

SCOVILL BULLETIN

Jan.—Feb., 1973

Published by Scovill Manufacturing Company for its Employees

Two Group Vice Presidents Elected

William F. Andrews

William F. Andrews, Jr., has been elected a Corporate Group Vice President. Presently vice president and general manager of our Fluid Power division in Wake Forest, N.C., he now moves to Nashville, Tenn. to head the newly formed Automotive and Fluid Power Group which includes Schrader Automotive Products worldwide and Fluid Power Products worldwide.

Mr. Andrews joined Scovill in 1958 in a sales capacity for the Metals Division. He became Southeastern District Manager in 1959 and, in 1965, moved to Waterbury as product manager. Three years later he was appointed general manager of the newly formed Fluid Power Division. He previously was associated with Kaiser Aluminum & Chemical Co. and W.R. Grace & Co.

Hamilton Beach Has New Products For 1973

The action never stops at our Hamilton Beach Division, so the new year brings to the market a bevy of exciting new products, new merchandising tools and promotions—all strongly supported by a network television advertising schedule geared to pre-sell viewers in the hundreds of millions

Walter B. Campbell

Walter B. Campbell has been elected a Corporate Group Vice President. Formerly vice president and general manager of our Schrader Automotive Products division in Nashville, Tenn., he will be located in Waterbury to head the Metals and Industrial Products Group which includes brass mill operations, General Products and General Hose.

Mr. Campbell came to Scovill in 1969 as manager of the domestic operations of Schrader, a worldwide manufacturer of tire valves and related equipment. He has been vice president of manufacturing of the industrial valve and instrument division of Dresser Industries, Inc., and also had been with Manning, Maxwell and Moore from 1953 until it was acquired by Dresser in 1964.

Norman H. Schlink who, as group vice president, headed these activities, has retired.

across the country.

Big news in Hamilton Beach product introductions includes a complete new line of Clean Steam irons. All lightweight to use, there are ten irons to choose from with convenience features galore.

In our new Blender Plus line—two new models have been added. Both come packaged with 16 and 48 oz. containers for blending, storing or

Scovill Reports Results For 1972

Scovill Manufacturing Company has reported record results for 1972, with sales up 14 per cent and per share earnings up 24 per cent over the previous year.

This continuing improvement was attributed by Chairman Malcolm Baldrige and President John C. Helies to growth and increasing diversity of consumer-related product lines.

Consolidated results for the year 1972 are summarized as follows:—

	1972	1971
Sales	\$537,279,000	\$470,185,000
Profit after taxes	\$17,522,000	\$14,316,000
Profits as % of sales	3.3%	3.0%

Housewares Group To Expand Plant

Mr. Forrest W. Price, Scovill corporate group vice president for housewares, has announced that groundbreaking has taken place for the addition of approximately 38,000 square feet of manufacturing and warehouse facilities at their Byesville, Ohio plant.

Presently, about 110,000 square feet, the Byesville plant includes the manufacturing of the Westinghouse appliances acquired by Scovill in mid 1972 to augment both Hamilton Beach and Dominion product lines.

"B" Day - Feb. 21

The Red Cross Mobile Unit will be set up in the SERA Hall on Wednesday, February 21, 1973 to accept blood donations from Scovill employees, from 11:30 a.m. to 4:30 p.m.

Employees scheduled to give during this first visit of the Mobile Unit to Scovill for 1973 are those in the Apparel Fasteners and Waterbury Services departments. Employees in other sections of the plant are, as always, welcome to participate.

A quota of 150 units of blood has been set for this visitation.

MEMO *from Management:*

"Producerism"

Of the many new words that have come into the English language in recent years, "consumerism" may be the one we hear most often. And with good reason, because every American, all 200 million of us, is some kind of a consumer and each of us deserves a fair shake from the people who make the cars, the houses, the appliances, the sports equipment, and everything else we buy. We want these things to work, to be safe, and to give us our money's worth.

But there are two sides to everything. In this case, the opposite side of "consumerism" is "producerism". Not only are we all consumers but, each of us is some kind of a producer, too. As a company, Scovill, since its very beginning, has been proud of the engineering and manufacturing skills of its people, of the quality of our products, and of our ability to move them at a reasonable price into the nation's market places, and into its homes and factories.

However, as with every other company, Scovill's reputation with consumers, that is—our customers, remains dependent on the pride of accomplishment of our individual producers—each one of us—in our plants and in our offices. As producers, when we make quality products for consumers, each of us can be proud. As consumers, we then would have real cause to expect other people's products to be just as good.

Looking at it the other way around, a producer of second-rate products has no right to complain when, as a consumer he buys second-rate products. Producerism begins at home.

Scovill Credit Unions

Following are the officers elected and dividends declared by the four Credit Unions in the plant during the month of January.

Credit Union #1

Dividend declared—5-1/2%

Interest rebate—15%

President—John Mitchell

Vice Pres.—Carl Pickett

2nd Vice Pres.—Fred Kirschbaum

Secretary—Walter Hoerman

Treasurer—Bernadine Mordino

Asst. Treas.—Jean Monnerat

Board of Directors—The officers, John Baker, Ray Caffrey, Jim Moore and Joe Donahue

Supervisory Committee—Tom Rush, Ray Ladden, George (Bob) Heverling

Credit Committee—Mike Buczak, Joe Sullivan, Leon LeClerc

Credit Union #2

Dividend declared—5%

President—Frank Miller

Vice Pres.—Vincent Iacovino

Secy.-Treas.—James Ryan

Board of Directors—The officers, Carl Longo, Patrick Fitzpatrick, Peter Moneta, John Casey

Credit Committee—Carl Longo, Vincent Iacovino, John Synnott

Supervisory Committee—Matthew Kobylinski, Bob Shove, Doug Woods

Credit Union #3

Dividend declared—5-1/2%

President—Mario Martone

Vice Pres.—Honourous Chabot

Secretary—Michael D'Angelo

Treasurer—John Quadrato

Asst. Treas.—Michael D'Angelo

Your Social Security

Don't Conceal Facts From Social Security

Silence is often a virtue, but if you're applying for social security benefits, that's no time to conceal facts from Social Security Administration.

It could cost you money, according to social security officials here.

The law requires social security personnel to keep all information about individual social security records confidential. "We're only interested in seeing that you and members of your family get all social security benefits due you," a spokesman said.

If a worker is eligible for social security benefits, his dependents are generally eligible, too. But, sometimes, an applicant is reluctant to mention a common-law wife, illegitimate children, or retarded children.

"Withholding information could deprive these dependents of regular monthly checks from social security."

Social security generally follows State law in determining if a common-law wife or husband or illegitimate children are eligible for benefits.

"Dependents' benefits can be particularly important for a severely retarded child," the spokesman said. "If the condition began before age 18, the retarded son or daughter can get monthly checks as long as he or she is too disabled to work."

Further information about applying for benefits, and about social security and Medicare in general, is available at any social security office.

Board of Directors—The officers, David Scopino, John O'Connell, and Bill Pratt

Credit Committee—John Rondinaro, Charles Vaughn, Joe Giattino

Supervisory Committee—George Rein, James Burkle, Joe Durso

Credit Union #4

Dividend declared—5%

Interest Rebate—10%

President—Henry Carisio

Vice Pres.—Michael Cicchetti

Treasurer—Thomas O'Dea

Asst. Treas.—Francis Murphy

Secretary—Marion Groth

Board of Directors—The officers, Robert Weber, Gus Devito, Edward Willhaus, Emil Brodeur, Thomas Pawlowski

Supervisory Committee—Gus Devito, William Mancini, Marion Groth

Credit Committee—James Burkle, Fred Angelone, John Capone, Thomas Kaukas, and the Loan Officer—Henry Carisio

New Assignments

Apparel Fasteners Div.

William E. Gamble—Manager of Service and Distribution

Rose I. Marshall—Branch Office Supervisor, New York

Frank W. Noack—Factory Superintendent of Blind Rivet Section

Fred B. Onderdonk—Assistant Director of Sales

Employee Relations

Helen Carew—Head Nurse and Hospital Supervisor

Metals Division

Henry Burn—on special assignment to the Sales Manager

Francis Chiarella—Asst. Foreman of Dept. 83, Brown & Sharpe Davenport

James Clemminshaw—Product Manager, Sheet and Strip

Dennis Foley—Manager of Cost

William Neuenschwander—Product Manager, Rod and Wire

Robert M. Wenzler—Assistant Credit Manager

William M. Cusack—Assistant Superintendent, Rolling Mill

Training Course

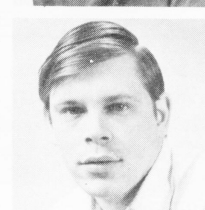

Toolsetter. Marcellino Cintron was graduated as a Toolsetter as of January 15, 1973, and has been assigned to the Blanking Room.

Electrician. Paul Evon was graduated as an Electrician as of November 27, 1972. He has been assigned to Electrical Maintenance—East Plant.

Machinist. Joseph Griggs was graduated as a Machinist as of December 4, 1972 and was assigned to General Products Maintenance.

Protect Your Most Valuable Sense — Your Eyesight

Above are types of eye protection available through the Safety Department to help prevent eye injury.

The eyes provide 83% of our knowledge and control 80% of our actions. This indicates that sight is our most valuable sense. On the other hand, the eye is one of the body organs most vulnerable to injury.

Nature has provided built-in safety equipment, such as: eyelashes to catch dust, eyebrows to cushion light blows and catch dust, tear ducts to wash away foreign bodies that rest on the eyeball, and the pupils which contract to adjust for changing light conditions.

These natural safety devices are adequate protection from minor injuries. However, industry presents many exposures that the natural safety devices cannot protect against. Some of the exposures we are faced with are: chemicals, foreign bodies capable of cutting and puncturing, hot metals, welding flash and air blasts.

One of the important services of our Safety Dept. is to see that the proper protective equipment is available at all times, for overall safety of employees. All types of safety glasses are available for all types of jobs requiring their use — Your eyesight is priceless, protect it.

Wear your eye protection!

Advanced Course In First Aid

Several members of the Security, Safety and Hospital staff recently completed a course in Advanced First Aid to the Injured. Arranged for by Dr. Andrew Canzonetti, Scovill Corporate Medical Director, the course was conducted by Officer Eugene Falcone of the Waterbury Police Dept.

Intended to serve as back-up personnel to the hospital staff, these participants were chosen for their location and shift. They attended 2-hour courses one day per week for eight weeks. Those completing the advanced course and now listed as "certified" are:—

From the Security Dept.: Sergeants John Stack, Donald LaBonte and Clinton Rasmussen; Guards Daniel Baldino, Mark Butler, John Daniels, Martin Egan, John Martin and Stanley Tuttle.

From the Safety Dept.: Michael Exarhou and Bert LaFreniere.

From the Hospital: Joseph Shatinsky and Eleanor Engratt, R.N.

Salvatore Santopietro, of our Hospital staff, has completed a course at the University of Hartford which now qualifies him as an Instructor.

Scovill Group — A.A.

Meetings are held each Sunday at 6:30 p.m. at the SERA.

All employees and members of their immediate families who are now members of A.A. or who have a drinking problem, are invited to attend.

Scott L. Graham left for service with the U.S. Air Force on January 12, 1973. A designer in General Products Research & Development Department, he had been in Scovill since June, 1972.

Drug and Alcohol In Industry Seminar

Dr. Robert W. Butler addresses the over 300 attendants at a seminar held in the SERA recently, to study Drug and Alcohol Problems in Industry. At the head table are other speakers who participated in the seminar.

Over 300 industrial leaders in Connecticut attended a seminar on Alcohol and Drugs held in the SERA.

Sponsored by Scovill and the Bio-Chemical Procedures Division of Bristol Myers, in cooperation with Daytop, Inc., the seminar was to present problems of alcohol and drugs from an industrial point of view.

Participants in the seminar were:— Master of Ceremonies, Wesley Irvine, Director of High Watch Farm; John O'Connell, State Director of Daytop,

Inc., who spoke on The Effects of Drugs on the Young Adult; Allan Keltz, PHD—How Industry Can Detect the Drug Abuser; Howard Anderson, Director, Hartford Methadone Maintenance Program—Proper Use and Control of Methadone; Dr. George Greiner, Kent School—The Dangers of Combining Pills and Alcohol; Dr. Butler—Industrial Alcoholism; Roger P. Rose, Scovill Director, Human Relations—Industrial Alcohol and Drug Problems.

Retirements

Effective December 1, 1972

Grace Bergin, assembler in the Closing Room—43 years' service.

Herman Harrell, rod point swager operator, Rod Mill—32 years.

Effective January 1, 1973

Ernest Allan, machinist in Attaching Machine—45 years' service.

Gerard Beaudry, rolls helper on Morgan Mill, Rolling Mill—25.1 years.

Joseph Capaldo, trucker in Trucking—34 years.

William Daley, janitor in Bldg. 112 Service—20.7 years.

Angelo DeLucia, packer-nailer-marker in Closure Packing—49 years.

Joseph P. Donahue, toolmaker in Closure Tool—26.2 years.

Frank W. Dunn, toolmaker in Blank & Draw Tool—48 years.

Feodor Fedorenko, annealer's helper in the Wire Mill—19.2 years.

Catherine Flynn, inspector in Closure Inspectors—37 years.

John F. Gorman, tool crib attendant in East Machine—29.1 years.

Joseph Harty, maintenance repairman on Mill equipment in East Machine—30 years' service.

Henry Herren, TRMO bench worker in Closure Tool—45 years.

Emma Hill, machine operator in Coupling—31 years.

Edward Kaiser, toolmaker in Manufacturing Eyelet Tool—47 years.

Verginio Libera, crane operator in Rolling Mill—36 years.

Joseph Lumia, crane operator, New Milford Tube Mill—13.7 years.

Elizabeth M. McCarthy, assembler in Auto Assembly—22.6 years.

Dominico Masi, iron worker in the Tin Shop—42 years.

Walter Moss, TRMO, jig boring machine, Closure Tool—27.2 years.

Thomas W. O'Brien, floorman, machine oiler and maintenance—Closure Tool—36 years.

Anna Opel, dial press operator in Coupling—21.4 years.

Anthony Pagano, hand dipper in the Dip Room—48 years.

Eugene Pilla, jitney operator in the Rolling Mill—27.2 years.

Lee Richardson, general maintenance man in Casting—29.9 years.

Gustave Schoeck, equipment layout engineer in Plant Engineering—42 years' service.

January Retirees Receive Warm Send-Off

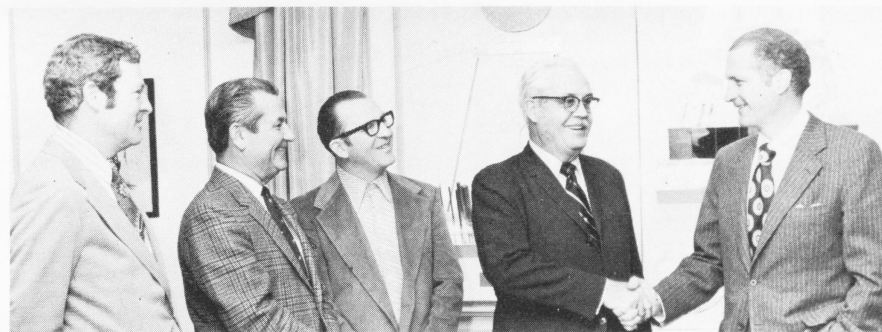

Top, left:— Frank Dunn, Blank & Draw Tool Room, had a service record of 48.9 years when he retired.

Top, right:— In Coupling, Factory Supt. Tony Cugno presents gift to Emma Hill (31 years), as Foreman Michael Kuba does the same for Ann Opel (21.4 years' service).

Bottom, left:— Elizabeth McCarthy (22.6 years) gets set to cut her "going away" cake as Automotive Assembly Foreman John Baker looks on.

Bottom, right:— Walter Veillette, Gripper Eyelet Tool Room, had completed 33 years of service when he retired.

(Our thanks to our volunteer photographers who filled in while John Smith was "out of commission" due to a skiing accident.)

35 Years of Service to Scovill

Board Chairman Malcolm Baldrige offers congratulations and appreciation to Keith Baldwin for his over 35 years of service as a distributor of Scovill condenser tubes. On hand were Bernard Murray and John Babin of our Metals Division and William Gray, also of Baldwin Co., Inc.

Although not exactly an employee of Scovill, Keith Baldwin recently set what must be a record—35 years as an agent selling the product of one particular company.

While with the Mor-Lane Company of Tulsa, Oklahoma, in 1938, he was assigned as distributor for Scovill condenser tubes in that area. In September, 1944, he joined with the Bush Company of Houston, Texas in forming the Bush-Baldwin Company, and continued to handle Scovill condenser tubes.

In 1945, he started his own company, the Baldwin Company, Inc., still retaining the Scovill account and, today, is distributor for our Condenser Tubes in the Louisiana, Texas, South Arkansas, and parts of Mississippi and Alabama area.

Richard Schuster, Warehouse supervisor and inside salesman, Metals Div., Los Angeles, Calif.—12 years.

Stanley Vaicaitis, stock keeper in the Rolling Mill—39 years.

Walter Veillette, TRMO, engine lathe, Gripper Eyelet Tool—33 years.

Julius Vitarelli, jitney driver in the Rolling Mill—46 years.

Rod & Gun Club Elects Officers for 1973

Left to right:— Membership Secretary Donald Berry, recording secretary James Gilroy, president Conrad Sansoucie, vice president George Bezuhly, executive officer Paul Delage and treasurer Lewis Boyce.

A fine turnout was on hand for the installation of the Rod & Gun Club officers. Past president Fred Kirschbaum was installing officer.

The popular annual ice fishing contest had to be cancelled because of the warm weather. At press time, it was still hopeful to have one this season. Permits may still be obtained for ice fishing in the reservoir during the month of February.

Coming events announced include

the monthly meetings on Tuesdays, February 20th and March 20th.

The annual Ham Shoot will be held on Sunday, April 8th at the Rifle Range.

A spring dance is planned for Saturday, April 14th, at the SERA with Joe Durso's "Styletones" providing the music.

The first stocking of Woodtick will take place on Sunday, April 15th, at the reservoir. All are welcome.

Girls' Club News

By Irene Owens

Once again we get together, after the holidays, to hope that this year will be one of the best years for all of us.

Our sincere thanks to all who contributed to the baskets for the needy with clothing or toys. They were lovely and most appreciated. In addition, toys and candy were distributed to children at the Cerebral Palsy Center, the Retarded Children's Center and the Waterbury Day Nursery—all were gratefully accepted.

Our committee is really concentrating on setting up a Scholarship Award to be presented to a son or daughter of a Scovill employee. You'll be hearing all the details soon.

Plans are being formulated for a fashion show in March and, perhaps, in April a cosmetic and wig demonstration will be offered. Those events are not limited to Club members only—the more the merrier—spread the word.

Our annual meeting and cocktail party is scheduled for Sunday, April 15. Please mark your calendars now—we know you won't want to miss it. Also, if you're interested in serving on the Council for the next year, be sure to give your name to your nearest Council member.

Oh what a "bash" was given for our retiring president, Dot Chambers, on her retirement from Scovill. She was more than pleased with the beautiful luggage our president presented to her on behalf of the Club.

Speaking of retirees—the Waterbury YWCA is beginning a new Women's Club for early retirees this spring. All women

ages 50-65 are invited to join. To meet on Tuesdays at 1:30 p.m., the Club will have its first meeting on March 6th. It's program will become what its members want to do—luncheons, speakers, cards, films, crafts, etc. Mrs. Barbara Secor will be the club advisor. For further information, contact Miss Kate McGrath, at the YWCA, 754-5136.

Proof of the Pudding

This eye-catching delicious looking snowman was a feature in a pre-holiday display in the Marshall-Field store in Chicago.

It was made by one of our field demonstrators as an in-store demonstration from corn popped from the Hamilton Beach "Butter-Up" corn popper.

Sport Shorts

Kathy Kerney, Margaret Kailukaitis and Adrian Olivero couldn't wait to get going on the Ski Club's first night out. 'Tis great fun!

The chairman of our new ski club outdid himself trying to maintain the poise and status of his new position by gracefully breaking a ski the first night out!

Yes, the Scovill Ski Club has been born and is in full swing. For information on ski dates, meetings and trips, contact the Club's chairman *Gene Spinola*, Ext. 2146; Secretary *Pat Donovan*, 2401, or the Employee Activities Office, Ext. 834.

While still on skiing, we'd like to say, "Thanks a lot, *John Smith*, for all the publicity you provided us with last month." (We miss you!)

Frank Bogush has been doing a fantastic job of officiating at volleyball on Friday nights—if you don't believe it, just ask him!

What ever happened to our Slimnastics Class? Come on, ladies, give SERA a call if the desire is still with you (also those Christmas goodies that stayed behind).

Is there any truth to the rumor that some basketball players are presenting *Joe Summa* with a free trip to Florida? I hear it's one way and leaves on Sunday morning. Have fun, *Joe*.

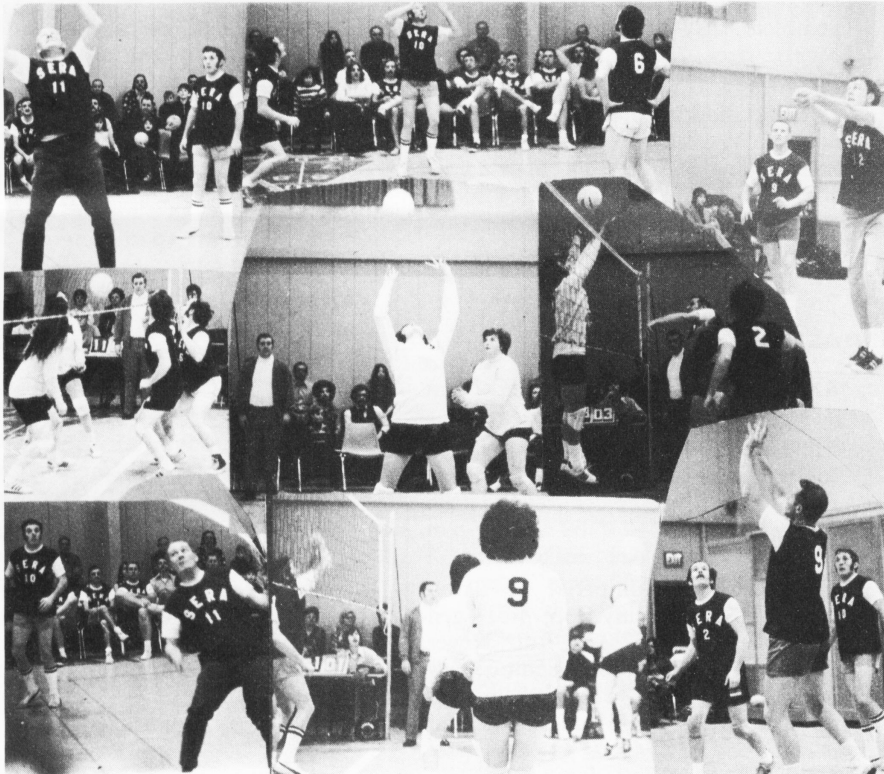

Joe Griggs won the blocking award for the night against the Clippers—and he didn't even use his arms. By the way, *Joe*, how is your nose?

Basketball

League standings for Round 1:

	Won	Lost
Strip Mill II	5	0
Wire Mill	3	2
Packing B	3	2
Rod Mill	3	2
Aluminum Mill	1	4
Strip Mill I	0	5

The final nite of play for the second round will be on Sunday, Feb. 18:— Team 2 vs 5 at 7 p.m.; 3 vs 1 at 8:15 p.m., 4 vs 6 at 9:30 p.m. at the East Farms School.

Volleyball At It's Finest

The scores might not have shown it, but the Scovill men's volleyball team really put together a fine effort against the "Clippers" recently.

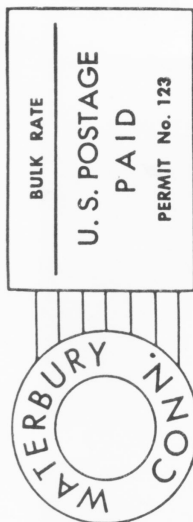

With a lot of determination and only four practice sessions, the men converted their average playing style to that of regular power volleyball.

The "Clippers", featuring Joan Joyce, demonstrated the finer aspects of the game and provided the spectators with well coordinated volleyball as only the best women's team in New England could.

The scores:— 15-4, 15-6, 15-1, 16-14, (wow, that was close), 15-8, and 15-7 for a clean sweep by the Clippers!

A rematch within the near future is in the air and seems probable, so keep alert. Next time, ladies, we will win—at least one.

The Scovill team: Jeff Brown, Greg Demko, Bill Derwin, Joe Griggs, Tony Jaffer, Dave Kirouac, Bill Pratt, John Quadrato, Ron Seidel, Jack Staver and Jon Foults.
