New Officers, Board Of Administration Appointments

New Officers

Heminway Merriman

E. H. Bengtson

Paul Beetz

New appointments made by the Board of Directors at their monthly meeting on Sept. 29 included the formation of a Board of Administration and the following appointments:

Heminway Merriman

Heminway Merriman was named Treasurer and General Counsel in addition to being Secretary. A graduate of Taft School, Yale University and Yale University Law School, Mr. Merriman came to Scovill's Legal Department in 1948. He was elected Assistant Secretary of the Company in April, 1950 and Secretary in April, 1952.

Edward H. Bengtson

Edward H. Bengtson was named Assistant Treasurer. A native of Brooklyn, New York, Mr. Bengtson was educated at Brooklyn Commercial High and Pace & Pace (now Pace Institute). He came to Scovill as an auditor in May, 1930; was named Tax Accountant in January, 1936; served as Tax and Insurance Manager from April, 1950 until May 21, 1953 when he was appointed Assistant Comptroller.

Paul F. Beetz, Jr.

Paul F. Beetz, Jr. was named Assistant Secretary of the Company and Secretary of the Board of Administration. A graduate of New Haven High, Yale University, and Harvard Business School, Mr. Beetz came to our Oakville Division's Auditing and Factory

New Assignments

Engineering

Announced by Vice-President Mark L. Sperry:

Effective September 30, 1955, Thomas W. Colina has been appointed Chief Plant Engineer in charge of Engineering and Maintenance. He will report to Vice-President M. L. Sperry.

Effective September 30, 1955, Emory K. Rogers has been appointed Chief Engineer in charge of the Engineering Dept. He will report to Chief Plant Engineer T. W. Colina.

Board Of Administration

The Board of Directors also created a Board of Administration which will be the liaison between the Board of Directors and the Managers of the Company's divisions.

As such, it will determine broad basic policies for the operations of the Company, subject to the approval of the Directors, will recommend to the Board of Directors the persons to carry out these operations, and will have the responsibility of reviewing the operations to see that they are functioning properly.

Named to this Board, in addition to the President, the Executive Vice-President and one outside Director, were: Messrs. Ivan L. Coulter, Arthur M. Rogers, George W. Young and Norman H. Schlink, all of whom were appointed Administrative Vice Presidents.

See photos on Page 4.

John Mitchell SERA President

John Mitchell, Trucking, has been re-elected President of the SERA for a second term; John Carey, Slide Fastener, was elected Vice-President; Ruth Peterson, Employee Activities Office, Secretary-Treasurer.

The SERA annual meeting was held on Monday, October 10, at the Scovill Girls' Clubhouse. President John Mitchell opened the meeting by reviewing activities of the past year and thanking the retiring officers and Board of Directors for their fine work and cooperation.

Nominating Committee Chairman John Carey presented a slate of candidates for election to the Board of Directors. Additional nominations were taken from the floor.

Elected to the new Board of Directors were: Betty Affeldt of Japan; William Armour, Planning; John Capone, Tin Shop; Irene Carey, Chucking; John Carey, Slide Fast.; Betty Doyle, Mailing; Louise Foell, Slide Fast.; Erving Honyotski, X-Rod; Albert Kean, North Mill; Vincent Manzolli, Mfg. Prod.; John Mitchell, Trucking; Ruth Peterson, Employee Activities Ofc.; Peggy Sanchi, Mill Prod. and Margaret Snowden, Milling and Grinding.

The alternates are: Ray Curtis, Milling and Grinding; John Hall, North Mill; Rose Lacerenza, Chucking, and Al Maccarelli, Lipstick.

Display At NOSA

Scovill will again participate in the National Outerwear and Sportswear Assoc. Annual Convention and Suppliers' Exhibit this year. It will be held at the Hotel Commodore, New York City, Oct. 30 to Nov. 2, 1955.

The Scovill booth will be #202 in the area of the West Ballroom. It will feature our GRIPPER Zipper for jackets and the RS fastener for reversible jackets.

The Road Ahead

On taking office as President of the Scovill Manufacturing Company I wish to confirm to you my confidence in the Company and its future.

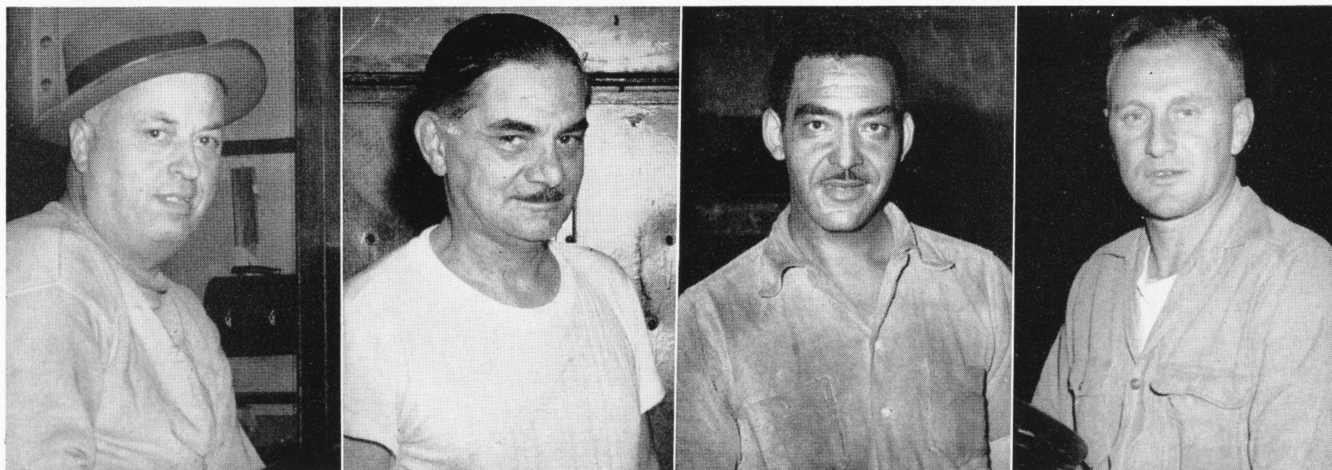

Scovill started in a small way about 153 years ago. Until the '20s the entire operation was located in Waterbury, and our Waterbury Division is still our largest single unit. Since 1921 the company has, in expanding, added divisions in the United States and other countries.

Wherever we expand we recognize that we have obligations to our employees and to the communities where we are located. It is essential too that we make a profit so our stockholders will be satisfied with their investment. In order to keep our plants modern and expanding and to have the company continue to prosper we must set aside from each year's earnings sums for new equipment, new methods and products resulting from research.

We are in an extremely competitive market. The answer to keen competition is better products made at lower cost. We expect not only to maintain the Scovill position in industry but to improve it. We will succeed if we all work together constructively.

Man And Eternity

National Bible Week, October 17 - 23

Countless books have been written about the history of man, his evolution and the laws and customs and other things which govern his daily life and well-being. Many are theoretical, others are based on some sort of scientific research. Standing out head and shoulders above all books is the Bible.

Contained in its pages is the dramatic and vital story of man from the time God first created Adam and Eve through the life of Christ on earth and the beginning of the Christian era. The book has served as an inspiration to millions of people and is used in courts of law as a symbol of one's fidelity to his word. Contained in its pages are lessons that are as true today as they were thousands of years ago.

Ever since this book was first published about 500 years ago, it has consistently outsold all other books published. It has provided inspiration and hope to countless millions who turn to it daily.

If you have lost the habit of Bible reading, Bible Week, which we are celebrating this week, will be a good time to renew your association with this masterpiece of the ages.

"Scoops" From Zippers

By Louise Foell

Another future Scovillite—Thomas Brian Unwin was born on September 24. Grandmother Louise Pennoni is in Slide Fastener Packing and father Tom is in the General Training Room.

A baby girl, Barbara Ann, born on October 3 is the daughter of Charles Pagano, Chain Room.

October 11 is the nineteenth anniversary of Mr. and Mrs. Raoul Goudreault. Mrs. Goudreault is our Adeline, Chain Room, and Mr. Goudreault is Ray, Wtvl. Div.

Hattie Johnson is very happy these days. The reason:—her mother and daughter are on a visit here from Clarksville, Va. They expect to stay for a few weeks.

Double trouble for our genial St. Clair Dildy — he lost his mother-in-law in Va. and on his way back met with an accident. Luckily no one was hurt except St. Clair's baby blue car.

Pete Paznokas has joined the navy. Pete is our football player from Crosby High where he was graduated last June. His mother is Grace of Salvage.

Cabaret Dance

The first SERA cabaret dance of the season will be held at Doolittle Hall on Saturday, November 5.

The committee was scheduled to meet on October 13 to formulate plans, details will be announced through departmental notices.

The committee in charge consists of: Chairman John Carey, Betty Affeldt, Bill Armour, John Capone, Irene Carey, Vicki Daniels, Betty Doyle, Vinnie Manzolli, John Mitchell, Ruth Peterson, Evelyn Smoil, Margaret Snowden.

Waterville Foremen

Romaine C. Chapman, expert bird game hunter, was guest speaker at the October 11th meeting of the Waterville Foremen's Association.

Mr. Chapman, Assistant Sales Manager of our Oakville Div., displayed and explained various types of guns; he showed movies of his hunting experiences from Prince Edward Island, New Brunswick, to North Carolina.

The door prize, a large pheasant, was won by President Walter Keating.

Another Eye Saved

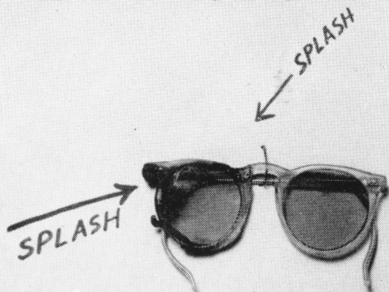

Pictured at the right is a poster being displayed in the Safety Office. Mounted on the poster is a pair of prescription safety glasses which prevented a serious eye injury recently.

A double splash of molten metal struck the edges of the right lens and frame, the glass did not break and the acetate plastic frame did not flash-burn.

The eye was saved, there was a minor burn on the right cheek, no lost time.

ARE YOU WEARING YOUR EYE PROTECTION?

OF INTEREST TO ALL MEMBERS of the SCOVILL ORGANIZATION

More About Feet

By Robert W. Butler, M. D.

If any of you gals and boys abused your husbands and wives as much as you probably abuse your feet, you'd likely have to start dodging skillet!

We never did finish talking about flat feet and what they do to muscles, ligaments and joints in the weight-bearing line. Insults that the Lord never intended they should take.

Now pain in the feet themselves isn't necessarily present even when their collapse is responsible for pain somewhere else. Don't ask me why a person who's had flat feet for years (and has known it) and has had no trouble, all of a sudden develops pain in the low-back or in one knee. Don't ask me, because I don't know the answer, but I do know it happens — and that the back or knee pain often disappears when the foot condition is corrected.

Frank Flatfoot will tell you that the last time he sprained his ankle it took a lot longer to get better than he thought it should and longer than that of any of his sound-footed friends. The same would have been true had it been his back or his knee that he sprained; and he'd have speeded up the repair process by correcting the foot condition — far as the feet were from the area of his discomfort.

So if your arches are down (they don't have to be 'waydown') and you sprain anything in the weight-bearing line, correct the foot condition or plan on a longer-than-normal recovery time.

How to correct it? Probably arch-supports is the answer. Your doctor can give you exercises to strengthen and build up the structures which support the arch, but you won't do 'em! We're in favor of them, but they must be done for 10 minutes two or three times a day for months — and the best of patients keep at it religiously for only two or three weeks.

Arch-supports to be effective must fit your feet, fit your shoes and hold you up. If you're heavy enough to flatten arch supports out when you step on them, you have an inner sole in your shoe and that's all. Prevention of

flat feet is something else again. A few people are born with 'em and that's a bit difficult to prevent — but they're in the minority. To begin with, even in these days of automobiles, bicycles, and electric-go-carts to lug you around the golf course, your feet support you most of your walking hours; so the least you can do is to provide some decent support for them. That means good shoes, not necessarily expensive ones, but some that are rugged and give support to the whole foot. And you don't need to have arch supports built into them, either.

If by any weird chance we've made Christians of any of you who have flat feet, remember that a couple of hours in the evening and weekends spent barefooted or in slippers will undo all the benefits of the week's attention.

One of the greatest mistakes you can make about shoes is that work is the place to wear out the old ones. That's the place where most of us use our feet most. Old shoes seem comfortable, to be sure — but they're a menace — and two pairs of work shoes a year are a good investment in foot health. Try it, and you'll see.

The strength of the arch-supporting ligaments and tendons varies in different people just as do other parts of their anatomy. This means that some people are more prone to develop flat feet than others. But they never made a 5-B foot to lug around 190-200 pounds, so keep your eye on the scale.

No discussion of feet is complete without a few words about foot accidents. You'd be surprised at the number of falls we see which are the direct result of poor shoes! Gashed heads, elbows and knees, sprained backs and ankles, even fractures — and the cost to the poor victim is usually greater than that of a dozen pairs of decent shoes.

90% of all the fractured toes we see would have been prevented had they been protected by safety shoes and the smart people get the protection before they get into trouble. They're readily available for you.

Hallowe'en Party

The annual SERA Hallowe'en party will be held at Doolittle Hall on Friday, October 28, at 7:30 p.m. this year. All children and grandchildren, 12 years old or younger, of Scovill employees are invited.

Louis Lougee Feted On Retirement

Louis Lougee was honored recently at a retirement party given by his friends and co-workers in Metals Research. He received a purse and portable radio.

Over 40 people were on hand for the occasion which was held at the Girls' Club. In photo left to right:—Mr. Lougee, Director of Metals Research Fred Barry, Mrs. Lougee and Asst. Director of Metals Research Walter France.

Rod & Gun Club

It was announced the annual fishing banquet will be held at the Copper Kettle in Wolcott on Thursday, November 10 at 6:30 p.m. Those who wish to attend may obtain tickets from the following: John Hubbard (Emp. Info.), John Patrick (Cost Ofc.), Ed DeBisschop (Elec. Constr.), Ray Laneville (Sl. Fast.), Ray Ladden (B & F Prod. Ofc.)

Reeves Competition, first round

Excellent weather and good fishing highlighted the first round of the Reeves Competition held at Woodtick Lake on Saturday, October 1.

Some excellent catches were reported, with the Hot Forge team of Anderson and Sandulli riding high.

With Les Hart acting in his usual role of "measure master" the following results were recorded:

PICKEREL	
Bob Anderson	— 20"
Fred Ehrhardt	—19 ³ / ₈ "
Bill Coleman	— 18"
PERCH	
Ted Sandulli	—11 ³ / ₈ "
John Hubbard	—11 ¹ / ₄ "
Vin Manzolli	— 11"
BLACK BASS	
Bob Anderson	—14 ⁷ / ₈ "
Charles Rietdyke	—14 ⁷ / ₈ "
BULLHEAD	
Joe Caron	—12 ¹ / ₄ "
Charles Lusher	—12 ¹ / ₄ "
Fred Ehrhardt	— 12"
TROUT	
Bob Anderson	—13 ¹ / ₈ "
John Williams	—12 ¹ / ₂ "
John Fleming	—12 ¹ / ₄ "

There were no calico bass measured in.

Reeves Competition, second round

The second round of the Reeves Competition held on Saturday, October 8 did not have as favorable weather as the first, but the fishing was fine.

The following results were recorded:

PICKEREL	
Ted Sandulli	—19 ³ / ₄ "
Henry Miller	—16 ³ / ₄ "
Ray Ladden	— 16"
PERCH	
Lee Reid	—11 ⁷ / ₈ "
Charles Rietdyke	—11 ³ / ₈ "
Bob Fumire	—11 ¹ / ₄ "
Ray Ladden	—11 ¹ / ₄ "
BLACK BASS	
Lee Reid	—14 ³ / ₄ "
Emil Kazmier	—14 ⁵ / ₈ "
CALICO BASS	
Bob Fumire	—12 ⁵ / ₈ "
BULLHEAD	
Henry Miller	—13 ¹ / ₄ "
Jim Littlejohn	—12 ¹ / ₂ "
Ted Sandulli	—12 ¹ / ₂ "
TROUT	
Bob Fumire	—13 ¹ / ₄ "
Joe Aleksinas	— 13"
John Fleming	—12 ⁷ / ₈ "

Service Awards For Four Scovillites

Top:—Francis D. Allman, Foreman of Button Eyelet, accepts 50-year continuous service certificate and pin from Mr. L. P. Sperry. Looking on are (left to right) General Foreman of Button and Tool Div. Jesse Barratt, Mfg. Div. Factory Superintendent J. G. Wolff and Vice-President H. W. Wild.

Saverio Guerrera, Yard Dept., admires the 40-year service pin as Mr. W. M. Goss presents it to him. Smiling their approval are Superintendent of Gen. Maint. Depts. J. A. Nagle and Chief Maint. Engineer T. W. Colina.

Ortenzio Minervini, Mfg. Metals Stores, received the 40-year continuous service award from Mr. Sperry. On hand for the occasion were Supervisor of Mfg. Store Records C. W. Keller and Gen. Production Manager C. A. Burnett.

Roseanna Bouley, Lacquer Room, accepts the 40-year pin and award from Mr. Goss. Looking on are (left to right) Foreman William A. Root, General Foreman Harry Dunn and Mfg. Div. Factory Superintendent, Jerome G. Wolff.

Girls' Club News

By Teresa Ryan

The first card party of the fall season will be held on October 19th at the clubhouse. Make it a success by attending and bring a friend.

We are getting ready for our annual children's Christmas party and need toys, new or old ones that may be reconditioned. If you have any, please contact Margaret Snowden at ext. 2293. She will arrange to have them picked up.

Congratulations are in order for: Mr. and Mrs. Luigi Sequenzia (Mary of Lipstick) for 19 years of wedded bliss, Mr. and Mrs. Alfred Affeldt (Betty of Japan) for 15 years, and Mr. and Mrs. John Monigillo (Rita of Button Eyelet) for 9 years.

Birthdays were celebrated by: Anna Dean, Electric Shell, who received a deluge of cards from friends and co-workers, Mary Green, Closing, who was surprised by a party during the lunch period, and Nellie Lorusso, Payroll, who was also tendered a party with a cake during her lunch hour.

Mollie Collins motored to New York and saw "Damn Yankee". Mollie claims it is worth seeing for the humor.

Louise Longo, Juanita Adessio, Josephine Bombaci, Ruth Tourangeau and Nellie Lorusso had dinner recently at Sanford Farms with Anastasia Bodziach, formerly of Payroll. Anastasia showed a film and described her recent trip to Haiti.

Irene Homewood, Shell Dept., has left us to take up household duties.

Barbara Thompson, daughter of Marian, Planning, was elected chairman of the new class at Waterbury Hospital. Lots of luck, Barbara.

Happiness galore for Loretta Sali, Mailing, who will wed Roger Leduc in the near future.

It's a son, Eugene, for Penny Reilly, formerly of B&F Sales; and a daughter for Peggy McCarthy, former chairman of the Girls' Club Activities.

Did you know that the Girls' Club is a charitable organization and that throughout the years the Club sends money, food and clothing to needy families and sick members that need help?

M. I. T. Metallurgical Students Visit Scovill

Recent visitors to Scovill were these 18 senior students of the Massachusetts Institute of Technology, majoring in metallurgy. The tour was arranged by John F. Elliott, Associate Professor of Metallurgy at the college and C. Arthur DuBois, Training Director at Scovill.

Mr. DuBois welcomed the boys in the Display Room

and then they were taken on a tour of the Continuous Casting Shop, the Continuous Strip, Tube, Extruded Rod and Wire Mills. Also Metals Research where Frederick M. Barry, Director of Metals Research Dept. spoke to them.

Guides for the tour were Francis Murphy, John Daniels, John Danaber and John Fogarty.

Board of Administration

Ivan L. Coulter

A graduate of the University of Conn., the New London Business College, LaSalle Extension School and Alexander Hamilton Institute, Mr. Coulter came to Scovill in 1916 as a Purchasing Dept. clerk. In turn, he served as clerk, statistician, Mill Cost Supervisor, Assistant Supervisor and Supervisor of the Cost Office. In April, 1950, he was named Assistant Comptroller and in May, 1953, Comptroller & Assistant Treasurer.

Arthur M. Rogers

A native Waterburian, Mr. Rogers first joined Scovill's Mfg. Dept. in August, 1923. In February, 1925, he was named an assistant in the Advertising Dept. and in January, 1931, Advertising Supervisor. In January, 1942 he was appointed liaison representative between the Company and the Army Signal Corps. In November, 1942, he became sales supervisor of Lock Nut sales and, later Automotive sales. He was named Sales Manager of the Contract Mfg. Depts. in May, 1948 and, in July, 1953, was appointed Assistant to the Vice-President in charge of Manufactured Sales.

Found

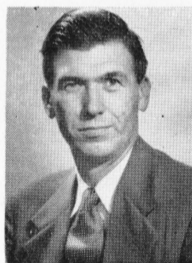

Rhinestone bracelet at Scovill Girls' Clubhouse. Call ext. 345.

George W. Young

A native of New York City, Mr. Young received his education at Yale University and the Harvard School of Business Administration. He came to our Oakville Division in February, 1946 as a member of the Advanced Training Course. He has served as a member of the Superintendent's Office, Traffic Manager, member of the General Manager's Office and, in December, 1951, was named Assistant to the Vice-President, Oakville Division.

Norman H. Schlink

Born in Waterford, Conn., Mr. Schlink is a graduate of Rensselaer Polytechnic Institute. He came to Scovill as an engineer in 1948. In April, 1949, he was named Assistant Chief Draftsman. In May, 1951, was appointed Acting Chief Industrial Engineer, named Asst. Chief Industrial Engineer in November, 1951 and in December of the same year was appointed Chief Plant Engineer.

Standard Time

Eastern Standard Time will go into effect officially at 2:01 a.m. on Sunday, October 30, in accordance with act passed by the State Legislature.

"Major" Donovan Dies

WILLIAM (MAJOR) DONOVAN, Trucking, died on October 12, 1955.

"Major", as he was well known throughout the plant, first came to Scovill in January, 1916, but due to periods out of the Company his continuous service record began March, 1942.

He served in various departments until 1941 when he went to the Trucking Dept. where he was serving as a pan sorter at the time of his death.
