

SCOVILL BULLETIN

Sept.—Oct., 1973

Published by Scovill Manufacturing Company for its Employees

August Suggestion Awards

Top, left:— \$702 to Michael Cicchetti, Forge Shop

Suggestion Systems Manager Tony Mazurkivich (right) listens with interest as Mr. Cicchetti explains his suggestion on holders for electrodes in the EDM process which result in reduced set-up time and savings in jig grinding costs by eliminating necessity of making new jigs.

Top, right:— \$256 to Genero Cocchiola, Manufacturing Eyelet Tool.

Mr. Cocchiola describes for Asst. Foreman Cavallero his suggested method for setting the blanking punch which enables blanks to be cut closer to each other, thereby using less metal for order completion.

Other Suggestion Awards

\$168—Walter Serben, Rolling Mill

\$72—Donald Margison, Rolling Mill

\$35—Henry Karpovicius, Rolling Mill

\$35—Donald Margison, Rolling Mill

Bottom, left:— \$210 to Gabriel Battaglia, Repair Room

Factory Superintendent Anthony Cugno heartily approves Mr. Battaglia's suggested method for faster salvaging of air motor assemblies, enabling 90% of parts to be used over.

Bottom, right:— \$184 to Richard Renkun, Wire Mill

Mr. Renkun describes his suggested wire salvage operation, which prevents scrapping of wire, to Mr. Mazurkivich.

United Fund Drive In Scovill Plants

**"Thanks To You —
It's Working"**

With your fair share contribution to the United Council and Fund of Greater Waterbury, you will help to raise the necessary funds for 31 health and welfare agencies to carry on their work of serving people in the area.

The annual campaign for funds is being conducted in Scovill now.

As in previous years, the Scovill drive is a joint Management and Union effort and is being conducted on a divisional basis.

In-plant co-chairmen are Fred Wilson, of the Employee Activities Office, William Baker, Casting; Harry Duren, Jr., Rolling Mill; and Clif Shannon, of Transmission Assembly.

Divisional co-chairmen, representing Management and Local 1604-UAW, are as follows:—

Apparel Fasteners Div:— Gary Hall, Mary Ellen Fitzpatrick and Arnold Pernerewski

Finance:— Malcolm Todt

General Products Div:— Rudy Manetti, Fred Moscariello, Thomas Gifford, Joseph Aureli, Helen Johnson, Joseph Fabiano, Everett Winston and Edward Zukauskas

Hamilton Beach Office:— Dee Karsarda

Mfg. Room Clerks and Payroll Office:— John Baltrush

Metals Div:— Raymond Ditoto, Albert Lupica, Nicholas D'Andrea, Frank Miller, Lester Kucherav

Waterbury Services:— Francis Maturo, Charles Pechalonis

**Thanks to you
it's working**

Enjoy Your Retirement

(Editor's Note:— the following editorial by Don Oakley of the Newspaper Enterprise Association is appearing in hundreds of newspapers across the nation. Because of its timeliness and the fact that it is Scovill employees who made our "Looking Forward to Retirement" program such a success, we feel all employees can take pride in knowing that their program is being used by the State and other companies throughout the country as the pattern for setting up their own programs.)

It's possible to take lessons in almost anything nowadays, from painting to preserving peaches to playing a recorder (the ancient musical instrument).

Name it and someone in the community can teach you, often with no tuition.

There is one notable exception: Virtually no one gives a course in how to prepare for living in retirement.

Many retirees discover they don't know what to do with the never-ending days they suddenly have stretching ahead of them.

Not having to get up every morning to go to work loses its appeal after a couple of weeks. Rare is the man who can happily spend his time doing nothing, or playing golf or fishing — or getting under his wife's feet.

When enforced leisure becomes the reality and not the dream, boredom and depression often set in.

One state is doing something about this problem.

Early this summer, Connecticut established an Office of Pre-Retirement Education, believed to be the first in the country.

Funded with \$50,000, it will develop a program to ease the way into retirement, modeled after a successful pre-retirement program conducted since 1964 by Scovill Manufacturing Company in Waterbury and Local 1604 of the United Auto Workers.

Hundreds of employees of this diversified manufacturer and their spouses have completed the eight-session course in which, with the help of trained leaders, they explored such topics as health, financial planning, leisure, Social Security, Medicare, legal problems, living arrangements and nutrition.

The new state program will cover much the same ground.

None of these concerns is unique to Connecticut, of course. Thus, its pre-retirement education program could become a model for other states.

At Sept. 12th Blood Donor Day

Board Chairman Malcolm Baldridge, also a donor, congratulated three young men who are well known at Scovill Blood Donor Days.

Frank Miller (standing, left) who has served on the committee for each Blood Donor Day involving the Metals Division, is working toward an 8-gallon donor pin; Joseph Wolff (right) is also a 7-gallon and over donor.

Tom Turner (center) of the Rolling Mill, recruited 58 volunteer blood donors for this visitation of the Blood Mobile Unit to Scovill.

Mrs. George Gorman was one of the volunteer registered nurses assisting in the day's program.

The September 12th Employee Blood Donor Day attracted 172 volunteers, with 148 pints of blood collected. Sponsors for the day were the Metals, Finance, Executive and Waterbury Services divisions. Special gallon pins were awarded to:

- 6-gal Frank Noack
- 5-gal Joseph M. Santora and Russ Gagne
- 4-gal Anthony Brooks and Robert M. Parson
- 3-gal James Burns and Anthony Mazurkivich
- 2-gal Edwin Teller, Earl Carrington and Albert Cortigiano
- 1-gal Christine Kazersky and Michael Angelicola

Eastern Standard Time

Eastern Standard Time will go into effect officially in the state of Connecticut at 2:01 a.m. on Sunday, October 28th.

At about that time, all clocks in the Waterbury divisions will be set back one hour.

New Assignments

Automotive & Fluid Power

Richard Stannard—Manager of International Operations

Finance

Louis Bruno—Manager, Pension and Retirement Funds

Robert Jaffe—Senior Financial Analyst-Supervisor Accounting Section in the Financial Dept.

Barry Schumaker—Manager, Management Information Services Dept.

Anthony Sebastian—Manager, Payroll Services

Malcolm Todt—Manager, Cash and Banking

General Products Div.

Ivie Corrigan—Assistant Foreman, Forge Shop

Hamilton Beach Div.

Daniel Zaccagnino—Merchandising Specialist

Metals Div.

John G. Hastings—Production Control Manager, Rolling Mill

Douglas F. Woods—Production Coordinator, Brass Sheet-Rolling Mill

Plant Engineering

Allan M. Steel—in addition to his duties as a hydraulic engineer, is responsible for the supervision and operation of the waste treatment plant.

Trip To Aruba

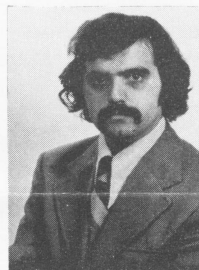

There are still a few reservations available for the SERA-sponsored fall vacation trip to Aruba.

The trip is scheduled for October 19-26th.

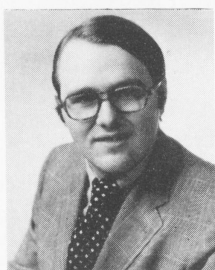

For further information, call the Employee Activities Office, Ext. 834.

Training Course

MACHINIST. Robert Guerrera was graduated as a machinist as of August 13, 1973, and has been assigned to the East Machine Rm.

Connecticut's First C.M.A.

Malcolm S. Todt, C.M.A.

Malcolm S. Todt, Manager—Cash and Banking, has been awarded a Certificate in Management Accounting by the Institute of Management Accounting of the National Association of Accountants.

By passing the five-part examination and meeting the educational and professional requirements of the Credentials Committee, he becomes the first Certified Management Accountant in Connecticut, and one of only two in New England.

The two and one-half day written examination was offered for the first

time by the Institute in December, 1972, with over 400 in the United States sitting for one or all of the five parts. The Institute states that the C.M.A. program is designed to enhance the professional status of the management accountant. Its objectives include the identification of the body of knowledge important to management accounting and the recognition of the individual management accountant.

Mr. Todt joined Scovill as a financial analyst in 1968 after graduating Magna Cum Laude from Babson College with his Master's degree in Business. In 1970, he became controller of Dominion Electric Corp. (a Scovill subsidiary in Mansfield, Ohio). He returned to Waterbury in early 1972 where he is responsible for corporate cash management transactions, cash mobilization programs and banking and bank account relations as well as being involved with other Treasury Dept. functions as assigned, including Working Capital and Capital Appropriation control programs.

Service Awards

Wm. Higginston Steam Dept.

9/18 **Paul Pezik, Jr.**, Lacquer

9/24 **Neil Colucci**, Rod Mill

9/29 **Anna McGrath**, Automotive Assembly

Safety Shoe Fitting Program

The Safety Shoe fitting program was completed during the week of August 13, 1973. Safety Department personnel were pleasantly surprised to find only 300 employees ordering shoes. This indicates the majority of Scovill people have been wearing foot protection long before it became mandatory in specific areas.

Employees having shoes on order will be notified through their department when the shoes have arrived. They may be picked up at the Safety Dept., Bldg. 150, 2nd floor, Room 4, Monday through Friday, between 8:00 a.m. and 5:00 p.m.

We suggest you wear the shoes at home, on the carpet, for a few days to insure they fit properly. This will enable our Safety Department to return improperly fitted shoes to the manufacturer without problem. The shoes should fit comfortably. If not, return them to the Safety Dept. immediately.

John Machin, newly hired in the Load Leveling Department, is fitted for safety shoes in the Safety Department by Martha Ratushny.

Girls' Club News

By Irene Owens

Well, another year is rolling around and our committees are really working on plans for your participation. Remember, if you have any suggestions for activities, let your nearest Council member know—or give me a ring—at Ext. 2361. We're always open for new suggestions.

The Bowling League got off to a happy start on Sept. 6th, but there is room for more bowlers. It's at Sena's Alleys on North Main St., on Thursdays from 5 to 7 p.m. Pat Woods says bowling three strings is just enough to loosen up your muscles so that you can join the Thursday nite down-town shoppers. Call her at Ext. 2334 if interested in bowling.

Evelyn Smoil and Pat Woods report their committee has plans for a "Halloween-y" card party on Tuesday, Oct. 30th, with door prizes and a penny auction. "Halloween-y"? Sounds as tho there should be some excitement. Come on, let's join them and see what they're up to.

We had to go to press before the Sept. 17th Council meeting, so we'll have to wait for the next BULLETIN and flyers to tell us about Christmas activities plans.

Our "trip" gals—Mary Byrnes and Ceil Terry—are doing a tremendous job. We hear their latest had two busses going to the Coachlight Dinner Theatre in East Windsor last month for a most delicious meal and enjoyable show. Understand they're working on setting up another Winery trip before winter as well as trips to New York and Boston. Watch for flyers.

FLASH! Word has just been received of a planned bus trip to the Coachlight Dinner Theatre in East Windsor for Sunday, November 4th. The show, "Sweet Charity" features Gill Corey and Ron Holgate.

Scovill Group - A. A.

Meetings are held each Sunday evening, at 6:30 p.m. at the SERA.

All employees and members of their immediate families who are now members of A.A., or who have a drinking problem, are invited to attend.

Further information may be had by contacting a member of the Scovill Alcohol Program Committee: Dr. A.J. Canzonetti, Roger P. Rose or Emil F. Howes.

W. I. S. E.

In order to help eliminate and control the problem of solid waste and land-fill operations, Waterburians Interested in Saving the Environment started a program of recycling newspapers.

They urge citizens to save newspapers and deliver them to Mattatuck Community College on Harvester Road (off South Main St., near Everybody's Market).

The papers will be picked up for recycling from this location once a month—October 6th, November 3rd and December 1st.

Remember—the manufacturing of one ton of newspaper stock requires seventeen trees!

Retirements

Effective August 1, 1973

Elizabeth Audietis, hopper feed dial operator in Apparel Fasteners-Finish, Assembly and Pack—28.9 years' service.

Katherine Crean, bench press operator in General Products Packing—24.2 years' service.

- 16) Charles Rimkus, General Products Tool, 46.8 years—with Manufacturing Director Norman Schaffer, Foreman Harold Henricksen and Tool Superintendent Lee Krake.

Hamilton Beach Introduces New Products

Among the new Hamilton Beach products being introduced this fall are four new Cleanstream™ irons, including three that self-clean; the fantastic Fantastics™ versatile cooking units that can also be used as slow cookers; a new line of "Toast 'N Boast" toasters, de-

signed for every toasting desire from bread to pop-tarts; a floral designed baconer; and Butter-Up corn popper.

In personal care, there are two new portable hair dryers, multi-featured, plus the "Boomerang" untangler modeled above by Linda Burritt of Addressograph.

Scovill Products Featured on TV

A Scovill corporate information campaign is being assisted this fall by football great Joe Namath, together with New York Jets teammates Emerson Boozer and Winston Hill and arch-rival Pete Athas of the New York Giants. In a corporate TV commercial, the muscular quartet collaborates on stitching a needlepoint rug.

Starting with the New York Jets-Green Bay Packers NFL football game on September 17th, the corporate commercials will be seen on network TV through mid-December.

Divisions and products highlighted are Hamilton Beach portable electric appliances, NuTone products for the home, Dritz sewing accessories, Schrader tire valves and Scovill apparel fasteners.

Russ Gagne Elected SERA President

At a meeting of the newly elected Board of Directors, held on September 11th, Russ Gagne of Attaching Machines was elected president of the Scovill Employee Recreation Association.

James Spann, Chucking, was elected vice-president; Ruth Peterson, of the Employee Activities Office, was again appointed secretary-treasurer.

At the annual membership meeting of the association, held on September 11th, fourteen members were elected to the Board of Directors:—

Patricia Albino, General Products Quality Control; Henry Anderson, New Milford Tube Mill; Frank Bogush, Gripper Eyelet Tool; Edward Borowski, Carpenter Shop; John Capone, retired group representative; Emma Daffin, Load Leveling; John Deegan, Gripper Eyelet Tool; Carmen DiMaria, Electrical Maintenance — East; Russ Gagne, Attaching Machines; Les Kucheravy, Electrical Maintenance—East; Henry McGee, Sewing Notions — Watertown; Conrad Sansoucie, Industrial Engineering; James Spann, Chucking; and William Baker, Casting Scrap.

Alternates elected were:— Thomas O'Dea, Tool Superintendent's Office; Norman Johnson, Rolling Mill; Helen Johnson, General Products Quality Control; and Charles Pagano, Hardening Room.

Adult Dance Class

Classes are now being conducted for dancers of any level. Every Wednesday at 8:00 p.m. in the SERA.

Paul Sabol, while attempting a double play, was taken out of the play and thereby became airborne. Great effort, Paul, but we're going to have to work on your landing—what a mess when you hit the ground!

John Quadrato started the softball season like a ball of fire, his stick was so hot his team was going to retire his number. But, after choking in the playoffs, word has it that John may be retired. Good defense, tho', slugger!

Would you believe that Kathy Kearney is a cowgirl? You ought to see her desk—it's an udder disaster!

SERA Board Elects New Officers

Selected by the newly-elected Board of Directors to head the SERA for the coming year are:— Vice President James Spann of Chucking, Secretary-Treasurer Ruth Peterson, Employee Activities Office, and President Russ Gagne of the Attaching Machines Department.

Rod & Gun Club

S.T. Williams

We are most proud to announce that this year's fishing competitions are being sponsored by Mr. Selden T. Williams, retired Scovill Board chairman and long time champion of the Rod & Gun Club.

An avid sportsman, Mr. Williams has endeared himself to our members by his interest in our activities and his attendance at our banquets where he was sure to delight all with beautiful color movies of his hunting expeditions and exciting tales of his experiences. He's had some mighty fine fishing trips also.

Our congratulations to Harold Slocum who posted a score of 780-22x's to win the New Jersey Rifle Championship last month. He recorded an outstanding total of 200-8x's in the rapid fire bracket at 300 yards.

S.T. Williams Fishing Competitions

3rd contest—Sat. & Sun., Oct. 13, 14

4th contest—Sat. & Sun., Oct. 27, 28

Contestants may fish either day of each contest, but not both days. Time:— 6:00 a.m. to 5:00 p.m.

Boats will be reserved for contestants until 9:00 a.m. on a first-come, first-served basis, with a limit of three persons per boat.

Catches over 10" should be registered.

Coming Events

Friday, Oct. 12—2nd stocking of Wood-tick

Thursday, Nov. 8—Fall banquet, at SERA Hall

Sunday, Nov. 11—Annual turkey shoot, at the Rifle Range

Monthly meetings are set for Tuesdays, Oct. 16, Nov. 13, and Dec. 18, at the SERA Hall.

Bridge — Chess

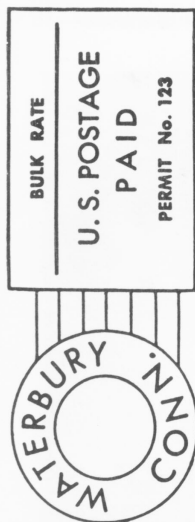

The Scovill Duplicate Bridge Club is open to employees, family and friends— Monday at 8:00 p.m. Different levels of lessons are available.

Chess—Every Tuesday at 7:00 p.m. Men and women are invited to join.

Softball Results

In the semi-finals:— Office defeated the Electrical Dept. two straight (12-5 and 8-5) and Packing B defeated Strip Mill II two straight (27-5 and 15-5) to enter the finals.

Office then proceeded to take command and defeated Packing B two in a row (15-9 and 4-2) to again finish a season as Softball Champions of Scovill. Congratulations, men!
