Suggestors Earn Cash Prizes

The fact that the power of suggestion can be turned into money can be verified by several employees who cashed in on submitted ideas in time for their Christmas Shopping.

Top prize of \$300. awarded at the December meeting of the Industrial Improvement Committee went to Sidney Frank of the Strip Mill Div.; \$180 went to Harry P. Bellemare of the Closing Tool Room, and \$50. to Egiziano Giacobini of Aluminum Finishing.

Other Cash Awards

\$15.00—Albert Schultz, Grp. Eye.

\$10.00—Joe Longo, General Stores

\$5.00 —Joe Longo, General Stores

Letters of Appreciation

Joe Ciarlo, Cosmetic Tool Room; John Briotti, Eugene Pilia, Victor Nemense, Thomas Kelly, Joseph Diogostine and George Bezuhly (for 4 suggestions) all of the Strip Mill.

CHANGE IN METHOD. Sidney Frank's \$300 was for his suggestion of strapping aluminum coils to hold them together prior to Bell Furnace operations.

Mr. Frank shows Strip Mill Supt. Kenneth Tingley the new method.

Company Announces Executive Changes

Following the regular monthly meeting of the Company's Board of Directors held on January 6th, Mr. S. T. Williams, President and General Manager, announced changes in the corporation's administrative structure "to provide more flexible utilization of both line and staff personnel".

Mark L. Sperry, 2nd has been appointed to the new position of Vice President — Finance. Mr. Sperry will be responsible for budgets, forecasts, salaries, pensions, appropriations, organization of new companies, all financial aspects of acquisitions, and will have general supervision of the offices of the Comptroller and Treasurer. The position of Executive Vice President has been discontinued.

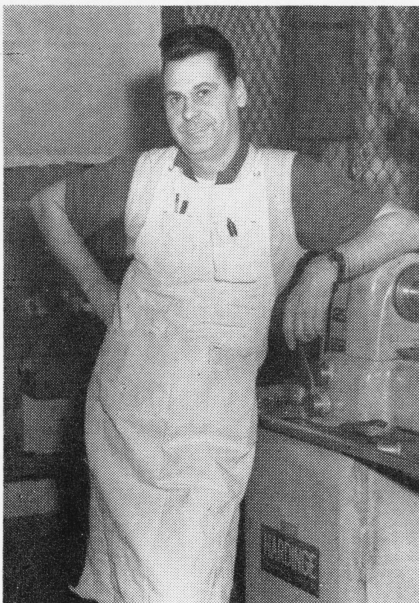

George A. Goss, Jr., Assistant Secretary, is appointed Vice Pres-

ident—Waterbury Services, and as such will be in charge of Waterbury departments concerned with maintenance, engineering and landlord services, traffic, purchasing, employee relations, planning and accounting. The heads of these services will report to Mr. Goss who will report directly to Mr. Williams.

Henry W. Wild, previously Vice President and General Manager of the General Manufacturing Division, is appointed Vice President —Management Staff.

Norman H. Schlink is detached from the Management Staff and appointed Vice President in charge of Fabricating Divisions, comprising the following Divisions—General Manufacturing, Cosmetic Container, Screw Products and Forg-

(Continued on Page 2, Column 1)

CHANGE IN PART. Harry Bellemare's idea of changing the type of prong used in assembling square pearl buttons earned for him \$180.

Mr. Bellemare is a toolmaker in the Closing Tool Room.

CHANGE IN METHOD. Egiziano Giacobini won \$50. for his idea of re-arranging the work rack in the anodizing tank. An anodizer in the Aluminum Finishing Dept., Mr. Giacobini demonstrates his suggested method above.

MEMO *from Management:*

P D Q

"P D Q" is usually thought of as meaning "Pretty D----- Quick" or "let's get going in a hurry". But one of the larger manufacturers in America (General Electric) has given a new meaning to this well-known expression for speed and urgency. It has become the key symbol in a program they have established to impress employees with the necessity for producing quality merchandise. In this program, "P D Q" stands for "Purchasers Demand Quality".

This emphasis on quality is worth thinking about. We spend a lot of time and money in calling on prospective customers — in convincing them of why they should do business with us — in planning and tooling for the order — in actual production — in packing and shipping — in telephoning and writing — and in all the other things that must be done in the office and the factory to fill a customer's order.

But this is all wasted effort if the products actually shipped do not meet the necessary quality standards. And we may not get the chance to try again — a customer soon loses confidence in a supplier that fails to meet quality specifications.

The costs of reworking or scrapping defective products are all extra costs that either reduce or eliminate any profit that might have been made on the order. Orders are too scarce and profits too uncertain to risk losing them both by not producing what the customer is paying for and has every right to expect.

So, let's give our own interpretation to "P D Q"—"Produce Dependable Quality".

Company Announces Executive Changes

(Continued from Page 1, Column 3)

ing, Plumbers Brass and Foundry. The General Managers of these divisions will report to Mr. Schlink who will report directly to Mr. Williams.

Mr. Schlink will also function as General Manager of the General Manufacturing Division.

The Vice Presidents and General Managers of other Scovill Divisions — Mills, Closure, Oakville, Schrader, Hamilton Beach — will report directly to Mr. Williams.

Arthur M. Rogers is appointed to the new post of Vice President — Sales Coordination, in addition

to his duties on the Management Staff. He will be responsible for the establishment of uniform sales policies and the coordination of company-wide sales efforts, and will have general responsibility for the operation of joint company sales offices.

The Management Staff, comprising Vice Presidents Ivan L. Coulter, Arthur M. Rogers, Henry W. Wild and George W. Young, will continue to act in an advisory, consulting, and investigatory capacity for the corporate management and will perform such other assignments as may be desired.

1960 Vacation Shutdown Period

The Company and the Union have agreed to a two-week shutdown for vacations in 1960. The weeks ending July 24 and July 31 have been selected for this purpose.

The Waterbury Divisions and Services will be closed during this period. The New Milford plant will also shut down those weeks unless the demands of business make it impractical.

Employees entitled to a third week will be canvassed for choice of time off as in the past.

Credit Unions

Members of all Scovill Credit Unions are urged to attend the annual membership meetings which will be held this month. Elections of officers, voting on dividends and other pertinent business will be conducted.

In addition to the business sessions, a social hour will be held with refreshments to be served.

Meetings are scheduled as follows:

Credit Union #1 — Wednesday, January 20—8:00 p.m.—Scovill Girls' Club.

Credit Union #2—Monday, January 18—7:00 p.m.—Scovill Girls' Club.

Credit Union #3—Friday, January 15—7:30 p.m.—Scovill Girls' Club.

Credit Union #4—Monday, January 11—7:30 p.m.—Doolittle Hall.

Credit Union #5—Waterville Div. —This credit union is being liquidated, with members now working in the East Plant being absorbed into Credit Union #4. Arrangements are being made also for members working in the Foundry plant in Waterville, as well as those now working in Waterbury offices.

Alien Registration

Aliens (non-citizens) who are in the United States on January 1st must report their address during the month of January, according to the Immigration and Nationality Act.

This is required even though the alien has not changed his address since filing the last report.

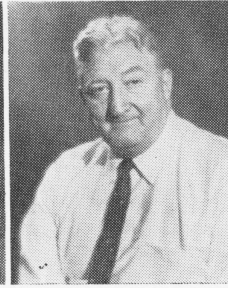

As a service to employees concerned, the Employment Office is sending registration forms to all Scovill employees who come under this requirement. Please fill them in and return to your foreman—this month!

Less Take Home Pay

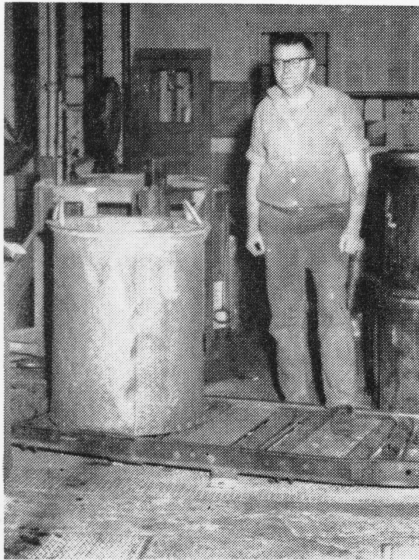

Starting with your first pay check to cover earnings in the year 1960, deductions for Social Security payments to your account will be increased to 3%. This rate will be deducted from your wages until your earnings for the year total \$4800.

However, as the law states that the employer must match the employee's contributions, dollar for dollar, Scovill must also pay 3% of your earnings toward your Social Security account for the same period.

THEIR SCOVILL SERVICE TOTALS 250 YEARS. Pictured at service awards presentation ceremonies in the Display Room on December 21st are:—(left to right) William Leary, John Crichton, Charles Malagutti, Edward LaChance, and

Mary Marek who have completed 25 years of service; President S. T. Williams; Joseph W. Stassen, who has completed 50 years of service; Robert Fumire, Hubert Connelly and Roger Lowrey, all 25-year employees.

CROSSING ROLLER CONVEYORS. *Thomas Loy, Annealing, uses caution in crossing this roller conveyor. He has placed his foot on one of the tread plates installed on the conveyor to make a reasonably safe foot path.*

This simple arrangement eliminates the need for a wide step or stepping on the rollers, thereby removing a serious hazard and helping to improve the accident record.

Your Social Security

. . . Have your earnings been properly credited to your social security account?

. . . Have you checked your social security record in recent years?

Most people know something about their rights and benefits under social security but many do not know they have certain obligations, too.

If your answer to the above questions is "no", you should take action now. Social security records should be checked at least once every three years and the sooner a worker checks the easier it is to correct any errors in his earnings records.

It's good business to verify that your earnings have been properly credited to your account just as you make sure you receive credit for your bank deposits and insurance premiums.

It's an easy thing to do. A special postcard ("Wage Statement Request") is available at the Bulletin Office with which you can request a statement of earnings. When you receive it, check it carefully against your own records. If you believe that there are any errors—that all of the earnings that should have been credited to your account are not shown—take the statement and your records to the Social Security Office at 108 Bank St.

Happy New Year To You, Too!

By Robert W. Butler, M.D.

This is the time of big heads and small resolutions. As the heads get smaller, the resolutions get older, and most of them (the resolutions) die of old age at the end of their first week of life. Some of the more hardy live a month, and very, very rarely you hear of one that lives to the ripe old age of one year!

That probably sounds cynical and as if we're agin' New Year's resolutions. Neither is true—we're just agin' a multitude of resolutions born of remorse, when the maker knows to start with that he'll never really try to keep them alive.

We're all for the sane and sensible resolution, made by a clear, normal-sized head, just because it's good, wise and important enough to be kept alive. Did you ever hear of one person wishing another Happiness, Wealth and Health? Of course not—it's always the reverse; because if you don't have health, you can't do much with the other two.

So, let's resolve that in this year of our Lord—1960, we will give more thought to the preservation of our health; and let's resolve to keep the resolution 365 days!

Let's resolve right now to get down on our knees at the end of every healthy day and thank God for it. There are two reasons for doing that. We owe Him the thanks for it, and we owe ourselves the daily reminder.

We are happy to be here and give all the help we can to those who are sick or injured, but we're a thousand times happier when we can keep them from getting that way. None will take issue with the statement that preventive medicine is much more desirable than repair-shop medicine—certainly none who have ever been sick or injured! The things you read here have been efforts directed toward helping you to keep your good health—not much about what you should do after you've lost it.

Let's resolve to get away from the ridiculous "it can't happen here" philosophy because it certainly *can* happen here. There are certain types of accidents which can't happen to you if you're never in the place where they happen but, beyond that, there is not a single thing which you've heard of happening to anyone else which cannot or may not happen to you!

We go on our healthy, merry way week after week, month after month, and we're likely to get pretty smug. We get careless and thoughtless about the thing which is our priceless possession—until we lose it and realize how foolish we've been not to have given it one minute's thought a day.

Let's not be morbid about it—we don't want to spend a lot of time thinking about it but let's give it just enough attention so that 355 days from now, 1960 will have been a Happy Old Year!

Fishing Notes

The Rod & Gun Club will hold its annual meeting on Tuesday, January 19, at the Girls' Clubhouse.

The meeting, one of the highlights in the Club's annual program, will start at 7:00 p.m. and promises to be well attended . . . the refreshment committee with *Ed DeBisschop* and *Herb Eastwood* serving as co-chairmen, promises the usual high quality vittles, etc. . . . the Auditing Report will be presented by Vice President *Harold Rogers* and *Daniel Camerota* . . . the Nominating Committee, consisting of Chairman *Bob Fumire*, *Tom Kaukas* and *Vinnie LoCurto* will bring in a slate of candidates for offices.

It is interesting to note that, by mutual agreement between the Rod & Gun Club and the SERA, the new president of the Club will automatically become the chairman of the SERA Fishing Committee. This, it is felt, will

make for closer cooperation between the two organizations. This change was brought about by the present Fishing Chairman whose recommendation was accepted by both groups and who, at this time, would like to express his appreciation to all those who helped him during his term of office—especially *Jim Littlejohn* and *Lee Reid*.

It is requested that members who plan to attend the annual meeting notify the officers at once so that sufficient refreshments will be available for all. The officers are: *Jim Coffey*, Ext. 591; *Harold Rogers*, Ext. 677; and *Mike Cicchetti*, 2325.

May we wish all our members and their families a very pleasant and happy New Year, and may we suggest that *one* resolution might well be in order for all of us—"that we will do more fishing in 1960".

PARTIES, DECORATIONS THROUGHOUT PLANT. *The Christmas and New Year's holidays were observed throughout the plant with colorful decorations such as the display in the Milling and Grinding Room (right) and with department parties such as that held by the Merchandise Sales Division (above) held at the Scovill Girls' Clubhouse before the holidays.*

Retirements

Effective January 1, 1960

FRANCISCO ANDRADE, tandem roll helper in the Rod Mill—23.1 years.

LEONARD H. ASHLEY, condenser Tube Products salesman in Philadelphia Office, Mills Div.—42 years.

ALFRED E. BOLETA, jitney driver in the Casting Shop—42 years.

CATHERINE R. BOWES, power press, foot press operator and bench worker, Cosmetic Div. Finish Assembly—15.1 years.

VICTOR A. DESAUTELS, centrifugal oil separator, in Bldg. 112 Service—13.5 years.

ANGELO J. DIGIOVANNI, supervisor in the Wire Mill—26 years.

HENRY W. KAMENS, toolmaker in General Mfg. Tool—21 years.

JOSEPH KWARACEIUS, toolsetter in Blanking—42.1 years.

CLAUDE B. LINK, storekeeper of electrical tools and supplies in the Electrical Dept.—42.5 years.

ZENAIDE B. MORINI, inspector-packer, Screw Machine Pack—20 years.

SULO MURTEZA, locker room attendant, Strip Mill—9.2 years.

JEVAT MUSSA, locker room attendant, Casting Shop—39.7 years.

Retired Folks' Club

Members of the Retired Folks' Club will hold their regular monthly meeting on Tuesday, January 12, 1959 at Doolittle Hall at 1:30 p. m. Movies will be shown and refreshments served. Cards will be sent to all members as usual.

Pinochle Tourney

Scores for Dec. 17, with standings to date:—

Laudate	36,355	435,350
Matulunas	42,720	432,810
Mancini	38,420	429,595

High scorers on Dec. 17: Cannata with 4620; Hollywood with 4255.

The first round of the tourney ends on January 7th; the second round will start on January 14th.

Archery

All Scovill archers are invited to join in the sessions being conducted at Doolittle Hall on Monday evenings starting at 7:30 p. m.

Instructions will be provided for beginners and competition for those who have had experience. Equipment is available for those who do not have their own. For further information, contact the Employee Activities Office.

New Assignments

Cosmetic Container Div.

NEIL McMILLAN—Assistant Foreman, Dept. 62, 1st shift

W. A. ROOT — Assistant Finishing Engineer.

J. P. BURKE—Foreman, Dept. 62, 2nd shift

ALEXANDER SCONZIANO—Assistant Foreman, Dept. 62, 2nd shift

General Mfg. Div.

J. N. HATHAWAY — Sales Manager, Automotive Sales

Basketball League

The SERA Basketball League has resumed play after the holiday layoff, reports Sports Chairman Clint Pelkey. The four teams play at Sprague School on Friday evenings.

The teams, with managers, are:—

Closure—Dick Piersall
Plumbers Brass—Louis Laudati
General Mfg.—Carl Pickett
Strip Mill—Robert Pekock

The schedule for the month of January is as follows:—

January 15

7 p. m.—Gen. Mfg. vs Strip Mill

8 p. m.—Plbrs. Brass vs Closure

January 22

7 p. m.—Strip Mill vs Plbrs. Brass

8 p. m.—Closure vs Gen. Mfg.

Valentine Dance

A Valentine Dance, sponsored by the SERA, is being planned for Doolittle Hall on Saturday, February 13th.

Seth Thomas' orchestra will provide music for dancing. Notices will be issued as soon as all details are completed and tickets are available.

Holiday Special Nets 193 Units

Scovill employees are to be congratulated for their cooperation in helping to be sure blood would be available in case of an emergency—to themselves, a loved one or a co-worker—during the holiday season.

Over 200 volunteered to donate a unit of blood at the December 15th visitation of the Blood Mobile Unit to Scovill; 193 were accepted; a 2-gallon pin was awarded to Winston Ferston; 1-gallon pins were awarded to William Delpo, Steven Knott, Thomas Guinea, Hormicas Beausoliel, Michael Buczak, Albert Bernier, Edward J. Dussault, and Erving J. Honyotski, Jr.

RECEPTION DESK. *Volunteers Miss Sadie Phelan and Mrs. S. T. Williams sign in donors on their arrival.*

BLOOD PRESSURE CHECKED. *Red Cross nurse checks a donor as others await their turn.*

BLOOD PRESSURE AND HEMOGLOBIN COUNT. *At "peak" time, additional nurses helped to ready the volunteers.*

ON THE TABLE. *One of the two rows of six tables each which were in constant use most of the afternoon.*

OLD TIMERS AT GIVING. *Left:—Vincent Jacovino, a 3-gallon donor, tells Ed Dussault that the 1-gallon pin he is receiving is always the hardest but a very fine start. Volunteer Sadie Phelan "pins" Ed.*

Right:—This hale and hearty group repre-

sent more than 15 gallons, or 128 units of blood. (Left to right):—Ed Dussault, 1 gallon; Irving Fagan, over 2 gallons; Alfred Galvin, 1 gallon; Robert Johnson, 1 gallon; Adam Balkus, 4½ gallons; Genero Cocchiola, 2 gallons; and Vincent Jacovino, 3 gallons.

ADAM BALKUS holds white pillow, with a red cross, on which have been inserted 36 pins given to him for individual donations, and four 1-gallon pins.

The 193 units of blood donated on December 15th brings the total amount of blood collected during the year 1959 to 674 pints . . . putting Scovill employees at the top of the list of blood donors in the city.

TWO MILLION MANHOURS—ACCIDENT FREE. Mr. H. W. Leavenworth, Vice President and General Manager of the Oakville Company Division, holds plaque commemorating the outstanding record achieved by the division. President S. T. Williams holds miniature version of award which was presented to the Company in recognition of the record set by our Oakville division.

Factory Nurse Marion Green; Donald Kerr; Plant Engineer Henry Carlson; Earl Garthwait and F. Richard Hoyt also attended the presentation ceremonies. The four men represent the Safety Committee of the division.

Oakville Co. Division Receives Liberty Mutual's Highest Award

Oakville Company Division has received the highest accident prevention award to be given by the Liberty Mutual Insurance Company. Employees of the division completed two million working hours without a lost time in-

jury to set this, one of the most outstanding records in the state.

Mr. R. L. DeLeeuw, Divisional Sales Manager, presented the awards on behalf of Liberty Mutual. Messrs. David Sletten (Supervising Engineer) and F.

Obituaries

JOHN P. SMITH died on December 17, 1959.

Mr. Smith had retired in July, 1946 with almost 27 years of service. When retired, he was serving as a checker in the Waterville Plating Room.

GEORGE F. CROSE died on December 24, 1959.

Mr. Crose retired in February, 1948, with 34 years of service. He was a Field Supervisor in the Traffic Department when retired.

FRANK S. ABBONDANDOLO died on December 27, 1959.

Mr. Abbondandolo had over 44 years of continuous service when he retired in April, 1955. He was a cleaning machine operator in Chucking.

HERBERT L. ROBERTSON died on December 24, 1959.

Mr. Robertson, who had been an employee for the past 7 years, was a toolmaker in the Cosmetic Tool Department at time of death.

W. Stedman (Waterbury Manager) also represented Liberty Mutual.

Several of our Waterbury Divisions have attained the one-million hours record, but the Oakville Company Division is the first of Scovill divisions or subsidiaries to attain this outstanding two-million hours record.

TRIBUTE TO JOE STASSEN. A great many years of Scovill service are represented in this group of men who attended the ceremony last month when Joseph W. Stassen, of our New York Office, received his 50-year pin. Retired associ-

ates of his, in attendance, included: Ralph Dawson (New York) 48 years' service; Rudolph Schneider, 50 years; Henry Littlejohn, 49.7 years; Glenn Wayne, 49 years; and Walter L. Wood, 42 years.

Active members of the Closure Division attending the ceremony who have passed the 40-year service mark include: Vice President P. E. Fenton, 42 years; B & F Div. Product Manager, E. D. Janes, 40 years; Works Manager

J. G. Wolff, 40 years; W. M. Coleman, Finishing Engineer, 44 years; J. J. Veillette, Process Engineer, 43 years.

Also on hand:—Mr. H. D. Ward, Closure Div. District Sales Manager, New York Office; Jesse Barratt, W. C.

Giesker, A. D. Patchen, O. R. Maxim, G. H. Ashman, R. V. Havican, R. M. Peabody, M. R. Hollywood, and Thomas Rush. President S. T. Williams is pictured with the group as are Hubert Connelly and Robert Fumire, 25-year award recipients.

Classified Advertising
