granddaughters. His son, George, a former Wire Mill employee, is now attending a radio engineering school in Washington, D. C.

Outside of work, Michael is kept plenty busy at his home on Buckingham Street in Oakville. He has a plot of land where he raises all kinds of vegetables and fruit trees.

Rudolph Schneider

RUDOLPH SCHNEIDER, Production Manager in the B & F Classification Office, was awarded his forty-year diamond studded pin on March 1. He holds a continuous service record with the Company since March 1, 1909.

Married, Mr. Schneider is the father of three children—one girl and two boys. His father, Ferdinand, had served Scovill for over fifty years.

When Mr. Schneider first came to work for Scovill in 1909, he started as a mechanical draftsman, tracer and detailer in Machine Design where he was employed for fourteen years. He became assistant chief draftsman in the Drafting Room in January of 1923 and served as a foreman in the Tool Room Office for a short period during the same year.

On November 21, 1924, he joined the Classification Office as Assistant General Foreman, and then became assistant to the Production Manager fourteen years later. He served in that capacity until February 14, 1947 when he became Production Manager in the B & F Classification Office, the position he now holds.

Ten-Year Awards

The following employees received the silver service pin for ten years of continuous Scovill service:

Elizabeth Young, Trim & Knurl, as of February 28; *Bertha Lane*, Assembling, as of February 28; *Mary Mucci*, Press 1, as of March 1; *Augustus Alexander*, Wire Mill, as of March 6; *H. David Ward*, New York Office, as of March 6; *Samuel Pilch*, Waterville, as of March 7.

Dallion Whitley

DALLION WHITLEY, Extruded Rod Mill, attained twenty-five years of continuous Company service on March 5 on which day he was scheduled to receive his pin.

Although Mr. Whitley came to work for the Company on May 14, 1918, he worked intermittently until 1924 in the Casting Shop as a weigh-up man and Extruded Rod Mill as a utility man. Since January 30, 1924, Dallion has been employed as a test press operator in the Rod Mill.

Mr. Whitley was born in North Carolina and has one son and a grandson. His wife, Sadie, was employed in Hot Forge during the last war.

Ball games and the fights are Dallion's favorite pastimes.

Elizabeth Leahey

"I have always enjoyed working for Scovill", said ELIZABETH LEAHEY, inspector in Packing A. She was presented her diamond-studded pin February 28 for forty years of continuous service.

Miss Leahey joined the Company October 27, 1908 in the Cutting Room. She has also worked in Lacquer, Department "F", Solder and Butt. Since January 17, 1919, she has been employed in Packing A as an inspector.

Elizabeth was born in Waterville. She comes from a long line of former Scovillites. Her father, Cornelius, was in the Rolling Room; her brother Lawrence, in the Hand Screw Machine Department; and her sisters, Mary, Josephine and Catherine were in Fastener, Lacquer, and Packing A.

Elizabeth is quite a bingo enthusiast and enjoys spending her spare time playing this game. On several occasions she has been most fortunate as she received some grand prizes.

Lucy DeVito

LUCY DEVITO, Drawing Room, was the recipient of her quarter of a century award as of February 23 on which day she completed twenty-five years of continuous Scovill service.

A native Waterburian, Mrs. DeVito has one son and a grandson. Her father, Donato Margiotta, is a former Packing Room employee. Her husband, Jerry, worked in Case Shop #5 during the last war.

Lucy first came to the Company on June 25, 1918 but worked intermittently in the Closing, Press and Buff Rooms as a dial press operator, buffer and miscellaneous press operator until her continuous service record started on February 23, 1924.

Mrs. DeVito has also been employed in Electric Shell as a power press operator, Fuse Assembly as a bench inspector and in the Cosmetic and Drawing Rooms as a dial press operator.

James Johnson

JAMES JOHNSON, Extruded Rod Mill, completed twenty-five years of continuous service on March 1 on which day he was scheduled to receive his gold service pin.

Born in Clayton, North Carolina, Mr. Johnson is a married man. He and Mrs. Johnson came to live in Waterville during the first World War.

When James was first hired on November 24, 1917, he entered the Casting Shop as a helper, where he worked for two years. He then left the Company and returned several years later to the Rod Mill and has been there ever since. While there, he has been a thrashing barrel operator and his present work, a rotary wire pointer.

Hunting and baseball keep him occupied during his spare time. During his youth, James was quite a baseball enthusiast. He played second base on the Raleigh baseball team.

Thomas Herrmann

THOMAS HERRMANN, Assembling, rounded out twenty-five years of continuous Scovill service on February 25 and has been presented his pin.

Mr. Herrmann's first job with the Company was as a utility man in the Hardening Room. He worked in that capacity for several years and was then transferred to Tool-Machine, where he served as a grinder and die finisher. He has also been in the North Mill as an inspector and milling machine operator. On November 18, 1931 Tom joined the ranks of the Assembling Room where he has been a floorman, overseer and, since 1940, a tool-setter and supervisor.

A native Waterburian, Mr. Herrmann has one son, Timmie, who is attending Crosby High School. He is one of their outstanding basketball and baseball players.

Years ago, Tom played basketball (guard position) in the Industrial League. Although he is not active in sports now, there is nothing he enjoys more than to attend the games.

Within Our Gates

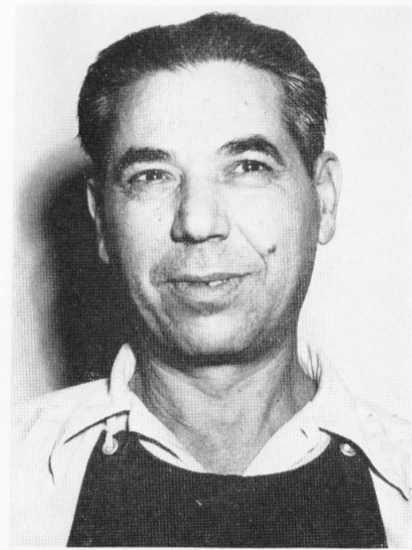

By Jack Driscoll

Ex-Navy man ED BAGLEY visited Venice on shore leave while in the service. He said the "sewers" were all stopped up. ED is now in the Oakville Division.

The gang is now singing the "Internal Revenue Song"—We'll be down to get you for your taxes, honey. You'd better be ready for March 15."

BILL MARTIN is inventing a new fountain pen without ink for people who don't speak to each other.

JOE KIERNAN, Trucking, knows all about the high cost of living. He paid five dollars for a dressed chicken. Who dressed it, JOE? Adrian?

Ralph Fappiano

RALPH FAPPIANO, Waterville, is celebrating his twenty-fifth anniversary with Scovill. He was presented his gold pin on Tuesday, February 22, at which date he officially completed his twenty-five years of continuous Company service.

Since Mr. Fappiano was hired in 1913, he has always been employed as a hand screw machine operator. From his entrance date until his continuous service record started, he worked intermittently in that capacity in the Main Plant's Hand Screw Machine Department. It was in 1936 that he was transferred to the Hand Screw Machine Department of the Waterville Division.

Born in southern Italy, Mr. Fappiano left his native land in 1911 and came to Waterville. He is married and has five daughters, two sons and two granddaughters.

Away from the Plant, he enjoys working around the house and during the summer has a garden.

Kitchen-Showered

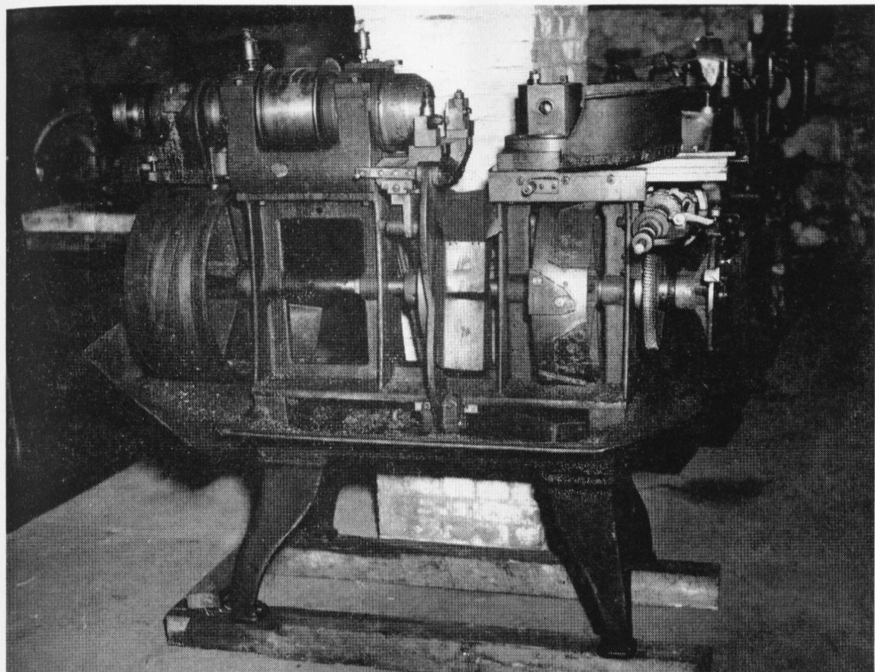

"Showered" with good wishes and gifts by his co-workers in Addressograph on the eve of his wedding, Don Mahoney was snapped by the photographer as he left the plant.

Don and Anne Daddona (of Central Time Office) were married on Saturday, February 26. Lena Mahoney, of Transcribing, is Don's mother.

Data Wanted on Old Time Machines, Methods

Information Needed For Prospective Industrial Museum

Here's an old-time automatic screw machine known as a "Hartford". We'd like to find out when this machine was brought into the Waterville plant. Joe McArdle, of Automatic Screw and formerly of the Waterville Division, recalls it was an old machine when he first saw it back in 1904. Records were destroyed in a flood many years ago. If you remember seeing it before that time, get in touch with William C. Cleveland, Engineering Department.

We seldom realize that today's events are tomorrow's history and, sometimes, regret that a certain article in use a generation ago had been scrapped. Some of us may recall climbing all over the water wheel at Hamilton Park years ago. This wheel furnished the energy for our Rolling Mills now driven by motors.

A committee, comprised largely of representatives of older factories and mills of the Naugatuck Valley, is working on the idea of establishing a place to preserve machines, tools, and articles with possible historical value.

Scovill, as one of the oldest plants, is represented in this effort. William C. Cleveland is serving on this committee and asks our older employees to contribute their recollections of earlier machines and methods.

Trim And Knurl

By Betty Young

Our sympathy goes to SOPHIE ZEMBRZUSKA on the loss of her son-in-law.

Congratulations to CLARA DUNN and her husband, FRANK of Drill & Tap, who celebrated their twenty-first wedding anniversary. Congratulations!

Birthday greetings to OZZIE MEYER, RED CORDELLI, PHILOMENA LARIVIERE and MARY WLASUK.

We're happy to welcome back VINNIE JACOVINO and RED CORDELLI after their recent illnesses.

ALFONSO VELLA is recuperating at St. Mary's Hospital after his operation. We all miss you, AL.

LYDIA GIROUARD looks very cute with her New Look hair cut.

ROSE LAPIO's niece is in the hospital and we all wish her a speedy recovery.

By Dom Polo

When ROCCO RINALDI found a pay envelope recently, he promptly returned it to its owner, DAN SULLIVAN. Acts of this nature are few and far between. We're all very proud of you, ROCCO.

Looks as though ERVING (HONEY) HONYOTSKI is slipping as far as cribbage is concerned. What's this we hear about your taking a licking, HONEY?

If you know of machines in our plants which are fifty or more years old and which represented a forward step in Mill production, tooling, or fabrication, get in touch with Bill Cleveland, Engineering Department.

Girls' Club News

By Juanita Adessio

Birthday Greetings

March 7—Angeline Giriello, Hot Forge
March 10—Gertrude Wheeler, CTO
March 10—Ruth Osborne, Emp. Rela.
March 11—Barbara Neville, Emp. Office
March 13—Hazel Backman, Waterville
March 15—Irene Synnot, Met. Research
March 17—Joan Pranulis, CTO
March 19—Catherine Heary, ASMD
March 19—Eleanor Rinaldi, Waterville
March 20—Bertha Rousseau, Closing
March 20—Julia Vanni, Lipstick

Hello, New Members

We welcome the following new club members: JOSEPHINE BOMBACI, IRENE LUSAS, TERESA CIANCIOLO, CATHERINE DEVITO, all of CTO, and JESSIE CAUL, Advertising.

Goodby, Old Members

Sorry to see MARY BRUNO SENAY, Telephone, leave. MARY is going to devote all her time to being a housewife.

Parties

ANNE DADDONA, CTO, received a lovely set of dishes from her fellow co-workers at a shower given at the Colonade.

Weddings

Best wishes to JULIA VANNI, Lipstick, who became Mrs. Andrew Borghesi on Saturday, February 26 in the Church of Our Lady of Lourdes.

Memories

The members of the Girls' Club will always remember HELEN ROCHE KIERNAN for her entertaining in the minstrels and other shows the Club gave. MARY AITCHISON BARNOSKY will be remembered for all the hard work she put into the Club to make it a moving success. MARY had served as president at one time.

Sympathy

We extend our sincere sympathies to FAUSTINA SULLIVAN (Metals Research) and GERTRUDE CAREW BLEWITT (Waterville Division) on the deaths of their fathers.

Woman's Corner

Market Headliners

The following foods are expected to be in plentiful supply throughout the Northeast during March, 1949, according to the "Plentiful Foods Monthly List" of the U. S. Department of Agriculture. These foods usually offer consumers more for their dollar than alternate foods which are less plentiful.

Broilers And Fryers

The broiler industry is producing bountifully, with more chicks placed on farms in commercial broiler areas than at any time in history. Housewives in the eastern markets are assured of generous supplies of broilers throughout March and may expect to find prices materially below levels prevailing earlier in the year.

Onions

Supplies of onions are especially abundant. Wholesale prices in recent weeks have been considerably below levels prevailing earlier in the marketing season. Late onions are generally globular in shape and have yellow, white, or red skins; occasionally brown skin varieties are seen.

White varieties are often milder in flavor than the others. Bright, clean, hard, well-shaped, mature onions (with dry skins) are usually of good quality.

Cabbage

Plentiful supplies of cabbage are on the market in March. Cabbage is one of the most important sources of ascorbic acid (vitamin C) and contains significant amounts of iron and calcium. In buying cabbage, look for fairly solid heads that are well trimmed with neither yellow leaves nor worm injuries. Beware of cabbage heads with signs of decay around the core.

Other Vegetables

Carrots, potatoes, spinach, kale, canned corn, canned peas, dried beans and peas.

Plentiful Fruits

Fresh oranges and processed grapefruit, winter pears, raisins, dried prunes (especially small sizes).

Dairy Products

Eggs are in generous supply in all sections of the country. Egg prices throughout March are expected to follow the seasonal pattern and will continue to be substantially below levels prevailing earlier in the winter.

Processed dairy products (cheese, evaporated milk, butter, non-fat dry milk solids) are all in plentiful supply.

Plum Pudding

and was brought to this country by her ancestors from Scotland. Every Christmas Louise treats her family to this delicious dish.

Louise Foell, Slide Fastener, gave us a recipe for Plum Pudding of which she is very proud. It has been in her family for years,

Plum Pudding

1/2 lb. chopped skinned beef suet
1 box raisins
1 box currants
1 pkg. mixed citron, orange and lemon peel
1-1/2 cups bread crumbs
6 eggs
1 cup sugar
1/2 t. nutmeg
1/2 t. cinnamon
1 cup flour
1/2 cup milk or 2 gills of brandy

Combine all ingredients and stir well with a wooden spoon for about 1/2 hour. If mixture is too thin, add enough more flour until it is of a consistency to hold together.

Put mixture in a well greased mold with a tight fitting cover. Submerge into a pot of boiling water and let boil constantly for five hours. As water evaporates, add enough to keep at same water level.

Sauce

2 tbsp. melted butter
1 cup powdered sugar
Sweet cream (not whipped)

Cream butter and sugar. Add enough cream until it is thin enough to pour.

Preparing Your Spring Wardrobe?

Children like sweaters for playtime because they are warm without being bulky. Get busy, mother, and knit your youngster a long-sleeved sweater for the Spring. For a girl, choose the cable stitch cardigan knitted of worsted floss. Boys like a mannish ribbed slip-over. Directions for the cardigan are given in sizes 6 and 8, for the pull-over in sizes 8 and 10.

An extra wool skirt is an excellent wardrobe stretcher. The youthful checked skirt above can be made without a pattern from simple cutting pieces. It is fully gathered to a wide shaped waistband. Fly front styling conceals the opening placket at the center front. Direction leaflets for all patterns may be obtained from the Bulletin Office.

Girls' Club Holds Annual Valentine Dance

Approximately fifty couples attended the Girls' Club annual Valentine Dance which was held in the main ballroom of the Hotel Elton on Friday evening, February 18. Murial Ham, Follow-up, was chairlady of the affair.

At the left is one of the many tables set along the sides. At the right, some of those in attendance enjoy dancing to the music of Tommy Thomas' orchestra. Several novelty numbers were featured during the evening.

Retired Folks

(Continued from Page 1, Column 1)

Those attending this first Open House party were:—Peter DeNardis, Michael J. Hanley, Francis J. Herr, Charles Littlehales, Donato Mannello, Cornelius Markle, Michael Martone, Arthur Massicotte, Fred Packard, Thomas Reynolds, Budd Spicer, Patsy Tartaglia, and Peter Young.

Badminton

By Harry Shewbridge

On Tuesday evening, February 22, the Scovill Badminton Club played host to the Watertown Badminton Club and played a series of mixed doubles matches. The Watertown group were unable to bring all of their best players and were, consequently, easy victims for their opponents. However, everyone enjoyed a pleasant evening and agreed to set a date for a return engagement in the near future.

The men's doubles team was forced to postpone for a second time the return match with the U. S. Rubber Company team.

Cribbage Doings

On February 22, the SERA cribbage men met their Chase opponents at the Chase Country Club. The Scovill men defeated Chase by 7 points. The scores for the evening were: Scovill—11,971, Chase—11,964.

Bill McCasland and Bill Shanahan, Scovill men, won individual high score for that night with a total of 1066 points.

On March 1, the Chase men played at the SERA Clubhouse. The scores for that night of play were: Scovill—12,390, Chase—12,200. The SERA team is the winner of the annual home and home contests by 197 points.

Charlie Rimkus and Ed Meafski, Scovill men, had individual high score for the March 1 contest with 1107 points.

Death Claims Three

ADDISON ASHBORN, retired, died on February 27 at the home of his sister, in St. Petersburg, Florida.

Born in Waterbury, Mr. Ashborn is survived by three sisters, one brother, three grandchildren, and three great-grandchildren.

First hired to work for Scovill on June 6, 1895, Mr. Ashborn had been here continuously until his retirement in 1943. During his years with the Company, he had been employed in the North Mill as a foreman of the Saw Room and since 1938 had been a tool-setter on saws in the same Mill.

The funeral was held on March 4. Burial in Riverside Cemetery. Albert Kean, Michael Caputo, Ward Hobbie, Sr., and Fritz H. Brustat attended as Company representatives.

JOSEPH FILIPPONE, Sanitary Department, died at his home on February 23 after a short illness.

A native of Frigento, Italy, Mr. Filippone is survived by his wife, a daughter, two grandchildren, three sisters and five brothers.

Mr. Filippone had a twenty-three-year continuous service record with Scovill. During his years here, he had been employed as a machine operator in the Screw Department, a forger in Cold and Hot Forge, a power press operator in Press I, and a slotting machine toolsetter in the Screw Department. Since March 21, 1934, Joe had been with the Sanitary Department.

The funeral was held on February 26. Burial was in Calvary Cemetery.

WILLIAM CAREW, Steam Department, died at his home on February 21 after a long illness.

First hired to work for Scovill forty-two years ago, Mr. Carew had always been with the Steam Department. He had been employed as an oiler, foreman, and as an operation engineer, the work he was doing until he became ill in September of 1948.

Born in Scotland, Mr. Carew is survived by his wife, two sons, three daughters, three brothers, two sisters, five grandchildren, a great-grandchild.

The funeral was held on Wednesday, February 23. Burial was in new Pine Grove Cemetery. Company representatives were: William Foley, Charles Stickney, Herman Brown and David Carmichael.

Waterville Credit Union Officers

The annual meeting of the Waterville Division Federal Credit Union was held at Doolittle Hall on Wednesday, January 26, 1949.

Above are the officers for this year. Seated, left to right:—Directors, Josephine Levenavich and Loretta McGrath; Secretary, Margaret Sullivan. Standing: Treasurer, Max Koblbrener; President, David Hanley, and Director, John Baker. Vice-President Peter Armour was absent when the picture was taken.
