New Assignments In Sales Divisions

Mills Division

Announced by Mr. C. P. Goss, Manager of the Mills Division:

Harold E. Hole has been appointed Sales Manager of Rod and Wire Mill Products, Mills Div., effective Mar. 5, 1956.

Harold E. Hole

PANELOC Fasteners

A display of PANELOC fasteners will be Scovill's contribution to the Institute of Radio Engineers' convention and show, which will be held at the Kingsbridge Armory in New York, March 19th thru 22nd.

The display will consist of our PANELOC panel fasteners, high performance fasteners and will feature the rotary latch. An unusual feature of the display will be that the aluminum panels on which the fasteners are exhibited will be put together with these PANELOC fasteners.

Six Retire

The following have retired with benefits to start March 1, 1956.

THOMAS AMICO, Tin Shop, came to Scovill in June, 1917, and has a continuous service record since October, 1944. He served in various departments until 1944, when he went to the Tin Shop as an iron worker.

JOSEPH COLUCCI, Waterville, was hired at the Waterbury Div. in 1918, but due to periods out of the plant, has a continuous service record of 6.9 years. In June, 1952, he went to the Waterville Foundry as a core inspector.

ANNIBELE NICOLETTA, Steam Dept., came to Scovill in July, 1918, and has over 34 years of continuous service. Except for a brief period in the Yard Dept., he has always served in the Steam Dept. as a stocker operator.

NICHOLAS PELOSI, Metals Research, came to Scovill in April, 1942, and has a continuous service record since June of the same year. He has always served in the Metals Research Dept. as a laboratory assistant.

GEORGE VAICITIS, Casting Shop, was retired with benefits to start January 16, 1956.

Mr. Vaicitis first came to Scovill in July, 1920, and has over 35 years of continuous service. He has served in the Wire and East Mills and has been a gas pump attendant in Casting since 1950. He was forced to leave due to illness in July, 1955.

(Continued on Page 3, Column 1)

General Manufacturing Sales

Announced by Mr. A. M. Rogers, Administrative Vice President:

Effective March 1, 1956, William J. Malvey has been transferred from Waterbury to the New York Office as a salesman. He will report to District Manager George D. Engle.

Effective March 1, 1956, Rae M. Broker has been transferred from the New York Office to Merchandise Division Sales, Waterbury, as Assistant Sales Manager, Industrial Hose Coupling Sales. He will report to Mr. S. M. Main, Sales Manager, Merchandise Div. Sales.

Effective March 1, 1956, J. North Hathaway has been transferred from Sales Promotion Manager, Merchandise Div. Sales to Assistant Sales Manager, Garden Hose Accessories Sales. He will report to Sales Manager Main.

Mills Div. To Award Scholarships

Employees, sons of employees of Scovill, and other residents attending schools in the Greater Waterbury area will be eligible to apply for two scholarships for the 1956-1957 academic year which are being made available by the Mills Division of Scovill Mfg. Company.

Scholarships will cover full tuition charges, laboratory fees, and other fixed charges of a similar nature at a college or university chosen by the recipient. They must be approved by the Admissions and Scholarship Committees of the college or university.

Each scholarship will be awarded for one academic year. It will be renewed each year provided that the student maintains a satisfactory scholastic and personal record; continues to work toward a degree in the engineering or technical field; and maintains a continuing interest in a position with the Scovill company.

Qualifications

Applicants must be in good health and preferably between 17 and 25

years of age. They must have demonstrated an interest in and aptitude for the engineering or technical fields, particularly in mechanical, electrical, civil, chemical, metallurgical (especially non-ferrous) and industrial engineering, physics or business administration.

They must be accepted by an accredited college or university which offers engineering and technical courses leading to a B.S. degree.

They must have a good scholastic record, and have demonstrated leadership qualities in extra-curricular activities in school and in the community. Financial need may be a consideration with each case to be decided upon on its own merits.

They will be selected from the following groups: Employees of the Scovill Manufacturing Company; Sons of employees of the Company; Other residents attending secondary schools in the Greater Waterbury area.

Sons of officers and directors of Scovill Mfg. Company are not eligible.

Selection

Final selection will be made by a committee from the Mills Division and the Training Dept. which administers the scholarship plan.

All applicants who meet the above qualifications will be considered.

All factors being equal, preference will be given to Scovill employees and sons of Scovill employees.

The right is reserved to withhold any scholarship awards if in the opinion of the Selection Committee there are no qualified applicants.

Vacation Employment

Every effort will be made by Scovill Mfg. Company to provide employment during vacation periods. Scholarship recipients are expected to accept such employment when available.

Employment Following Graduation

The Company expects a recipient of this scholarship to enter its employ after having satisfactorily completed the requirements for his degree.

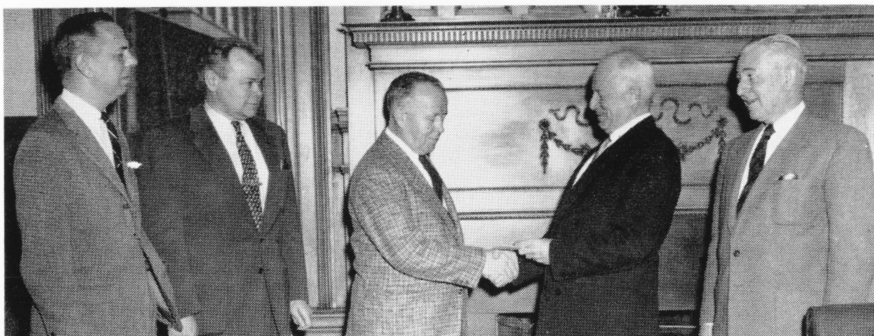

He would be assigned to a Mills Training Course for a suitable period, after which he would be assigned to the Mills Div. in a placement best suited, if possible, to his interest, aptitude and the needs of the Mills Div.

Applications

Application forms may be secured from the Training Director of the Company, Employee Relations Building, 402 East Main St., Waterbury.

Applications must be returned by May 1, 1956.

Three Service Awards Presented

Harold McCarroll, Solder Room Foreman, accepts the 40-year award from Vice Pres. A. P. Hickcox. Looking on are: Works Manager, Stampings Div., C. A. Burnett; Factory Supt., Stampings Div., G. L. Chase and Gen. Foreman L. H. Maysbaw.

Ivan L. Coulter, Comptroller and Administrative Vice President, receives the 40-year award from President W. M. Goss. On hand for the occasion were Exec. Vice President M. L. Sperry, 2nd, and Vice President A. P. Hickcox.

William Foley, Foreman, Rivet Die Dept., Waterville Div., accepts the 50-year award from Vice President and Waterville Div. General Manager S. G. Gaillard, Jr. at a dinner given in his honor. Seated at the head table: Asst. Plant Manager T. S. Merriman, Miss Rose Foley, Factory Supt. F. J. Senior, Indus. Fast. Sales Mgr. William Black, Dept. Working Supervisor Vincent Krusewski.

1956 Auto Registrations

In order to get your 1956 automobile registration through the Employee Activities Office, the renewal application and the necessary fee must be in the office by Friday, March 9. A fee of \$8.00 covers all passenger cars.

Retired Folks' Club

The Retired Folks' Club monthly meeting will be held on Tues., March 13. They will meet at the Girls' Clubhouse at 1:30 p.m. A tour of the new E. R. Building has been arranged, followed by the regular meeting and refreshments at Doolittle Hall.

Know Your Extinguisher

The only way to be sure of the protection of a fire extinguisher is to read the instructions in advance and be sure you know how it operates.

The Good (?) Old Summer Time

Seven Days — Or One Week

By Robert W. Butler, M. D.

Some years ago some wiseacre made the statement that a week after a person caught a cold it would be gone; but if he really gave it some treatment, he'd be rid of it in 7 days.

That remark was both cynical and realistic: cynical because it implied that treatment was not effective, and realistic in that most people who did do something in the way of treatment didn't do it soon enough. Times (and people) unfortunately haven't changed much since that classic remark.

So prepare yourself for the annual sermon on what to do about colds—or just turn the page and read the classified ads. Nobody can make you read this!

To begin with, the time to lambaste that bug is when you first “feel a cold coming on”. Usually that will be before the first sneeze and before that first slimy trickle. You know what the feeling is, and that’s the time to take it to bed with you—not 16 or 17 hours

later! The movie theaters, basketball courts, hockey rinks, bridge clubs, pool tables and dice games will still be in operation when you get up—and so will you!

Now that you're in bed you don't want to be getting up every 15 minutes, so be sure there's plenty to drink on the bedside table (anything wet will do as long as it's water or fruit juices) because drink you must. Drink until you float—until it runs out of your ears, and if you're still hungry with all that liquid in you, it's okay to eat.

Go easy on the nose-drops. They have their place, but too frequent use is bad. They produce a reaction opposite to the one you want.

Be careful how you blow your nose—if they can hear you in the next block, you may awaken with an aching ear to add to your misery.

A little aspirin is all right and extra blankets to promote sweating (if you don't throw everything off in the middle of the night) may help.

Leave the penicillin you didn't use the last time in the medicine cabinet!

If this treatment doesn't work, it's probably because you didn't get your head down soon enough—so get the expert in for a look. If your temperature flirts with the 101 mark or if you're not able to lick it in 48 hours, give your doctor a chance.

Don't try to "work it out" or "walk it off", whatever you do. You're doing no favor to all the people with whom you come in contact at work, at the club or in the movies, and more particularly to the members of your family. And when your wife tells someone very innocently, "Henry got a cold and it went through the whole family", go hide your head, Henry!

Incidentally, don't forget this: People don't catch colds — colds catch *people!*

Retirements

(Continued from Page 1, Column 1)

PATRICK HEALY, Waterville, was re-
tired with benefits to start February 27,
1956.

Mr. Healy was hired in June, 1933,
and has 22.6 years of continuous ser-
vice. Always in the Waterville Div.
Boiler Room, he was serving as an en-
gineer when he was forced to leave due
to illness in August, 1955.

"Scoops" From Zippers

By Louise Foell

Stephen Brittain, son of Ruth, Packing,
has graduated from the College of Forestry,
New York State University, Syracuse, N.
Y., on February 15th, and will put his
knowledge to use in the Forestry Dept. of
the Eastern Pulp Co., Calais, Maine starting
March 5th. Good luck, Steve.

Airman 2nd Class Richard Estelle, son
of Elenore, Packing, has received his sec-
ond stripe. Richard enlisted in the Air
Force ten months ago and is now stationed
at Weisbaden, Germany. His dad, Douglas,
is in the Engineering Dept.

Welcome back to John Dunn who has re-
turned from a sick leave.

Mary Scott, Wire Form, and her sister
recently celebrated their birthdays. They
were born on the same date.

Our best wishes go along with Frank
Petto, Wire Form, who resigned recently.

Mary Palmer, Packing, has a brand new
granddaughter, Patricia Ann. She was born
on February 15th.

Terry D'Agostine, Wire Form, is on the
sick list. Get well quick, Terry.

Now that Julia Shegda is settled in her
new home, she has started entertaining, by
having a dinner party for some of the girls
in Slide Fastener. From all reports, every-
one had a good time and a fine dinner.

Rod & Gun Club

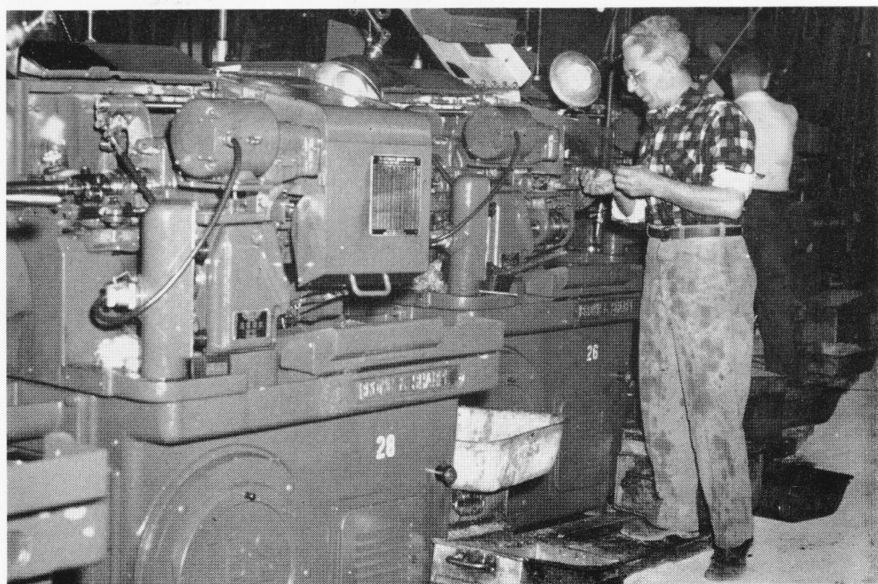

Coming to the spring banquet? It won't
be long now! Chairman John Hubbard,
together with Ray Ladden and John Capone,
are planning a great sportsmen's party at
Doolittle Hall on Thursday, April 5th.
Dinner will be served at 6:30 p.m. after
which the usual fine sportsmen's movie
show, selected under the personal super-
vision of our perfectionist Jim Littlejohn,
will be presented. Jim promises some of
the latest and finest selected hunting and
fishing films. So, come one, come all! It'll
be another grand night. Tickets will be
available soon from club officers and com-
mittee members.

Trout restocking will take place at Wood-
tick Lake on Sunday morning, March 25,
at 11 a.m. Davey Bros. will deliver our
annual supply of adult trout. This is a
ceremony many of our men enjoy and turn
out in great numbers to watch. (Your
scribe respectfully suggests that all observ-
ers attend church early that morning—and
that means you).

Have you your 1956 membership card?
If not, get in touch with Bob Anderson,
Hot Forge Tool, ext. 2324, and he will take
your dollar for a dues card.

Bob had a rather bad experience last
week. Having business at the new E. R.
Building, he parked his car in Milt Burrall's
parking space. When he came back, he
found a rear tire flat with a good sized
nail sticking out. Said Bob under his
breath "That's the last time I'll park here.
Why didn't he call me, I would have
made it. No need to go to such drastic
action . . .". What did you do with the
nail Bob? Chew it?

New Brown & Sharpe Machines in A.S.M.D.

Anthony Santoli, A.S.M.D., inspects the screws which are being made automatically by one of the new 00 Brown & Sharpe Automatic Screw Machines. The other Brown & Sharpe machines around him are also in production, each tooled to produce automatically a different type of screw machine product.

Another department to acquire new,
modern equipment recently is the Au-
tomatic Screw Machine Dept., where
several new 00 Brown & Sharpe High
Speed Automatic Screw Machines are
now in operation. These machines,
which produce a diversified line of
screw machine products, are the most

modern and fastest of their type. They
are 25% faster than previous models
due to spindle speed of 7200 R.P.M.

The Brown & Sharpe must first be
properly tooled for the particular job
to be run, after which the operator
places a proper size rod (from the Rod
Mill) in the stock tube and then starts
the machine by merely pushing a but-
ton. The rod goes through the feed
tube automatically and into the ma-
chine where the tools are set to auto-
matically produce the item desired. The
tools may be set to thread, drill, tap,
mill, knurl, recess, turn, form, skive,
roll thread and cross drill. One rod
may run anywhere from 5 to 35 min-
utes, depending upon the type of item
being produced.

Having the best equipment available,
together with most efficient operators
to man them, is one sure way to help
keep up with competition, to produce
the best possible products and to insure
jobs of employees.

Press 2 Tops Lipstick In Bowling Match

The challenged emerged victorious
recently when the bowlers in Press II
accepted the Lipstick Relay Bowling
League's invitation to a match. With
a handicap of 87 pins per game gra-
ciously given by the challengers, Press
II took the first game—1395 to 1338.
The keggers of Lipstick rallied to take
second game—1431 to 1209 and the
third game—1651 to 1612. However,
Press II copped total pin fall with
4477 to Lipstick's 4420.

Press II honors for high single game
went to Claire Mancini with 116 and
for high three games to Agnes Towne
with 323.

Lipstick's Grace Sorbo and Gen-
evieve Verzino tied for high single
game with 122 and Anita Ricciardi
bowled 329 for high three games.

Scovill Retreat League Communion Breakfast

An invitation is extended to all Sco-
vill men, and friends, to attend the
Communion Breakfast, sponsored by
the Scovill Retreat League, on Sunday,
March 11, in the Copper Room of the
Hotel Elton.

Tickets for the breakfast, which will
be held after the 8 a.m. Mass, can be
obtained from Co-chairmen Joe Beg-
nal and John Capone, Treasurer Ed
Berube, or at the door on Sunday.

Foremen To Sponsor Do It Yourself Clinic

On Wednesday, March 7, at 7:30
p.m., Doolittle Hall, the Scovill Fore-
men's Association will sponsor a free
"Do It Yourself" clinic, featuring
Apothecary Hall Company paint and
turf management experts.

Clem T. Sutton, representative of
the Waterproof Paint and Varnish Co.
of Watertown, Mass., will discuss
painting problems, explaining how to
refinish all surfaces, interior and ex-
terior. Harold Duyser, turf manage-
ment expert, will discuss and answer
questions in connection with the con-
struction and management of lawns,
including how to deal with seed, fer-
tilizers, lime and the angle of what to
do about weeds and bugs.

Family members and neighbors are
invited, refreshments will be served.

Waterville Foremen's Association Hold 2nd Annual Banquet

The Waterville Foremen's Association held their second annual banquet on Saturday, February 25, at the Copper Kettle. Approximately 25 members and their wives enjoyed a wonderful evening of dining (top right photo) and dancing.

Top left:—Committee members and their wives:—Chairman Ray Caffrey, Ed Creem, Ray Kozen and Tom Chapman.

Left photo:—The speakers, together with their wives: (left to right) Walter Keating, former president of the association; Vice President and General Manager of the Waterville Div. S. G. Gaillard, Jr.; Thomas Chapman, Master of Ceremonies; Asst. General Manager A. H. Goepel and Plant Mgr. L. G. Robinson.

Scovillites Top Yearly Blood Quota

Al Smith, foreman of No. Mill Finishing, has been a blood donor since World War II when Scovillites donated blood directly to local hospitals.

Since the start of the Mobile Unit's visits to the plant, Al has donated two gallons. Top:—He received the award from Mrs. Harry Michaels as Mrs. George Goss looks on. Lower photo:—Al's blood pressure is taken by Genevieve Robillard, Scovill nurse, who assisted at the visitation to Scovill on February 23.

Scovillites donated 120 pints of blood at the February 23rd visit of the Mobile Unit to the Girls' Clubhouse.

A yearly quota for employees was set at 500 pints and with this fourth visit of the Mobile Unit, the cycle was completed with a total of 562 pints donated by the four sections of the plant.

Two Succumb

MICHELE MUCCI, retired, died on February 15, 1956.

Mr. Mucci came to Scovill in December, 1942, and had a continuous service record since February, 1944. Always in the Hot Forge Dept., he was serving as a floorman when illness forced him to leave in March, 1954. He was retired in January, 1955.

JOHN L. ROBINSON, retired, died on February 20, 1956.

Mr. Robinson was first hired in 1889 but, due to periods out of the plant, his continuous service record began in May, 1906. Always in the Carpenter Shop, he was General Foreman when retired in August, 1948.

Cincinnati Office Moved

Our Cincinnati office and warehouse have moved to new headquarters, as of February 27, 1956. They are now located at 2330 Glendale Milford Road Evendale, Cincinnati 15, Ohio.

Cellars and yards cleaned, reasonably. Call ATlas 3-9117.

Ashes and rubbish removed, cellars cleaned, trees cut, lots cleared. Call 4-8295.

By Theresa Ryan

Reservations for the gala St. Patrick's Day weekend trip to New York are going very quickly. If you plan to join this party, please call Margaret Snowden at ext. 2293 for reservations.

Leona Deegan, Electric Shell, and Mildred Basso, Lipstick, recently celebrated birthdays. Leona was pleasantly surprised by a cake with candles from her grandson Dennis Buckley. Mildred was given a birthday party by a group of friends.

We wish to express our sincere sympathy to Eva Nigro on the loss of her mother.

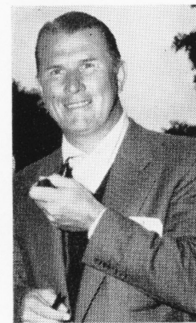

The welcome mat is out for Genevieve Gensler, Mary Palmer and Louise Walsh, all of Slide Fastener, and Anna Jurevice of the Closing Room.

There will be a Cabaret Dance on April 7th. Plan to keep that night open for the big event.

Orders are now being taken for Easter bunnies and candy. The prices range from \$1.50 for the small bunnies to \$2.25 for the larger ones and \$3.00 for an adorable bunny doll. Please place your orders as soon as possible, so that you may have the articles before Easter.

Bud Geoghegan At Golf Clinic

Bud Geoghegan, golf pro at the Crestmont Country Club in West Orange, N. J., will be featured at the 9th Annual SERA Golf Clinic at Doolittle Hall on Wednesday, March 21, at 8 p.m.

Well known in local circles and to Scovill golfers of the 30's, Bud has been at Crestmont since 1945 and is known in the New Jersey metropolitan sections as "The Ambassador of Golf". He was named "Professional Golfer of the Year" in New Jersey for 1955 and was New Jersey's candidate for the National Bob Harlow Award. Bud doubles as an evangelist, preaching the gospel of golf with a unique combination of showmanship and promotion. He will lecture, demonstrate and instruct on the art of better golf.

The committee for the event consists of: Chairman Don Garrick, Jim Coffey, Ray Driscoll, Charlie Vaughan, Howie Kraft, Jack Pyatt, Les Fuller, John Hall and Pete Smolley.

Scovillites In The News

Richard W. Goss

Richard W. Goss, Sales Manager of Aluminum Mill Products, was re-elected chairman of the Rolled Bar and Rod and Wire Division of the Aluminum Association at a meeting of the association in New York recently.

Mr. Goss was also elected to represent the division on the association's board of directors and was re-elected to represent the Sheet Division on the board.

Hector E. LaRiviere

Hector LaRiviere, foreman of the Tin Shop, was elected an affiliate of the Society of Heating and Air Conditioning Engineers, Inc. recently.

Mr. LaRiviere was awarded a diploma for excellence in air-conditioning engineering by the engineering firm of McKinley-Roosevelt, Inc. of Chicago.

Leavenworth P. Sperry

Leavenworth P. Sperry, Chairman of the Scovill Board of Directors, was re-elected to the National Industrial Conference Board at the organization's 365th annual meeting held in the Waldorf Astoria Hotel in New York.

Mr. Sperry was elected to the board in 1945 and has been active in the board's works since that time.

The Younger Set

All dressed up in their best "bib and tuckers" are the DeMundas: Judy, 2½, Grace, 18 months, and Tommy, 4½ years old. Grandad is Joe Longo, of Store #7.

Posing with his toy elephant is Jerry Altieri, now 5 months old. He is the grandson of Pat, Elec. Shell, and Anna Ciasullo, Lacquer.
