

# SCOVILL BULLETIN

JUNE, 1967

*Published by Scovill Manufacturing Company for its Employees*

## NEW BUILDING OFFICIALLY OPENED AT SPECIAL CEREMONIES

More than 100 local, state and government dignitaries were on hand to formally open Building 153, adjacent to the Wire Mill in the East Plant. Special ceremonies were held following a tour of the building, with President Malcolm Baldrige officially opening the new plant. Speakers included: Mr. Harlan Griswold, president of the Chamber of Commerce of Waterbury — who also represented Gov-

ernor John Dempsey who could not attend and read a message of congratulations from the Governor — Mayor Frederick Palomba, Local 1604 president Michael Exarhou (not pictured), and Brig. Gen. Robert Woolwine, Director of Procurement and Production, U.S. Army Material Command. Mr. C. A. Burnett, vice president and general manager of the General Products Div., served as M-C.

## Scovill To Acquire NuTone

Scovill President Malcolm Baldrige and J. Ralph Corbett, Chairman of the Board of NuTone, Incorporated, announced that the Board of Directors of each company had approved in principle the merger of the two companies. Stockholders will be asked to approve the merger at meetings to be called later this year.

In the merger, each share of Common Stock of NuTone will be converted into .5 of a share of a new \$2.50 Cumulative Convertible Preferred Stock of Scovill and each share of Preferred Stock of NuTone will be converted into .54 of a share of such Convertible Preferred Stock of Scovill. Each share of the new issue of Scovill Preferred Stock will be convertible into 1.22 shares of Scovill Common Stock and will be non-callable for five years. At the end of five years the Preferred Stock will be callable at \$60 per share with redemption prices declining to \$58 per share on the tenth year after issuance.

Mr. Baldrige stated that the merger

with NuTone was a major step forward in Scovill's continuing emphasis on consumer products. By this combination, Scovill will enter the growing home building and modernization market through NuTone's line of built-in appliances and electronics.

NuTone products include built-in stereo music systems, door chimes, built-in kitchen appliances, custom built cabinets for kitchen and bathrooms, kitchen exhaust fans and range hoods, built-in electric heaters, lighting fixtures and intercom systems for homes, apartments and commercial buildings.

Mr. Baldrige stated that NuTone will be operated as a separate division reporting to Scovill executive vice president John C. Helies. Present NuTone management will continue to be responsible for this division's operations.

Mr. Helies noted that NuTone's sales for the fiscal year 1966 were \$58 million dollars and that earnings were

Ground for the new \$1 million plant was broken just one year ago. Prior to the foundation pouring, 45,000 yards of soft fill had to be excavated and 65,000 yards of solid fill replaced to give adequate foundation for the heavy equipment to be installed. The first foundation concrete was poured on August 15th. The 10,000 square foot structure was built by the Megin Construction Company; the aluminum siding for the building was rolled right here at Scovill.

The first machine was operational by October. Today, approximately 300 employees are at work producing metal components for the M-564 and M-565 fuzes on a sub-contract basis for the U.S. Time Corp. of Middlebury.

4.3 million dollars. Headquarters of NuTone are in Cincinnati, Ohio, and there are approximately 3,000 employees at plant locations in Maine, Tennessee, Ohio, Texas, Nebraska, Indiana, California and Canada. Mr. Helies stated that NuTone is a publicly owned company and that its stock is listed on the New York Stock Exchange.

# MEMO *from Management:*

## 8,000 Bosses

That's about how many bosses we have in our Waterbury Division alone. We may not see them walking around the plant but they play an important part in everything we do. These bosses decide when these products will be made — in fact they pay all our bills, including our wages and salaries. *These bosses are our customers.* Without them, we wouldn't be in business.

Customers come in all sizes. One may be a small clothing manufacturer placing a \$25 order for snap fasteners once a year. Another may be much larger than Scovill and buy millions of pounds of our brass every year. Others may be distributors who warehouse and sell Scovill products to customers in all sections of the country.

Why do these customers buy Scovill products? It may be because they are convinced that our quality is higher — or that our service is better. Or it may be a combination of many things.

It's not always easy to keep 8,000 customers satisfied. Sometimes it seems that everyone demands attention at the same time, with customers changing their minds seemingly at the last minute about delivery dates or design specifications. On such occasions, tool engineers, production schedulers, and sales people go about tearing out their hair, wondering how to keep everyone happy at the same time.

If we stop to think about it for a minute, we will realize that our customers have the same problems as we do. They have customers whom they must satisfy and who expect as much from them as our customers do from us.

How to win customers and keep them is a delicate art. The helpful voice on the telephone, the quick attention to an emergency shipment, the prompt reply to a teletyped question — these are just a few of the ways to demonstrate that we mean business in holding on to the business of our customers.

And there's another not so comforting thought. If we are not willing or able to make the necessary effort, there are plenty of competitors waiting to take care of our customers — and take over our jobs.

## Woodtick Area Open

The Woodtick Recreation Areas were officially opened for the 22nd season with the Memorial Day Weekend. Employees and members are urged to take their passes with them when going to the area to be sure of admittance on extremely hot days when ca-

capacity crowds attend.

Children's Day Camp . . . Application blanks are available at the Employee Activities Office for children and grandchildren of Scovill employees: girls 6 thru 10 years of age, and boys 6 thru 12 years of age.

## Taxpayers Ask IRS

*Q—I filed my return weeks ago and still haven't gotten my refund. Does that mean my return is going to be audited?*

*A—*Not necessarily. It normally takes 6 to 8 weeks to process a return. If everything is in order you can expect to receive your refund shortly. In some cases a return is selected for audit before the refund is issued. If that happens you will be notified.

However, there are other reasons for delays besides an audit. A common reason is an inaccurate Social Security number on a tax return. Correction takes several weeks if it can be made through Social Security Administration records. It usually takes much longer, though, if the taxpayer has to be contacted.

If you haven't received your refund or information about it from IRS by the end of June, write your District Director. Be sure to give your correct Social Security number so your return can be identified. Also, if your address has changed since you filed include that information too.

*Q—If somebody prepared your return for you, should he be there when your return is audited?*

*A—*This is not necessary, but you can have your tax advisor come with you if you wish.

*Q—When you're asked for records to substantiate a deduction, can you mail them instead of bringing them in?*

*A—*Yes, you may. However, to guard against loss of your original records it would be advisable to send copies. Sometimes a personal visit is necessary. You'll be notified if this applies in your case.

*Q—The amount withheld from my pay for taxes was much greater than I owed. Can I reduce withholding to avoid that happening again?*

*A—*You may be able to reduce the amount withheld from your pay for taxes if your itemized deductions exceed a certain amount. To do this, a new withholding statement should be filed with your employer. The form to use is Schedule A (Form W-4).

*Q—When is the next payment on my estimated tax due? Also, how can I change my estimate?*

*A—*The next installment is due June 15 and any changes in your declaration should be made then. There is a place to amend your estimate on the bill sent you for this installment.

## Pre-Vacation Blood Donor Day

This year's annual pre-vacation employee blood donor day is set for Tuesday, June 20th, in the air-conditioned SERA Building, starting at 11:00 a.m. and running until 5 p.m.

While employees from the General Products Divisions are scheduled for this second visitation of the Blood Mobile Unit to the plant, it is hoped that all eligible employees will participate.

Vacation time will soon be here—it is a happy time but we all know that tragedy or illness can strike at any time, any where and to any body. As available blood supplies are low in all hospitals, it would be self insurance for every eligible person to donate a pint of blood so that this life saving component is there should an emergency arise—involving yourself, a loved one, neighbor, friend or co-worker.

Applications are being distributed throughout the General Products Division. Others are asked to call Ext. 834 to make an appointment or just drop in the SERA Building on Tuesday, June 20th, between 11:00 a.m. and 5:00 p.m.

## Retirements

### Effective June 1, 1967

ELIZABETH AFFE, assembler in Bldg. 112—Cleaning—31.5 years.

LOUIS BECCIA, maintenance man in Casting—26.2 years.

JOHN CARBON, sheet metal worker in the Tin Shop—25.4 years.

TIMOTHY A. COSTELLO, millwright in Millwrights—33 years.

ALFONSO CYBULSKI, leadman in Foundry Receiving, Shipping and Stock room—39 years.

ROCCO GALASSO, press operator, in Blanking—41 years.

JAMES P. GRIFFIN, supervisor in General Products Packing—45 years.

CLINTON HARRELL, productive helper in Casting—25.7 years.

KASPAR KRANK, floorman in the Japan Room—16.8 years.

JOHN J. LARKIN, foreman in Blanking—47 years.

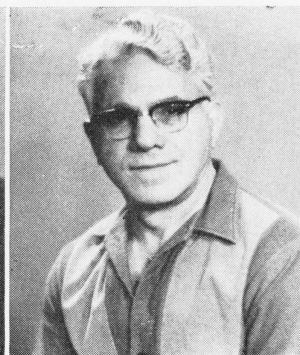

EDWARD MORGAN, caster's helper in Casting—16.5 years.

JOHN J. SHANAHAN, estimating supervisor in Forging Production — 40 years.

JAMES STEVENS, Tool room machine operator in Closure Tool—18.4 years.

**Thurmon Blanchard**  
Casting  
25 yrs—May 21

**Michael Catuccio**  
Gen. Prod. Tool  
25 yrs—May 18

**Rose LaPio**  
Sc. Mach. Pack  
25 yrs—May 25

## Service Awards

**Leon LaVallee**, Casting  
25 years—May 2, 1967

**Evo Masini**, Casting  
25 years—May 3, 1967

**Susan Sacco**, Chucking  
25 years—May 3, 1967

**Mary Lau**, General Products—  
Quality Control  
25 years—May 4, 1967

**Antonio Mastrodonato**, Carpenters  
25 years—May 7, 1967

**Joseph Shatinsky**, Hospital  
25 years—May 11, 1967

**Frederick McGhee**, Welding  
25 years—May 19, 1967

**Clayton Warner**, Steam Dept.  
25 years—May 21, 1967

**Barbara Gedraitis**, Mfg. Rm. Clerks  
25 years—May 22, 1967

**Anna Lopes**, Lacquer Room  
10 years—May 10, 1967

**Leona Payne**, Mills Div.—Sturgis  
10 years—May 27, 1967

## Vacation Shutdown

The Waterbury Divisions and Services will be closed for vacations starting Monday, July 3rd, and will reopen with the start of the first shift on Monday, July 17th. Any exceptions will be by notification in departments or to individual employees.

Employees who qualify will receive holiday pay for July 4th.

The *BULLETIN* will not be published during July. The next issue will be mailed August 7th. Deadline for classified ads will be July 25th.

**FRANK J. POCOSKI**, floorman-scaleman in Gripper Eyelet — 26.2 years of service.

**JOHN P. BROWN**, sample collector in the Strip Mill — 41 years of service.

## New Assignments

### Closure Division

**JOHN MARCH** — Production Office  
Manager of the Waterbury Operations

### Cosmetic Division

**FRANCIS W. NOACK**—Superintendent of the Cosmetic Container Division, Montross, Virginia plant

### General Products Div.

**JOHN J. MONGILLO** — Asst. Foreman, Dept. 45, Transmission Assembly

The following supervision has been appointed for Bldg. 153, Fuze C:—

Dept. 680—Administrative:—

**JOHN J. MCKENNA**, Asst. Factory Superintendent

**GERALD A. LEBLANC**, Product-Process Engineer

**PATRICK J. COSCIA**, Production Supervisor

Dept. 007—Screw Mach. & Chuckers:

**STANLEY J. GROCHOWSKI**, Foreman

**RAYMOND A. LANEVILLE**, Foreman, 2nd shift

Dept. 008—Kingsbury & Secondaries:

**GEORGE E. SACHSE**, Asst. Foreman

**ROGER R. GODIN**, Asst. Foreman, 2nd shift

Dept. 009—Plating, Painting & Ship.:

**WALLACE G. DUNN**, Foreman

**VINCENT D. POLZELLA**, Asst. Foreman

Dept. 068—Bldg. Services:

**PHILIP FILIPPELLI**, Asst. Foreman

**ALBERT L. AUGUSTINE**, Asst. Foreman, 2nd shift

Dept. 372—Tool Room:

**FRANK J. IORIO**, Supervisor

Dept. 016—Forging:

**DOUGLAS B. SUCHER**, Asst. Foreman

INTER-DEPARTMENT LEAGUE CHAMPIONSHIP BOWLERS

Andrew "Scotty" Raeburn, president of the Men's Inter-department Big Pin Bowling League, presents winners trophy to members of the A.S.M.D. team.

Having won both rounds in the tourney, members who make up the championship team are: Lester Kucheravy, Richard Demarest, Captain Joseph Aureli (accepting the trophy), Walter Kaminski and Sam Messino.

## Girls' Club News

By Nora Williams

The annual banquet was held at Waverly Inn on Sunday, May 14th, and a most enjoyable time was had by all.

We welcome the following new members to the Club: Ruth Booker, Lydia Jamele, Evelyn Bobenski, Fleurette Lowe, Josephine Posa, Linda Tozier and Mary Bakutis.

The dinner for the "incoming" and "outgoing" Councils is to be held at Peterson's in Plainville on Wednesday night, June 7th.

A trip to the race track is to be Saturday, June 17th. A flyer will be issued giving full details. A summer picnic is planned for a convenient Monday in August at Woodtick.

Violet Pelletier will again handle the summer day camp program for the children.

President Evelyn Smoil appointed her committees for the year as follows:

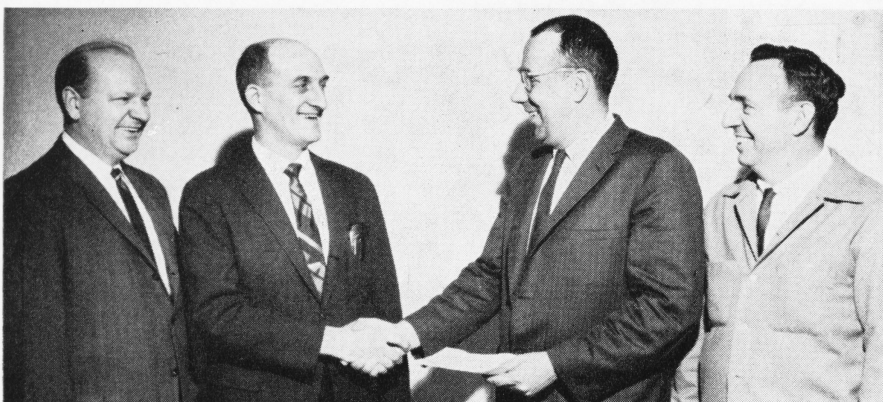

Entertainment — Nancy Brown and Edith Carolan

Needy Families — Violet Pelletier  
Membership and Retirees — Della Riccio

Reporter — Sandy Goldberg  
Illness and Sympathy cards — Betty Colbassani

Bus Trips — Dorothy Chambers

Christmas Cards and Candy — Sandy Goldberg and Mary Byrnes

HAROLD SLOCUM — NATIONAL RIFLE CHAMPION

The National Industrial Recreation Council's rifle championship title has been added to Harold Slocum's long list of awards received in rifle competitions — locally, state-wide and nationally. Rod & Gun Club president Paul Delage congratulates Harold while SERA president Fred Kirschbaum and Rifle Committee Chairman Charles Carpentier beam their approval.

## Retired Folks' Picnic

All retired employees of the Waterbury and Oakville divisions, as members of the Scovill Retired Folks' Club, are invited to attend the annual picnic scheduled to be held at Woodtick on Tuesday, June 13th.

Members are asked to meet in the SERA Building, East Main and Mill Streets, at 1:30 p.m. Those who may be driving and are closer to Woodtick will go directly to the group picnic area. Others who will be coming through town are asked to stop at the SERA to take others along. All will be provided transportation.

Husbands and wives of retired members are invited to attend.

In case of inclement weather, a program will be held at the SERA.

ALBERT GHIO left on April 7, 1967 for six months' military service. A tabulating machine operator in Corporate Data Processing, he has been in Scovill since May, 1966.

BRIAN HEALEY left for military service on April 14, 1967. He came to Scovill in August, 1966, and was a junior machine operator in the Corporate Data Processing Dept.

ARTHUR T. WILLIAMS, JR., left for service with the U.S. Army on May 1, 1967. A toolsetter apprentice in the B & S.E. Davenport Dept., he had been in Scovill since May, 1966.

ADRIAN OLIVERO, JR. left for service with the U.S. Navy on April 28, 1967. A receiving trucker in Shipping & Receiving, he had come to Scovill in September, 1966.

JEFFREY HOROWITZ, junior accountant in Mill Accounting, left for military service on May 12, 1967. He had been in Scovill one year.

### Sorry—George, Tom

Our sincere apologies to George O'Meara and Tom Deeley — the actual winners of last year's SERA-sponsored bridge tourney.

In our last issue we stated it was Mr. and Mrs. John Dexheimer who won the local tourney and missed, by a very narrow margin, the opportunity of playing in the national tourney in Chicago.

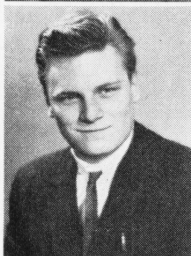

## Training Course

**TOOLMAKER.** Richard Billus was graduated as a toolmaker as of May 8, 1967. He is now a Supervisor-in-Training in General Quality Control.

**MACHINIST.** John Pitcher was graduated as a machinist as of May 1, 1967. He has been assigned to the New Milford Maintenance Department.

**MACHINIST.** Bernard Regan was graduated as a machinist as of May 8, 1967, and has been assigned to the East Machine Room.

MAY RETIREES RECEIVE TRIBUTE OF CO-WORKERS

*Top photo:— Ulric Doyon's May 1st retirement brought to a close over 33 years of service in the Company. Factory Superintendent Anthony Cugno presented gift on behalf of workers in Packing A.*

*Lower photo:— Dallas Wyant, toolsetter in Chucking, had a service record of 25.3 years when he retired as of May 1st. Above, Asst. Foreman William Rotella did the honors for the personnel of the department.*

## Rod & Gun Club Notes

By Vinnie Manzolli

The May meeting of the Rod & Gun Club was held at the swimming area at Woodtick, with 25 members in attendance. Hamburgers, hotdogs, refreshments and even some fishing were enjoyed prior to the meeting. In fact, so much enthusiasm was shown, it was agreed that the June 20th meeting also be held at Woodtick. As members, you're invited to attend and voice your opinions.

The results of the recent Fishing Contest are as follows:—

Trout winners:—Joe Grenus, 14 $\frac{3}{4}$ "; R. Dionne, 11 $\frac{7}{8}$ "; Joe Aleksinas, 11 $\frac{3}{4}$ ".

Calico bass winners:—George Bezubly, 11 $\frac{7}{8}$ "; Basil Bezubly, 11 $\frac{3}{8}$ " Joe Aleksinas, 10 $\frac{5}{8}$ ".

No other type of fish was measured in during the contest.

Poor weather but good fishing was reported by Vin LoCurto and Fred Ehardt who caught their share of wall eyes recently at Otter Creek, Lake Champlain, Vermont. Ray Curtis and Pete Bleau also landed some fine fish in the same area, while Bob Fumire and Louie Quattrochi proved good fishermen can get their limit of brownies at Lakeville, using only streamers.

Joe Goggins, Ed DeBisschop and Charlie Rimkus are getting their share out of Lake Quassapaug while Mike

Kuba continues to get his limit from the Housatonic.

At this printing, a number of groups are out for the real "big" ones. Norm Schaffer, John Helies, Harvey Krantz and Art Schuyler polished up some fancy lures for some fancy salmon fishing in Maine, while Fred Kirschbaum, Fred Wilson, Dom Cherubini, Joe Yinikosky, Bob Fumire and Lou Quattrochi again hit the 880-mile trail to Lake Waconic, where they threw back any trout under 20" (so they say).

Les Hart reports that Louie Veilleux, Paul Delage and Lee Graham continue to catch theirs right here at Woodtick.

So, no matter where you go, we wish you good fishing, and let us know of your fortune. Happy vacation days!

**REMINDER:—** Fishing in the lower pond is prohibited during the summer months. It will be resumed after Labor Day.

## E Bonds, Freedom Notes

As the BULLETIN goes to press, it is evident that employees are taking advantage of the opportunity offered to buy E Bonds and Freedom Shares via the payroll deduction plan — with one week to go in the present drive, 715 employees in the Waterbury Divisions had signed up for the program, bringing the total subscribers to 2,747.

## Caution—Keep Off

That's right — the sign is a reminder to stepladder users that the top "step" is not a step.

The second step from the top is as high as it is safe to stand. This leaves the top and first step down to steady legs and to use as a table for tools.

If you can't reach "it" from the second step from the top, it is the wrong ladder for the job. In the plant, or at home, keep off the top step.

## Suggestion Awards

\$60. Award — Paul Sevigny, Hot Forge Tool; Ingrid Blanchard and Hilda Moore, New Milford Tube Mill

\$30. Award — George Nix, Cosmetic Assembling & Packing Dept.

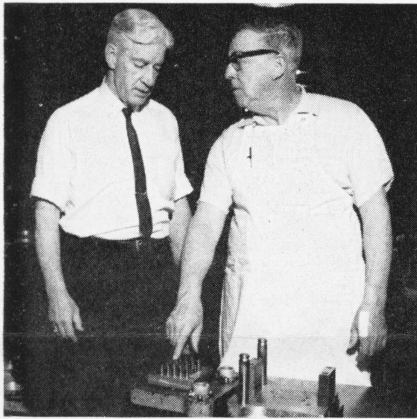

### Letters of Appreciation

Theresa Borgnis, Albert Dance, Alan Edwards and Nelson Felton, all of Hot Forge; Louis Boyce and Peter Bouharoun of Hot Forge Tool; Albert Boulanger, Gripper Eyelet; Homer Derouin, Closure Tool; Jerry DiPietro, West Machine.

Clifford Aspinall, Safety; Robert Brown and Anthony Bruno, Electrical; Earl Armstrong, Wire Mill; James Begnal, Samuel Corretto and Walter Cronin, Rod Mill; Honourous Chabot, Gilbert Gray, Paul Doran, Casting.

**\$1064 TOTAL AWARD.** General Products Div. Works Manager Norman Schaffer congratulates Charles Mott on payment of final portion of award, making a total of \$1064 for his suggestion concerning transmission modulators. Repair Room Foreman Harvey Krantz says Mr. Mott is a regular contributor, and oftime winner, in the Suggestion System program.

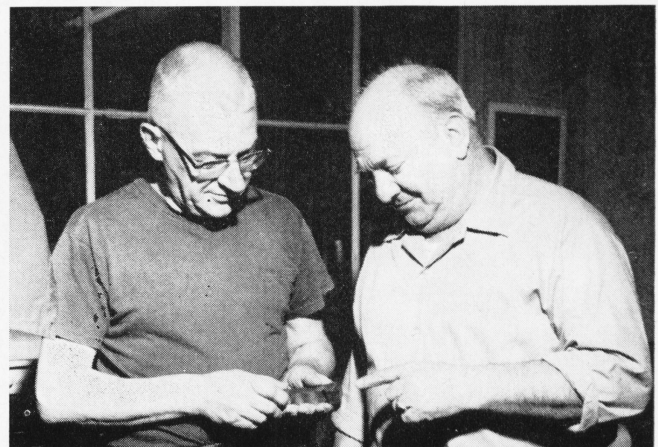

**\$138 TO HOMER DEROUIN.** Closing Room Foreman Martin Hollywood listens with interest as Mr. Derouin describes his suggestion for making punches for gang presses. His new method makes replacement easier and greatly reduces downtime due to scrap jams.

**\$171 TO FRED SIDELINGER.** New Milford Plant Manager Gerald Corrigan presents award to Mr. Sidelinger who suggested the application of a more positive holder on drawbenches that cuts down both material and maintenance costs. Standing, left, is Tool & Project Foreman Jack Hastings.

**\$120 TO DOMENIC CHERUBINI.** Suggestion System Coordinator William Armour presents award to Mr. Cherubini, Casting Maintenance, for his suggestion to change the type of steel used in pouring at furnaces whereby costly replacements are practically eliminated.

**\$120 TO KASIMIR PERNEREWSKI.** Screw Machine Tool Room Supervisor Rocco Loffredo gets details on Mr. Pernerevski's suggestion for grinding all types of carbide. With the new method, a finish is produced which saves wear on the tools, enabling them to be used for longer periods of time.

## Obituaries

JOSEPHINE SCALZO died on April 24, 1967. Retired, Hot Forge, in January, 1962—15 years' service.

GEORGE WALSH died on April 25, 1967. An annealer, roller hearth furnace in the Continuous Strip Mill—40 years' service.

ROY A. FERRIS died on April 27, 1967. Retired, Waterville Division, in April, 1959—50 years' service.

FRANK E. DURANT died on May 1, 1967. Retired, Tool Products Design Dept., in December, 1960—26 years.

EMIL SONDEREGGER died on May 5, 1967. A toolmaker in General Products Toolroom—29 years.

ARTURO PAULONE died on May 11, 1967. Retired, Oil House, in August, 1958—36 years' service.

KARL GAUYA died on May 16, 1967. Retired, General Manufacturing Toolroom in September, 1953—38 years.

GEORGE AYOTTE died on May 16, 1967. Retired, Repair Room, in January, 1957—24 years' service.

GEORGE HUBBARD died on May 18, 1967. Retired, Employee Relations, in October, 1947—44 years.

JOHN GAUYA died on May 23, 1967. Retired, Milling & Grinding, in May, 1964—30 years.

## Credit Unions

Scovill Employee Credit Unions #1, #2, #3, and #4 will not operate during the vacation shutdown.

Loan applications must be in by noon on Wednesday, June 28. Please plan deposits and withdrawals by noon on Friday, June 30th.

## Hamilton Beach Advertised On TV

Hamilton Beach electric appliances are being featured on the CBS Network during the month of June. Many fine comments have been received on the powerful full-color commercials which have been appearing since April 23rd and their impact on the public is proving that television is the most powerful media on earth to sell features and products.

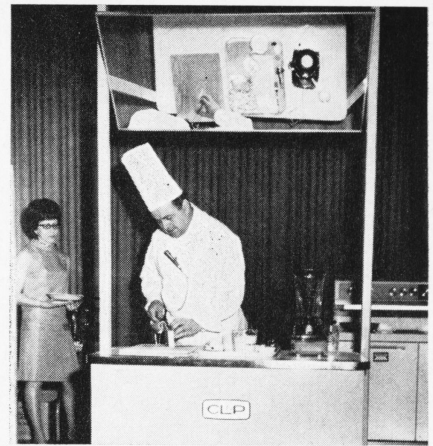

They are being featured on the 10 top-rated TV shows, with a total home impression audience of 212,330,000, as follows:

Smothers Brothers—June 11

Thursday Nite Movie—June 8, 15

CBS News with Walter Cronkite—June 11, 13

During April and May, they appeared on these shows as well as: What's My Line?, To Tell The Truth, CBS Special "Ivanhoe", Danny Kaye Show, Colliseum, Friday Nite Movie, and CBS News with Roger Mudd.

HAMILTON BEACH PRODUCTS FOR FORMER WHITE HOUSE CHEF

Featured at the recent "Spring to Better Living" show was Rene Verdon, former White House Chef and presently culinary consultant for Hamilton Beach Division, assisted by Mrs. Shirley Pearson, a home economist at Hamilton Beach.

Over 1,000 persons attended the shows held at SERA to see the world famous French chef demonstrate Hamilton Beach products. The show was sponsored by the Conn. Light & Power Company and Connecticut Milk for Health. Reflected in the mirror above his head is the Hamilton Beach electric knife being used by Chef Verdon to slice cheese.

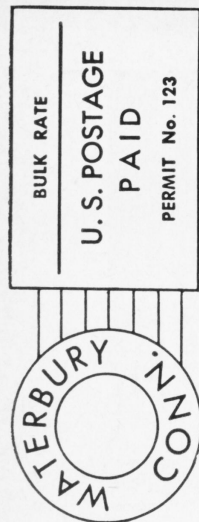

### SCOVILL FOREMEN HOLD ANNUAL DINNER DANCE

It was "full house" at the Fountain Hearth in Woodbury on Saturday, May 20, for the Scovill Foremen's Club annual spring dance. Snapped during the evening were:

Top left:— The Program Committee who handled ar-

rangements for the affair were: Anthony Laudate, John Baker, John Mitchell and Peter Dowling. Right:— John Mitchell presents door prize to winner Mrs. Peter Rosato.

Bottom:— All divisions of the plant were represented as can be seen by these two pictures taken at random.
