

October — United Fund Month At Scovill

The Scovill United Fund drive for 1961 is being conducted from October 3 through 31. The quota for Waterbury Divisions' employees is \$110,800.

The drive was opened officially with a rally at Doolittle Hall which approximately 300 campaign workers attended. Speakers included Scovill president S. T. Williams; Local 1604 UAW-AFL-CIO vice president Victor Palladino and William Walsh, general chairman of the Waterbury United Fund Campaign Committee.

Again this year, the drive in Scovill is headed by a joint Management-Union Committee. Co-chairmen are John Moore and Charles Rietdyke representing Management; with Lawrence

Bernier and Herbert Eastwood representing Local 1604.

In addition to the four co-chairmen, the following committee members will be serving in their divisions:—

Buildings and Systems — Charles Stickney and Joseph Graveline

Closure—G. M. Williams and Kenneth Mulvey

Cosmetic Container Div. — Edward Willhaus and Anthony Diogostine

General Manufacturing Div.—John Cowperthwait, Ray Murphy, Helen Johnson and Lawrence Bernier

Mills Division — John Fogarty and Herbert Eastwood

(Continued on Page 2, Col. 3)

New Entry System At Pedestrian Gates

Employees or visitors entering the plant (at other than regular shift changes) through certain gates must now "work their way in". A remote control system has been set up at:

Mill Street

No. Hamilton Ave.

Bridge St. (West End)

Bldg. 112 (West)

Woodyard

Employees entering or leaving at the regular 7 a. m. and 3 p. m. shift changes are not affected—a guard is on duty at these times at all gates except Bridge St. (West End). At all other times, the gates are controlled from Guard Headquarters by remote control. (See picture story on Page 7.)

UNITED FUND CAMPAIGN. Above scenes are at Doolittle Hall at the rally for United Campaign workers in the Scovill drive during the month of October.

Top left:—John Moore, one of the four Scovill co-chairmen, speaks to the campaign workers. Seated, first row:—Victor Palladino, A. C. Curtiss, S. T. Williams, Co-chairmen Charles Rietdyke and Lawrence Bernier. Co-chairman Herbert Eastwood was unable to attend. 2nd

row:—C. A. DuBois, M. L. Sperry, 2nd; John Fogarty and Paul Beetz.

Top right:—President Williams expresses the Company's support and participation.

Bottom left:—Campaign workers pick up their literature kits at the close of the meeting.

Bottom right:—Victor Palladino, Vice President of Local 1604, UAW, representing President Ralph Daddessio, expresses the approval and participation of the Union.

MEMO *from Management:*

IT'S NO SECRET . . . Anybody in the metalworking industry knows that business has been slow for some time. However, until just recently, most of the country's top economists were not ready to admit that the weaknesses in our economy were widespread enough to warrant the label "Recession". What has seemed like our private recession is now being acknowledged by some of our better known economists and business papers. An example is this quote from the September 26 issue of the WALL STREET JOURNAL:

"The conclusion that a recession has been under way comes from a listing of economic figures showing declines . . . housing starts . . . steel output . . . new orders received by manufacturers . . . manufacturing payrolls . . . lay-offs in autos and railroads."

Another economist has recently admitted, "I believe we are probably about halfway through a rolling adjustment. The recession of 1961 that everyone is talking about is already half over."

Another one, looking for a silver lining in the black clouds of recession, has this to say, "Business is closer to an upturn than it would be if the downturn were still to come."

(In other words, you have to be sick in order to get well!)

* * * *

NOT JUST WATERBURY . . . Driving along Hamilton Avenue or East Main Street, it is easy to think of Scovill-Waterbury as the whole company: it looks big enough. But Scovill is not just Waterbury, and that's a good thing right now when Scovill-Waterbury's total contribution to the Company is less than adequate. In fact, it is the divisions outside of Waterbury—and especially outside of the United States—that are now contributing to the folks here at home. Scovill units overseas, with a small share of our total sales volume, are currently responsible for a large share of earnings.

* * * *

BROKEN GLASS . . . It is becoming increasingly difficult for domestic manufacturers to sell certain American-made products in competition with imported materials. The old cost-price squeeze has been steadily taking its toll. Take sheet glass, which goes into windows, mirrors and automobiles. In 1950, imports represented 21½% of United States production; in 1959, they accounted for 31%. Significantly, the tariff on sheet glass dropped from 60% to 14.8%. Furthermore, ocean freight rates make it cheaper to ship glass from Antwerp to Boston than from West Virginia to Boston; or from Yokohama to San Francisco than from Oklahoma to San Francisco. So Detroit buys the bulk of its glass from foreign producers. And the Pittsburgh Plate Glass Company is operating at 55% of its sheet glass capacity, with a 25% reduction in the work force.

United Fund

Service & Maintenance Div.—Henry Hart and Rocco Palladino

Traffic Dept.—William Morrison
Accounting — Executive Offices — William Lanzoni

Employee Rela.—Charles Rietdyke

Engineering—Charles Stickney

Planning—Ernest Rumberg

Purchasing—Charles Grimes

The goal—\$856,935 minimum if the 31 member agencies of the United Fund are to continue to operate during the coming year—can be reached and without putting any excess burden on anyone—if every individual would give his fair share. Giving by payroll deduction is the simplest and easiest way. Each weekly amount is surprisingly small but if everyone contributes in this way, the 1961 goal can be reached.

New Assignments

General Manufacturing Div.

JOSEPH IZZO — Foreman of Dept. #2, Drawing Room — in addition to present responsibilities.

HAROLD SLOCUM — Foreman of Dept. #12, Press #2.

Register and Vote!

New Voters — Saturday, October 15, is the last day for admittance in Waterbury before this year's elections on November 8th.

Absentee Ballots—If you expect to be out of the state on election day, be sure to get an absentee ballot, fill it out and *mail* it in to the Town Clerk. It must be in the hands of the Town Clerk by 6 p. m. on November 7th.

Transfer of Registration—If you have moved, be sure to notify the Registrar of Voters not later than seven days before election. Send for the application for "transfer of registration", state on it your present address, the date removed thereto and the address at which you were last registered.

Standard Time

Eastern Standard Time will go into effect officially at 2:01 a. m. on Sunday, October 30, in the state of Connecticut.

At about that time all clocks in the Waterbury Div. will be set back 1 hour.

SEPTEMBER SERVICE ANNIVERSARIES HONORED. President S. T. Williams is pictured with 17 employees who, together, have accumulated 485 years of Company service during the month of September.

1st row: Francis Wrogg, Thomas Izzo, Annette Varcuinas, Mr. Williams, Milton Smith, Giovanni Varrone, Anna Protasevich, Marie Rodrigues, 2nd row: Joseph Bartuski, James Nolan, James Leary, Rocco Rinaldi, Rita O'Neill, Nelson Smith, Joseph Roberge, Joseph Dubauskas, Charles Pranulis, Clayton Reichenbach.

Wise Owl Club

Sight Savers

There are 20,000 Wise Owls in the United States. They are members of a unique group called the Wise Owl Club of America, whose sole requirement for membership is that the worker has saved the sight of one or both eyes because he was wearing safety eyewear at the time of an on-the-job accident.

Scovill has been a member of the Wise Owl Club 1½ years and has three "Wise Owls" in Waterbury Divisions.

This industrial eye-safety organization is sponsored by the National Society for the Prevention of Blindness. It was formed in 1947 as the result of an idea dropped into a suggestion box by Joe Folks, a worker in the St. Louis foundry of ACF Industries.

The primary purpose of the Wise Owl Club is to eliminate needless eye injuries in industry and vocational school shops. James E. O'Neil, director of industrial services for the National Society, believes an answer to the 300,000 eye accidents which occur in industry each year is the 100% use of safety eyewear on an area-wide basis in industrial plants and schools. He points out that industry experiences an average of 1,000 eye injuries

per working day and that 90% of these injuries could be prevented through the use of eye-safety protection.

O'Neil says, "Members of the Wise Owl Club are living proof of the value of eye protection. The cost of the worker's reduced earning and purchasing power, diminished production, and most of all needless human suffering—is incalculable."

The National Society for the Prevention of Blindness is the only voluntary health agency dedicated to prevention of blindness through a nationwide comprehensive program of public and professional education, research, industrial and community services.

Girls' Club News

By Julia Santopietro

Monday, October 24th, is the night of our annual card party and Chinese auction. It will be held at the Clubhouse at 8:00 p. m.

Each member has been sent a notice, together with one ticket. We hope you'll be sending for more — why not make up a table and, as well as have a fine sociable evening, help toward our Christmas activities.

As you well know, these activities include the Children's Christmas party, food, clothing and toys for the "needy" families at Christmas-time.

If you can't make the card party—won't you keep the one ticket and send the price in to one of the committee members listed on the notice?

132 Donate Unit Of Blood

The third visitation of the Blood Mobile Unit to Scovill netted 132 pints of blood. A total of 143 donors volunteered at the visitation which was held at Doolittle Hall on September 27.

Donors included employees in the Mills Division and various offices.

A three-gallon pin was presented to Fred A. Wilson, Co-ordinator of Employee Activities; two-gallon pins were presented to: Fred W. Kirschbaum, Wallace Dunn, Walter Keating and Alfred J. Ayotte, Jr.; one-gallon pins were received by John T. Mitchell, Mrs. Elizabeth Buczak, Richard J. Cullen, Earl E. Tooker, George Lubesky, Anthony J. Butnor and Josephine Levenavich.

Vin Manzolli Heads SERA

The annual meeting of the Scovill Employee Recreation Association was held at the Girls' Clubhouse on Tuesday, September 6th.

Members elected a new Board of Directors to include employees representing all divisions within the Waterbury (including New Milford) plant and the Oakville Division.

The newly-elected Board, in accordance with the Constitution of the Association, elected as their officers for the coming year:

President — Vincent Manzolli of Contract Production

Vice President—Betty Affeldt, Japan Room

Ruth Petersen of the Employee Activities Office was re-appointed Secretary—Treasurer of the Association.

The new Board includes:—

Peggy Armour, Mill Production; Shirley Armstrong, Wire Mill; John Capone, Tin Shop; Joseph Fabiano, Trucking; Thomas McLennan, Oakville Co. Division; John T. Mitchell, Mfg. Packing.

Jean Ostroski, Employee Relations; Margaret Snowden, Milling & Grinding; Albert Kean, Retired; Herb Colby, Packing B; John Deegan, Grp. Eyelet.

Alternates elected were: Victoria Daniels, Closing; Vincent Campoli, Mfg. Eyelet; William Finnegan, Electrical; Alfred Lynch, Gripper Eyelet.

Retirements

CHARLES L. COOK, schedule clerk in Slotters & Threaders retired as of Sept. 1, 1960—31.5 years.

HENRY DROLET, millwright in Millwright Dept., retired as of Sept. 1, 1960—31 years of service.

FILOMENO IAGROSSI, Supervisor in Relay, retired as of Sept. 5, 1960—almost 37 years' service.

MARY C. McKENNA, Accounting Clerk in Payroll, retired as of Sept. 12, 1960—almost 34 years.

ADRIANO LAVADO, Rolls Blocker in the North Mill, retired as of Sept. 26, 1960—25.3 years' service.

Oct. 1, 1960 Retirements

EDWARD H. BARLOW, Product Designer in Plumbing Products Development—almost 41 years.

EDWARD J. CREEM, Buyer in Purchasing—37 years.

MIKE ESUCHENE, Annealer's Helper at Bell Furnace in the North Mill—38.1 years.

PAUL GREGUOLI, Office Janitor—21.1 years.

NIELSINE HANSEN, Miscellaneous machines operator and bench worker in Cosmetic Cont. Dept.—16.6 years.

PATRICK MALLOY, Foundry Technician—almost 23 years.

MARY L. MILLER, Inventory Clerk in Mfg. Stores Records—51 years.

JOSEPH A. MUCKLE, Foreman in Plumbing Tool—40 years.

DONATO PACE, Floorman in Assembling—38.6 years.

PASQUALE SCALFINO, Floorman in Repair—14.2 years.

FRANK E. SHANAHAN, Foreman in Press 2—38 years.

EDWARD J. VANCE, Toolsetter-Leadman in Cosmetic Container—19.2 yrs.

FRANK VELLUCCI, Pan Sorter & Inspector in Trucking—40.5 years.

FRED S. ZANAVICH, Annealer's Helper, North Mill—37.2 years.

Felix Regis

Our heartiest congratulations to Felix Regis who celebrated his 97th birthday recently. Felix retired in 1923 from the Waterville Division but believes in keeping active to keep fit. His flower garden at his Edgewood Avenue home is one of the nicest looking ones in the area during the summer.

RETIREES RECEIVE WARM SEND-OFF. Upper photo:—Employees in General Mfg. Tool Room gather around as retiree Paul Hentzi gets set to cut that enormous cake. Lower photo:—Frank Germinaro is the guest of honor at the send-off party staged by his co-workers in the Hand Screw Machine Dept.

Christmas Mail For Armed Forces Overseas

November 1 to 20 has been designated for the mailing of Christmas parcels and greeting cards, by surface transportation, to our Armed Forces overseas. "Armed Forces overseas" includes personnel of our Armed Forces, members of their families and authorized U. S. civilians who receive their mail through an APO, New York, N. Y.; San Francisco, Calif.; or Seat-

tle, Washington; or through an FPO, New York, N. Y., San Francisco, Calif., or Navy Post Office, c/o Postmaster, Seattle, Washington. The domestic rates of postage are applicable and postage must be fully prepaid.

Your Social Security

More and more younger working people are relying on their social security benefits as the foundation for future security for themselves and their families. However, social security payments will only repay in part the income lost to the family in the event of the untimely death of the breadwinner.

Also, at his retirement in old age or due to disability, only a partial replacement of his former earnings can be made by these benefits.

The social security program should hold as much interest for younger workers as for those nearing retirement age. It is to the advantage of everyone to learn of their rights and benefits from this program early and not wait until the time they may expect to receive a payment.

The Bulletin Office has free booklets available for your use in planning your future security.

Fishing Notes

By Mike Cicchetti

At the first business meeting of the season, Rod & Gun Club members voted to restock Woodtick with 500 pounds of bullheads and 150 trout.

Reeves Competition Standings:—

Sept. 10—largest fish caught:—

Perch—Henry Miller, 10 $\frac{1}{2}$ "

Pickereel—Henry Miller, 23 $\frac{1}{2}$ "

Sept. 24:—

Bl. Bass—Emil Kazmaier, 18 $\frac{3}{4}$ "

Bullheads—three tied for largest fish measured in—12 $\frac{3}{4}$ "—Fred Ehrhardt, Vincent LoCurto, Bob Fumire.

Perch—Harold Rogers, 11"

Pickereel—Joe Grenus, 20 $\frac{7}{8}$ "; Nelson Smith, 20 $\frac{7}{8}$ "

Trout—Bob Fumire, 12 $\frac{3}{8}$ "

Fire Prevention Week — October 9-15

Fire Prevention Week (that in which the 9th appears) is the anniversary of the great Chicago fire in 1871. It is a week to remind people that fire is always a threat to their property—their jobs—their lives—and that fires can be prevented.

In 1959 there were 76,500 fires in industrial plants—212 daily—costing employers \$262,916,000. These fires destroyed many good jobs.

The three principal causes of these fires were:—

- 1) Careless smoking
- 2) Defective electrical equipment
- 3) Mishandling of flammable liquids

Prevention of fires is not just a "Fire Prevention Week" job. It is a never-ending task that needs constant attention from everyone.

In Waterbury, and the entire country, losses in 1960 have been greater than in 1959.

The need to do things to prevent fires is urgent. By paying attention to the seemingly little things, big fires can be prevented.

This is the week to START doing things to prevent fires where you live and where you work. Let us all work together on this front to protect our community as well as our lives and our jobs.

DON'T throw them carelessly

**Discard

Liquids**

DO use small and safe containers

DON'T allow defects and overloads

**Respect
Electricity**

DO have safe arrangements

PUSH BUTTON SERVICE FOR PLANT ENTRY. *Frank Hon-yotski, of the North Mill, demonstrates the new "push button" method of entering through various plant gates.*

Left:—On the outside of North Hamilton Gate, he pushes the button which flashes a light at Guard Headquarters (seen in last photo). A guard will ask Frank for identification and his destination. Satisfied that Frank

is a "legitimate" person, the guard will push a button (demonstrated in right photo by Chief of Guards Bob Aitchison) which releases the lock on the door.

Center:—After clearance, Frank opens the door and steps through into the plant. The door then locks behind him. The same system works from the inside of these gates for an employee leaving the plant.

Obituaries

JOSEPH W. DEWS died on September 9, 1960. Foreman of the Fastener Room when retired in December, 1947—43 years' service.

THOMAS J. MURPHY died on September 10, 1960. A buffer in Buff #2 when retired in November, 1952—36 years of service.

HENRY WILCKEN died on September 13, 1960. A maintenance machinist-welder in Casting when retired in July, 1956—19 years' service.

HELEN M. WHITE died on September 18, 1960. A stenographer-clerk in the Purchasing Dept. when retired last March—37 years' service.

JOHN F. MAYS died on September 24, 1960. A machinist-lead man in Headed Products Tool—40 yrs. service.

DAVID H. THIBODEAU died on September 24, 1960. A coalman in the Steam Dept. when retiring in January, 1959—6.6 years of service.

BENEDICTAS DAUSKURDIS died on September 29, 1960. A gauger on slitters and trimmers in the North Mill Finishing Div.—almost 24 years.

Action Course In Practical Politics

Evening Sessions

Excited about the coming elections?

Curious about: election procedures—political organization—government structure—political participation

Interested in: the study and discussion of:—local, state and federal government — local, county, state and national politics — individual participation in politics — good government in general

If you are: As a public service to our employees, Scovill makes available the "Action Course in Practical Politics", prepared by professional politicians of both major parties and sponsored by the United States Chamber of Commerce. The course consists of nine sessions, each of two hours duration. More than 200 Scovill men and women have completed this course. Competent conference leaders are available. Outstanding professional politicians of both major parties will address the ninth session. Here is your opportunity to study practical politics! Fill out the form below, cut out and mail by Oct. 17.

To: Charles Rietdyke
Employee Relations Bldg.

I would like to attend the practical political sessions
