

# SCOVILL BULLETIN

Mar.—Apr., 1973

*Published by Scovill Manufacturing Company for its Employees*

## Suggestions Bring Savings to Transmission Assembly

Foreman Edward Willhaus is intensely interested in suggestions submitted by his employees which result in savings to be realized in time and money for his Transmission Assembly Department.

Michael Guzzardi suggested a method to reduce the time involved in repolishing electrodes used to assemble ice cream scoop bowls. He received a \$70.00 award.

Edith DiPietro's idea results in salvaging diaphragm assemblies which previously had been scrapped. She was awarded \$115.00.

## Other Awards

\$90—Bennett Sauer, Blank & Draw Tool Room

\$60—Leonard Campoli, Transp.

\$60—Albert Jesulaitis, New Milford Tube Mill—two awards of \$30

\$30—Helen Hopkins, New Milford

## 1973 Bond Drive

Every year about this time, Scovill employees have an opportunity to do themselves a big favor—save money the world's easiest way. That way is to "Take Stock in America" by purchasing U.S. Savings Bonds through payroll deductions.

Over the years, thousands of Scovill employees have recognized the fact that a little out of each paycheck today will add up to growth in savings tomorrow. Last year, for example, Payroll Plan savers in the Waterbury divisions earned national honors for themselves and the Company by achieving 67% participation.

The time for new savers to sign up, or to increase deductions, will start on May 1st when our 1973 Savings Bond Campaign begins.

## 1973 Vacations

The Waterbury Divisions and Services will close for vacation starting Monday, July 2nd, and will reopen with the start of the first shift on Monday, July 16th.

Exceptions to the above will be by notification in departments or to individual employees.

Employees entitled to more than two weeks of vacation, and those required to work during the shutdown, will be canvassed for their choice of time off. Such time off cannot seriously interfere with production or plant operations, and must be taken in full calendar weeks.

Hourly and piecework employees must take all vacation to which they are entitled.

In order that vacation pays can be prepared in advance of an employee's vacation, Central Accounting must have three weeks' notice prior to the start of vacation.

Employees who qualify will receive holiday pay for July 4th.

## Dr. A. J. Canzonetti, Medical Director

Dr. Andrew J. Canzonetti has been appointed Corporate Medical Director, and is responsible for the Company's medical system and health care policies of our 32 plants throughout the United States.

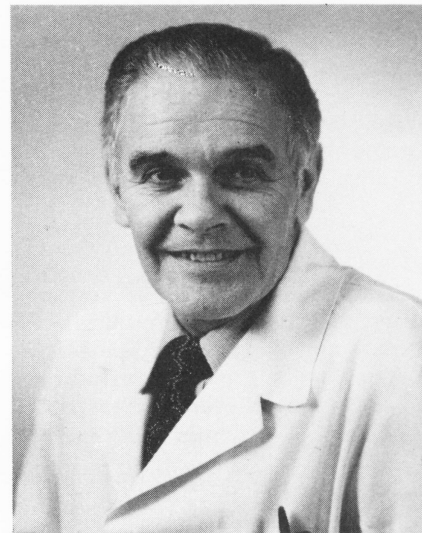

A native of New Britain, Dr. Canzonetti earned his M.D. at Ohio University and the University of Chicago; served his internship at Boston City Hospital, and his residency with the Harvard Surgical Unit and at New Britain General Hospital.

During World War II, he served in the South Pacific and in China. In the Korean War, he served with the Korean Theatre Surgical Unit, retiring from active duty with the rank of Lieutenant Commander.

Returning to New Britain, he has served as Senior Attending Surgeon, New Britain General Hospital; Chief of Surgery at Bradley Memorial Hospital; President of the Hartford Medical Association, and President of the Hartford County Health Care Foundation.

Dr. Canzonetti resides with his wife, two sons and two daughters in New Britain.

Dr. Robert W. Butler, who served as Medical Director since May, 1951, was retired as of January 1, 1973.

*Dr. Andrew J. Canzonetti*

# MEMO *from Management:*

## How To Spend Your Leisure Time

There are many pleasant ways to spend your leisure time. After a tough day at work, it's kind of nice to relax — on the golf course — puttering around the yard — watching a ball game — or just stretching out in a comfortable chair in front of TV. It's relaxing because you can leave whatever problems you may have behind you for a while. It's pretty hard to think about anything else when you are lining up a putt, or when the score is 2 to 2 in the top half of the ninth.

Some people spend their leisure time in less comfortable, more demanding ways. Like sitting for hours in a warm room trying to make tax dollars do all the things that people want, but aren't willing to pay for. Or helping to organize an arts festival — a blood drive — church bazaar — a political campaign — or any other of the multitude of activities that give substance and vitality to our way of life.

Our community is not about to run out of problems — the same perplexing ones that you read about in newspapers all over the country. What to do about our schools, about housing, downtown renewal, attracting new industry, training skilled workers, motivating dropouts — well, it's a pretty long list no matter where your interests may be. We can get some help on these matters from government and from the professional personnel whose job it is to provide guidance.

But, in the final analysis, it's the man or woman sitting on a committee in his spare time who has the responsibility for seeing that something gets done. Many of these citizens are Scovill employees and we are proud of them. Their concern and their willingness to give up a lot of 'relaxing' will help to make our community a better one for us all.

## Woodtick To Open Memorial Day

The Woodtick recreation areas will open officially for the 28th season with the Memorial Day weekend. Much work is being done to prepare the area and its facilities for employees and their families this summer.

The group picnic area is available for group or department picnics, with many outings already planned. If you're planning to have an outing there, better get your reservation in the Employee Activities Office.

Identification cards will be required for admission to the area, so, please be sure to have yours with you when attending the area.

These cards will be distributed to employees. Associate cards for family members may be received at the Employee Activities Office.

## Daylight Saving

Daylight Saving Time will be resumed in the State of Connecticut on Sunday, April 29th. While most people will set their clocks one hour ahead before going to bed on Saturday, the official time for the change will be 2:01 a.m. on Sunday.

All clocks in the Waterbury plants will be advanced one hour; outside clocks will be marked "DST".

## Safety Pin Jewelry

The humble safety pin has now become a fashion accessory. In combination with beads and pearls, wire and chain, it is being used to create exciting jewelry designs emulating the authentic silver and turquoise pieces of the American Indians in the Southwest, and other styles.

Our Sewing Notions plant in Waretown has established a separate line of safety pins from its "Pintique" line for handicraft shops. They are made in 3/4 and 7/8" sizes to accommodate standard bead openings and are packaged in nine colors.

The safety pin serves as the basic building block for unique jewelry. You can create bracelets, earrings, head bands, pendant necklaces, key chains, just to name a few. Instructions for making these items can be found along with the "Pintique" pins and beads at most craft shops.

## Good Friday

The Waterbury Divisions will close for Good Friday at the end of the work day on Thursday, April 19th, and will reopen with the start of the first shift on Monday, April 23rd.

Exceptions to the above will be by notification in departments or to individual employees.

Good Friday is one of the holidays for which employees who qualify are paid when they do not work.

## Sunshine Fund - 1972

During the year, approximately 129 employees, members of their families, and retired persons were given a helping hand by the Scovill Sunshine Fund. Over \$6100 was used to help cover expenses, as listed below, in cases of serious illness, or similar difficulty which created a hardship.

Food	\$3,923.50
Rent	1,012.00
Medical	319.00
Fuel	217.67
Utilities	187.86
Miscellaneous	531.21

The Sunshine Fund is supported by commissions from vending machines located throughout the plant.

The committee which handles the administration of the Fund's activities consists of Chairman E.F. Howes, Dr. Andrew J. Canzonetti, Anthony Cugno (General Products Div.), Ralph Daddesio (Metals Div.), Ray Kasidas (General Products Tool Room), Susanna Shell (Press Room), and Amelia Upton (Employee Relations).

## Service Anniversaries

**James Foley**  
Cosmetic Div.  
40 yrs—Feb. 22

**Anthony Kalinauskas**  
Rod Mill  
40 yrs—Feb. 14

**Charles Brickner**  
Btn. Attaching  
25 yrs—Mar. 4

**John J. Daniels**  
Rolling Mill  
25 yrs—Feb. 3

**Gerald LeBlanc**  
Forge/Sc. Engr.  
25 yrs—Mar. 3

**John J. McKenna**  
Forge/Sc. Oper.  
Mgr. Ofc.  
25 yrs—Feb. 14

**Georgiana Mullally**  
Auto. Sales  
25 yrs—Feb. 20

**Vincent Oldakowski**  
Rolling Mill  
25 yrs—Mar. 17

## New Assignments

### Apparel Fasteners Div.

**William H. Hickey** — Northeast District Sales Manager, located in the New York Office

**John V. Kiely**—Retail Promotion Manager

**Charles C. Perriello**—Eastern Regional Sales Manager, is responsible for the former Northeast Region and the Southeast Region, located in Greensboro, N.C.

### Metals Div.

**William Brown**—Foreman, Dept. 318 Carpenter Shop, and Dept. 33, Box Shop

**Francis Chiarella**—Foreman, Dept. 83, Brown & Sharpe and Davenport

**Peter Coe**—Special assignment as District Manager of the San Francisco Office

**William F. Derwin**—Asst. Controller, General and Inventory Accounting

**Dennis P. Foley**—Asst. Controller, Cost and Budgets

**Victor Bartosiewicz** — Asst. Foreman, 2nd shift, Dept. 89, Forge Shop

### Forty Years

2/12 Albina Kownick, Clos. Pack.

2/25 Louis Quattrocchi, Dip Room

### Twenty-Five Years

2/25 Roger Pelletier, Grp. Eyelet

3/2 Fred Angelone, Roll Grinding

3/11 Joseph Lamontagne, Repair

### Ten Years

2/24 Richard Billus, Rolling Mill

3/2 Mary Chasse, Trans. Assembly

3/5 Lucy Scarpatti, Press 1

3/14 Mary E. Joyce, Employment

3/18 Leroy Ladd, Jr., Tube Mill

3/18 Ronald Glander, Tube Mill

3/20 Frances Shea, Metals Acct.

3/20 Ellen Donovan, Metals Division, Product Planning

3/22 Lulu Petro-Roy, Apparel Fasteners Div., Inspectors

3/25 Harlan Ford, Tube Mill

## 1972 Annual Report

Our annual report for 1972 is being mailed to all stockholders.

Employees who do not own stock but who want a copy of the report can have one by contacting the Bulletin Office.

## Girls' Club Offers Scholarship Award

The Scovill Girls' Club has established a \$250 scholarship to be awarded in May, 1973.

Applications are available at the Employee Activities Office in the SERA Building. Deadline for entries is April 30th, so all interested and eligible are urged to pick up applications now.

**Eligibility** — An applicant must be the son or daughter of an active Scovill employee of the Waterbury, Wadsworth or New Milford plants; and a senior at an accredited high school—public, private or parochial.

The award will be based on: scholastic achievement, involvement in school and community affairs; and on recommendation of school principal, teacher or guidance counselor.

## Training Course

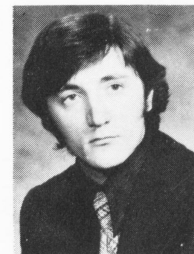

### MACHINIST.

**Michael Abbenante** was graduated as a Machinist as of March 12, 1973, and has been assigned to the East Machine Room.

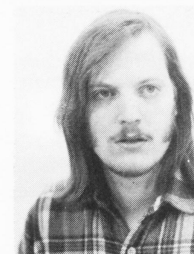

### TOOLSETTER.

**Angelo Capozzi** was graduated as a Toolsetter as of January 29, 1973. He has been assigned to Dept. #76, Heading.

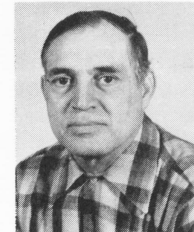

### TOOLSETTER.

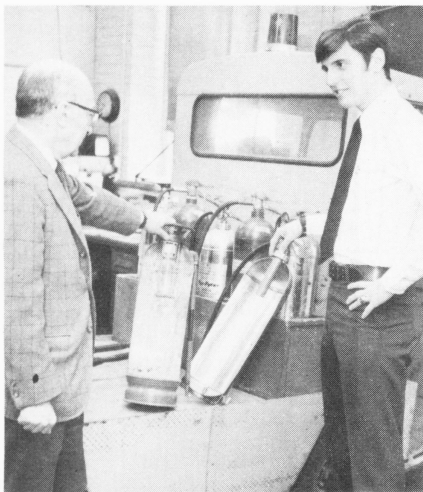

**Richard Hawley** was graduated as a Toolsetter as of February 5, 1973, and has been assigned to Verna-therm Assembly.

### BOILERMAKER.

**Joseph Miner-vini** was graduated as a Boilermaker as of March 12, 1973. He has been assigned to the Steam Department.

Scott Tripp Joins Safety Staff

Safety Engineer Mike Exarhou briefs Safety Department's newest member on various fire extinguisher operating principles. Scott Tripp, formerly with the Security Department, recently completed a Federal Safety Orientation Course at the Occupational Safety and Health Administration Training Institute in Chicago.

His addition to the staff has increased the Safety Dept.'s ability to provide effective safety service in greater depth.

## Girls' Club News

By Irene Owens

Here we are again—past the worst of winter, spring well on the way, and plans blooming for all types of interesting activities for the Girls' Club members.

Mary Byrnes and Cecile Terry are very busy these days planning bus trips for members. A Boston trip was scheduled for April 7th; and, if possible to arrange, there will be a trip to a winery in New York state in June.

How about a short trip during vacation shutdown? Mary and Cecile are planning a trip to the Pennsylvania Dutch Country the first week of the shutdown, and one to the races at Green Mountain the second week. Watch for flyers.

This year the annual meeting and cocktail party for ALL Club members will be held at the SERA on Sunday, April 15. This is your opportunity to participate in the election of Council members to serve for the coming year. Co-chairmen Juanita Addessio and Ann Augelli are making every effort to get representation from all sections of the plant. They can't reach all corners so, if you're interested in serving

## Pre-Vacation Blood Donor Day - June 12

While employees of the General Products Division are scheduled for the second visit of the Blood Mobile Unit to Scovill in 1973 — employees from all sections of the plant are invited to participate.

The Blood Mobile Unit will be set up in the air-conditioned SERA hall on Tuesday, June 12th from 11:00 a.m. to 4:30 p.m.

Remember — accidents or illness do not take a vacation. In case of an emergency — it could happen to you or to one of your loved ones — you would want to be sure that blood would be available if needed.

## Bogene Receives Safety Award

A "Certificate of Merit" was awarded recently to our Bogene Division by the Liberty Mutual Insurance Company in recognition of the division's operating 398,338 manhours without a lost time accident. The award covered the year ending July 1, 1972.

The Bogene plant, located in Lebanon, Pennsylvania, manufactures closet and storage accessories. They have recently added a new line of strong, inexpensive, easily assembled corrugated furniture which is styled for youth and complements the well established line of closet and storage accessory products.

on the Council, why not give either of them a ring — or let your nearest Council member know. Or, if you have a gal working close to you whom you feel would be an excellent Council member — pass her name along. They'll contact her.

The date for our annual banquet has also been set. It will be Sunday, May 20, at the SERA. Our most popular affair, it's always so good to see so many friends — old and new — at this event.

A word from Dot Chambers, past president, who says she is enjoying her retirement and, as she says it was impossible to contact personally all who participated in her retirement send-off, she would like to thank everyone who did. OK, Dot, here it is — and have fun for us all.

Oh, yes — hope you were at the Fashion Show — couldn't you just picture yourself in one of those grand outfits at Easter Time? 'twas a lovely party.

## Blood Donor Day Nets 194 Units

A total of 209 persons volunteered to donate a unit of blood at the SERA on February 21st, with 194 pints collected—topping the 150-unit goal set for the day.

This first visit of the Blood Unit to Scovill for 1973 was sponsored by the Apparel Fasteners Division and Waterbury Services. Among the drop-in donors were 20 men of the Waterbury Fire Department who donated a unit of blood in memory of their late Captain John Goggin.

Special gallon-donor awards were presented to:

8 gal—Fred A. Wilson

7 gal—Joseph A. Buccini, and Alfred White

4 gal—Walter Hoerman

3 gal—Louis Steponaitis

2 gal—Genevieve Vitkus, Carmen DiBlasio, Richard Kleinschmidt

1 gal—Muriel Sugden, Claudette Baris, Theresa Poirier

All volunteer donors were eligible for door prizes drawn during the course of the day. Winners were:—

Susan Bassett, Electric Scissors

Genevieve Vitkus, Electric Knife

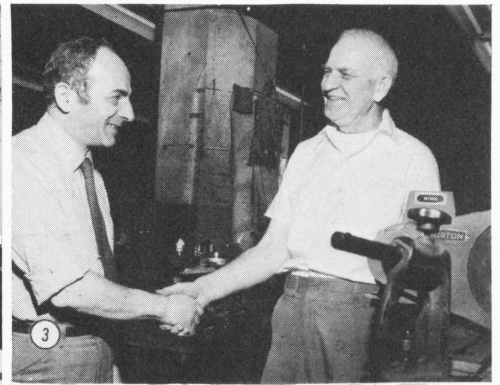

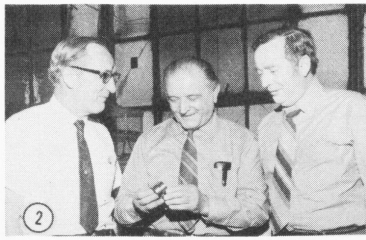

Morris Bessette, Steam Iron

W.J. Barrows, Ice Cream Scoop

John Smith, 2-lb box of assorted chocolates

Mrs. Patrick Wallace, Captain of the Day, checks in two volunteer donors who are well known to the Blood Unit personnel — Fred Wilson, who received his 8-gallon pin, and Edward Buccini, a 7-gal. pin.

## Retirees Receive Warm Send-Off

(1) Matthew Ranaudo (left) of Plating, and Philip Napolitano (right) of Wet Roll, receive "well done" from Foreman Tom Rush and Asst. Foreman Joseph Donahue.

(2) "Yep, it's the last one", says Emil DeLoia to Chucking Department Foreman John Sauer and Manufacturing Superintendent John McKenna.

(3) Walter Kamienski receives well wishes of Louis Pelosi, Foreman of Screw Machine Tool Room.

(4) Casting Shop General Foreman Tom Conley,

Local 1604 President Tom Curtin and Steward Louis Velardi extend best wishes to John Pescetelli (3rd, left).

(5) Carmine Rosato is presented token of remembrance from his co-workers by Rod Mill Superintendent William Dacey.

(6) Ermilia Ruffini smilingly receives "words of advice" from Transmission Assembly Foreman Ed Willhaus, to the amusement of co-worker Edith DiPietro and Automotive Assembly Foreman John Baker.

(7) Ray Oliver is surrounded by well wishing co-workers as he accepts gift envelope from Joe Santoro.

## Retirements

Wilbrod Lafreniere, caster's helper in the Casting Shop, retired as of January 15, 1973, with 27.2 years of service.

### Effective February 1, 1973

Vincent Bayarinas, punch press operator in Blanking—37 years.

Dorothy Chambers, cost accounting clerk in Metals Div. Accounting—19 years' service.

Daniel Colangelo, tool grinder and keeper in the East Machine Room—25.8 years.

Emil DeLoia, toolsetter on chucking machines in Chucking—36 years.

Katherine DeLoia, bench operator in Load Leveling—21.5 years.

John Dempsey, millwright in the Metals Division—25.6 years.

Elmer DiPietro, eyelet machine operator in Manufacturing Eyelet—22.3 years.

Anthony Gachewicz, press operator in Blanking—31 years.

Helen Giarlella, assembler in Automotive Assembly—16.1 years.

Frank A. Harenza, sawyer-inspector at Lake Erie Press, Rod Mill—30 years.

Andrew Healey, security guard in Security Dept.—3.7 years.

Walter Kamienski, tool grinder in Screw Machine Tool Room, Metals Div.—30 years.

Daniel McCarthy, die polisher and saw sharpener in the Tube Mill—45 years.

Philip Napolitano, ball burnishing operator in Wet Roll—45 years.

John Pescetelli, productive helper in Casting—32 years.

Andrew Raeburn, Assistant Superintendent of the Casting Shop—39 years.

Joseph Rafferty, roller in the Rolling Mill—47 years.

Raymond Oliver, floorman in the Lacquer Room—32 years.

Matthew Ranaudo, strip plater in Plating—46 years.

Carmine Rosato, die maintenance-finish dies in the Rod Mill—32 years' service.

Ermilia Ruffini, assembler in Transmission Assembly—29 years.

Philip Sulkoski, roller in the Rolling Mill—32 years.

Margaret Vacca, miscellaneous machines and bench operator in the Blanking Room—46 years.

### Effective March 1, 1973

Anna Bleau, inspector-packer, Screw Machine Packing—36 years.

Gaetano Capaldo, annealer on roller hearth furnace, New Milford—32 years.

Susan DiLeo, miscellaneous bench and fixtures operator, Vernatherm Assembly—23.7 years.

Victoria Gilroy, clipping press operator in Forging—23.3 years.

Frank Kontout, machinist-machine builder in Experimental & Development, Attaching Mach.—45 years.

Josephine Lantieri, loader-unloader in Lacquer Room—44 years.

Forrest Lukenbill, maintenance man, Bldg. 112 Service—19.4 years.

John McCormack, toolsetter in Press Room—46 years.

Frederick O'Brien, forge press operator in Forging—32 years.

Charles Richards, guard in Security Dept.—32 years.

Joseph Shelley, scrap-puller in Rolling Mill—34 years.

Peter Spada, forge press operator in Forging—34 years.

Edward Walsh, truck driver in Transportation—32 years.

Thomas Moher, slitting machine helper in Rolling Mill, retired as of March 12, 1973—29.7 years.

## Your Social Security

Changes in social security enacted in 1972 have so significantly improved and modernized the S.S. program that we can say in truth that we have a new social security program—one that provides a new level of security to working people of all ages and to their families.

S.S. benefits have been increased substantially and they have been made inflation-proof. With the 20 percent increase enacted in 1972, following on the increases in 1971, 1970, and 1968, benefit levels have advanced by more than 70 percent. And the new law provides that benefits will rise automatically as the cost of living rises in the future.

Additional changes in both the cash benefit and Medicare programs will benefit the 28.4 million people now receiving benefits, and the millions more who will follow them:

—Older widows, whose benefits on the average have been lower than those of any other beneficiary group, now receive additional increases.

—Benefits for men will be computed on the more favorable basis that has been true for women.

—Higher benefits will be available for persons who work past 65.

—A special minimum benefit for the low-paid, but regular, worker under S.S. will assure a benefit of at least \$170 a month.

—People who work while they get S.S. checks will always be assured that the more they earn, the more total income they will have.

—More than 60 changes have been made in the Medicare program to improve and extend its coverage and to control costs. One important change, beginning in July, will bring Medicare protection to people under 65 who have been receiving S.S. disability benefits for two years or more.

In addition, legislation enacted on October 30 calls for the Social Security Administration to set up a new program of Supplemental Security Income for the needy aged, blind, and disabled.

Financed entirely out of general Federal revenues (not out of S.S. contributions), the new program will go into operation in January, 1974. During 1973, states will continue to make payments to the people now eligible under the current Federal-State public assistance programs.

Beginning in 1974, the new Federal program will provide a national uniform floor of income of \$130 a month (\$195 for a couple). In states where

### Quality Control Group Completes Course

Instructor Al Turner hands "certificate of completion" to Joseph Carey at final session of latest Quality Control Inspection course.

Scovill-made products have always been of the best quality attainable. To keep this record, and to maintain our competitive position in the industry, we must always keep on the watch for methods of improving even more the quality of our products. Basic and refresher courses are held at regular intervals for employees concerned with quality control within the plant.

Pictured above are members of the recent one-week course in Basic Quality Control Inspection which included orientation in the use of gauges and inspection methods.

Members of the class were:—

Apparel Fasteners Division:— Helen Bochicchio, Vivian Byrnes, Lois Jones, Rose Salvio, Dawn Sears

General Products Division:— Concetta Campi, Joseph Carey, Helena

Drauch, Gardena Egers, Barbara Gaffney

Metals Division, Forge & Screw Machine Section:— Cheryl Cloutier, Elizabeth Ney, Mary Ellen Reynolds, Jeanette Thomas, Catherine Vicenzi

Instructor for the course was Alvin J. Turner, Jr., Quality Control Manager of the Forge & Screw Machine Section of the Metals Division.

## Obituaries

1/31/73 Lazzaro Cherubini. Retired in February, 1954—Steam Dept.

1/31/73 James L. Whitney. Miscellaneous machines operator in the Kingsbury Dept.—22 years' service.

12/10/72 in Italy — Giuseppe Della Pietra. Retired in May, 1954—Waterville Foundry.

2/1/73 Gordon Signor. Senior Mechanical Engineer, Metals Engineering—38 years.

2/5/73 William J. Shanahan. Retired in April, 1963—Cosmetic Div.

2/12/73 Elizabeth McLroy. Production Control Clerk in B & S and Davenport—24 years.

2/14/73 Howard L. Taylor. Retired in August, 1969—Sanitation.

2/17/73 Cornelius Sullivan. Retired in August, 1950—Steam Dept.

2/25/73 Roland Sicard. Retired in July, 1970—Casting Shop.

2/28/73 James J. Hayes. Retired in December, 1963—Mfg. Eyelet Tool.

2/28/73 J. Albert Swindelle. Metals Division District Sales Manager, San Francisco—36 years.

3/1/73 Carmen Lovetri. Retired in October, 1972—Attaching Machine.

3/6/73 Carl Copeland. Retired in March, 1971—Blanking Room.

3/11/73 Luke Mercer. Retired in January, 1970—Casting Shop.

3/11/73 Bernard Kuntzweiler. Retired in October, 1966—Sanitation.

3/26/73 Edward Barlow. Retired in October, 1960—Plumbing Products.

## Rod & Gun Club

The first of the 1973 stockings at the Woodtick Reservoir will take place on Sunday, April 15th, at 11:00 a.m. when 700 brown trout will be placed in the waters. You're invited to come and bring the children.

Other activities include:—

Apr. 17—Monthly meeting

Apr. 21—Fishing Season opens

May 5—Children's Fishing Contest (at the swimming area)

May 19 and 20—Williams' Fishing Competition (members only may compete for prizes)

current assistance payments are higher, the Federal floor of income is intended to serve as a base to which the States can add in order to maintain existing payment levels.

Setback Tourney Winners

Tourney co-chairman Greg Crotty oversees a hand being played by 1st place winners Paul Leventhal (left) and Frank Petro (3rd left) and runners-up Frank Bogush (2nd left) and Al Lynch (right). Twenty-six two-man teams were entered in the Tourney held at SERA on March 6th.

## SPORT Shorts

*Ed Kazimir* has really been putting it together lately at volleyball; however, his timing is a little off on his spike and, now, so is the clock on our wall.

During last month's setback tournament, *Al Lynch* provided some fireworks as he surprisingly watched *Fred Wilson* play a Jack of Diamonds on his trump Two of Hearts. Even more surprised was *Fred* as he looked down only to see the Queen of Hearts still in his hand — oops!

Who in the world let a moose into the Electrical Department?

Congratulations to *Art Baker* for putting five Engineering teams into the setback tournament. Now, *Art*, concentrate on getting them past the first round.

Would you believe *Pete Bucari* bowling a singles *High* of 265? I wonder how *High* he got celebrating that one? Ha, ha, gotya!

Guess what—on April 31st a free champagne and steak lunch will be held at SERA with a little musical atmosphere provided by Lawrence Welk—April fool. Gotya again!

### Softball

Softball will be starting soon, so start recruiting and practicing. If you wish to play, call the Employee Activities Office, Ext. 834.

### Basketball

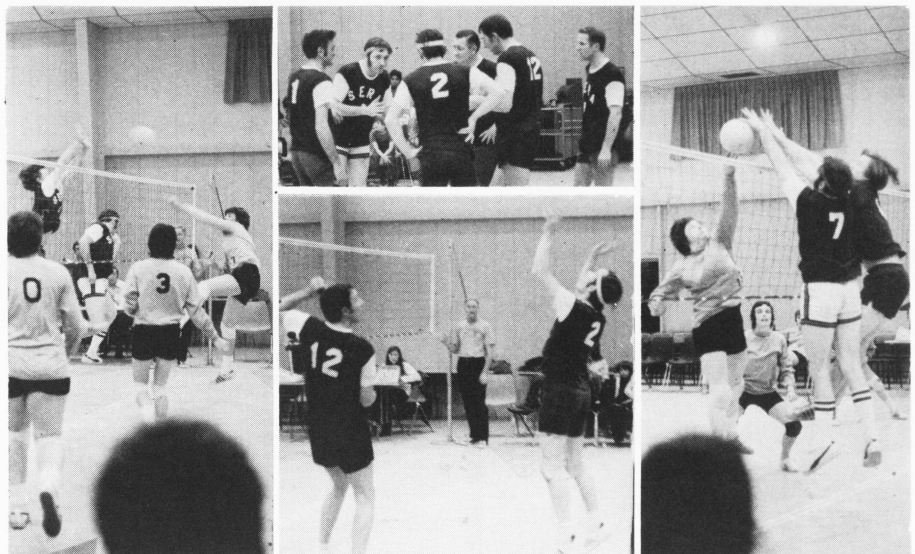

#### Final Standings

- 1st place — Packing B
- 2nd place — Wire Mill
- Consolation — Strip II
- Consolation — Rod Mill

### Fishing Competitions

Mr. Selden T. Williams, retired Scovill president and chairman of the board, has established the "Williams Fishing Competitions" for Scovill fishermen this year.

A series of competitions will be set up during the fishing season and a prize to the best fisherman will be presented at the Rod & Gun Club's annual banquet at the close of the season.

### And Then It Happened!

'twas another great night of volleyball for everyone at SERA on March 2nd. Joan Joyce and her 'Clippers' demonstrated their power volleyball skills which have made them the No. One women's team in New England.

However, on this evening, there was to be no easy game for them as the resistance at the net was fierce.

## Meet The Dodgers At SERA April 19

Hank O'Donnell, popular sports editor of the Waterbury American, will be Master of Ceremonies at the "Welcome Waterbury Dodgers" night to be held at the SERA on Thursday, April 19th.

The evening's program, starting at 8:00 p.m., will include a film on baseball as well as introduction of the management staff and the players of the Dodger Baseball Team.

Tickets are available at the Employee Activities Office.

## Carriage Show At Woodtick

A special treat is in store for Scovill employees, their families and friends on Sunday, June 10th, at Woodtick, starting at 9:00 a.m.

Coming from states near and far, will be horse carriages of all descriptions and sizes, with their ladies and gentlemen dressed in period costumes; there'll be horse-hitch competitions between one, two and three pairs of horses as well as a 6-pony hitch; there'll certainly be color, pagentry and entertainment for all.

The blocks were many and the points came hard — until the fourth game. After losing efforts of 15-7, 15-12 and 15-10, the Scovill men's team put it all together with a winning effort of 16-14! How sweet it is — it just makes a coach beam with pride!

Friday volleyball concludes this season on Friday, April 13th.
